From (Name) The Hon'ble Mr. H.S. Duncan, M.A.

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

I have the honour to submit for the orders of Government petition dated 22nd August 1918 from Muhammad Abdul Hameed.

2. The applicant who is a member of the Arcot family took a second class in Mental and Moral Science in the B.A. Honours Degree Examination. He wishes to proceed to England to pursue his studies and requests a special scholarship to enable him to study at Oxford for two years.

3. The applicant's case was referred to the Paymaster, Carnatic Stipend, for remarks. He supports the application and recommends a special scholarship similar to the one granted to Muhammad Abdul Azim in G.O.No. 31 Home (Education) dated

8th January 1917. The petitioner is also highly spoken of by the Professors in the Christian College under whom he worked. The Honourable the Prince of Arcot and the Honourable Mr. Yakub Hasan have also written on his behalf.

4. Under these circumstances I concur in the Paymaster's recommendation and submit his case for the favourable consideration of Government.

I have the honour to be,

Sir,

Your most obedient servant,

R. A. Arave.

From

THE PAYMASTER, CARNATIC STIPENDS,

MADRAS,

To

The Director of Public

Instruction, Madras.

Sir,

(With 8 Enclosures)

In returning herewith the petition from Abdul Hameed B.A. (Hons) sent with your letter Ref. on C. No: 7563 dated 6th Sept 18, I have the honour to inform you that the applicant is a member of the Prest Family, his father, Muhammad Abdul Khader Akhtar Sahib Bahadur Deputy Superintendent of Police, Vellore, being the grand son-in-law of Prince Azimjah Bahadur.

2. From the testimonials sent with the application, it would appear that the applicant is likely to make good use of an opportunity for study and research work in an English university but you would of course be in a better position to judge of this than myself. I recommend that

that a suitable Scholarship for a period
of two years similar to the one granted
to Mr. Muhamad Abdul Aziz Sahib
in G.O. No: 31 Home (Education) dated
8th January 1917, may be granted to
the present applicant also.

To

The Director of Public Instruction,

MADRAS.

Honoured Sir,

I beg to submit a statement of the following facts for
your kind perusal and request you will be so good as to favourably
consider them.

That I am a member of the Carnatic Family being the son
of Mr. A.K. Akhtar Sahib Bahadur, M.R.A.S, Deputy Superintendent
of Police, Vellore, and grandson of the late Khan Bahadur Abdul
Ghani Sahib Bahadur, F.M.S. Deputy Collector (by direct appointment),
grandson of His Late Highness the Walsajah the Nawab of the
Carnatic.

That I have passed the B.A. (Hons.) Degree Examination
of the Madras University and desire to proceed to England for
further study and research at Oxford for a term of two years. It
has been my life-long desire to take up teaching as my profession
and I feel an inward call to serve and to be useful in that
direction. In fact it was only for that purpose that I took up
the Honours Course.

That I am the first Honours graduate of the whole
Carnatic Family and was placed in the second class which position
I was the first Honours graduate to secure in my subject in the
Muslim community; and that I had to be absent from College during
the final year of my Honours course for over 3 months in connec-
tion with the training in the I.D.F.

That my father cannot bear the expenses of Foreign
studies himself and I therefore rely on the most benign Government
for Necessary help towards the realisation of my greatest desire
which is to qualify myself for advanced teaching.

That the present condition of the Carnatic Family and
its past history and our attachment and unswerving loyalty to the
Crown and also the present need for muslims in the higher branches
of the Educational Service are in support of my petition.

2
6
That in view of the fact that there are at present only two Muslims in the higher Educational Service in this Presidency and also of the fact that no distinguished Muslim graduate of the Madras University has been sent for research to England and consequently of the entire lack of Mussalman Professors in this Presidency, my claims to a foreign scholarship may be considered.

That if the Government cannot sanction a scholarship I may be, appointed to the Provincial Educational Service and later I may be allowed to proceed for further studies to England at any time the most benign Government may think fitting.

I will feel highly grateful if you will be pleased to recommend my humble petition for the consideration of the most benign Government.

I am enclosing copies of some of my testimonials for your perusal.

I beg to remain,

Honoured Sir,

Your most obedient servant,

Abdul Hameed

Madras, 23rd August 1918.

Mr. Abdul Hameed was a student of this College for three years (1916-18), during which he underwent the B.A. (Hons) Degree course in Philosophy. HE passed the Honors Degree Examination in that subject this year, in the Second Class, a result all the more creditable to him as he spent three months of his final year in undergoing training in the Indian Defence Force. I must leave it to the professors of his special subject to speak of the quality of his work as a student. I can only say that having had frequent occasion to meet him, I was greatly attracted by his character, his modesty and friendliness, the gentlemanliness of his manner, the honesty and directness of his purpose. I shall be glad to hear either of his obtaining a Government Scholarship in order to enable him to proceed to England for further Philosophical study or of his obtaining an appointment in the Provincial Educational Service.

P r i n c i p a l .

22nd August 1918.

It affords me special ^{pleasure} to testify to the high regard in which I hold Mr. Md. Abdul Hameed. I have seen a good deal of him in the course of his curriculum at this College, not in the class-room alone but in more personal and informal ways as well, and I had come to think so highly of his character and his generous instincts that it was no surprise to me to learn that he had responded to the Empire's call by enlisting in the I.D.F. although it entailed absence from College for a considerable part of his all-important final year of study for the Honours Degree Examination - a sacrifice of a kind for which one has found few Indian Students willing.

Owing to special circumstances arising out of my own absence from College on medical certificate for the major part of the last academic year I had no personal opportunity of testing Mr. Abdul Hameed's college work last academic year; but in the preceding year when I was in tutorial contact with him his work was always painstaking and reflected his keen Philosophical interest, and as an Honours examiner of the Madras University I have since had the opportunity of reading a large proportion of his answer papers in that examination and of hearing the estimates of his work by my colleagues on the Examining Board. I have thus had the pleasure of ascertaining that he has developed in a most promising way in the last year of his course. In his answers to the questions of what constitutes a very broad and searching examination test he displayed not only a considerable acquaintance with the many subjects examined on, but a vigour of treatment, an open-minded interest and a modest self-possession of judgment that were very pleasing features. I consider that the rank which he obtained in the examination, viz. Second Class Honours and sixth equal in order of merit among twelve successful candidates was entirely deserved and is especially creditable in the case of one whose period of training in the I.D.F. deprived him of three months of his final year of class attendance.

I understand that one of Mr. Abdul Hameed's ambitions is to have an opportunity some time of prosecuting his philosophical studies further at Oxford, and I shall be glad if the way should

16
open to an accomplishment of this desire, for in addition to his mental qualifications he possesses an honesty of thought and a steadiness of purpose which are - particularly in philosophical study - of more vital importance, in my judgment, than mere intellectual quickness.

I have known Mr. Md. Abdul Hameed for nearly five years; and for the past three years he has lived in very close contact with me in this Hostel. It gives ^{me} the great pleasure to say that I have formed a very high opinion of his character. He has the instincts and training and character of a gentleman. I have never known him do anything deserving my disapproval, and on many occasions and in many ways he has gone out of his way to do useful and valuable piece~~t~~ of service in the common life of the Hostel. I believe him to possess unusual honesty of mind and uprightness of character. He has very considerable intellectual gifts, and uses them in the fearless pursuit of truth. There are few men of my acquaintance whom I would more willingly have as a colleague.

Wesley College,

23rd Aug. 1918.

I have known Mr. Abdul Hamid for the last five years, and have watched his progress with considerable interest. When he was in the Intermediate class of this college, I was struck by his thoughtfulness, his independence of judgment and his gentlemanly reserve.

After he had passed the Intermediate Examination I felt justified in recommending him to the College Council for a continuation Scholarship to the Christian College, and to the Principal of that college for admission to an honours course for the degree. His success in the degree examination shows that he has fulfilled the promise of his Intermediate course.

During his three years in the Christian College he has resided in our Hostel and I have met him from time to time and have been impressed by his earnestness of purpose, his wide reading and his intelligent outlook upon life, and I believe he has gained more than most students the true end of a University education - sanity, culture and a high ideal of character, qualities that more than ever will be needed in the coming days in India.

I understand that he is applying for a scholarship to enable him to continue his studies in England. From the standpoint both of ability and character I am sure he is worthy of it and the fact that he is the first member of the Carnatic family to obtain an honours degree is an additional reason. If he were to spend a few years in England and then return to India as a professor I believe he would exercise a quiet but strong and healthy influence over his students.

It is a pleasure to be able from close observation to speak so highly of a former student of this college; but he is worthy of the best that one can say.

My dear Stone,

Will you be good enough to let me introduce to you by this letter a student of ours, Abdul Hamid, who has recently taken his degree. He has gained a good place in the second class of the Philosophy Honours degree: & he is a member of the Carnatic family. His turn to undergo training in connection with the I. D. F. came in the middle of his last term, but he made no demur & went on with it. We

14
thought that he would hardly
manage horses with this break of
three months, but he belied our
fears. He has an application to

be his own best recommendation.
He has a good head & the manners

Amrur Mahal,

Madras 22nd August 1918.

Dear Mr. Stone,

I have great pleasure in introducing to you Abdul Hameed B.A., (Hons) who is the first and only member of the Carnatic family who has passed such a high Examination and has secured a high distinction in the examination. I have known him to be keenly interested in higher education. He is a young man who was the first to enlist in the I.D.F. from among the muslim youngmen during the last year of his difficult course and having been under training secured a high distinction in the examination, as will be seen from his professor's certificate.

He deserves to have opportunities for further studies in England in doing research at Oxford for 2 years. As no muslim Graduate has yet been to England for research

work from Madras, after taking such a high degree not to mention the Carnatic family. I have great pleasure ⁱⁿ endorsing his claims for a scholarship for 2 years. For I believe that youngmen of his type deserve to be encouraged. But, if war conditions should either delay or prevent the award of such a scholarship, he may be appointed to the P.E.S. for the present. I wish to add that as there are few muslims in that service and of the Carnatic family, his claims may be fully considered in view of his being a member of the Community, as I am sure Government will be very willing to help the deserving members of the family if they come forward.

I am confident you will doubtless encourage the youngman and shall be thankful if you will recommend to Government that he may either be given a scholarship or appoint-

ed

16
to the P.E.S. which act of kindness will be gratefully remembered by the family.

Yours sincerely

I saw Mr Abdul Hamid yesterday. He seems to be genuinely interested in study for its own sake & to be anxious to proceed to Oxford more to sit at the feet of the professors whom he has read of than with the object of ulterior gain. He talks of eventually entering the Indian Educational service, but his primary object seems to be to pursue his studies in philosophy, & esp. psychology.

He struck me as a rather unusual young man, with more individuality than is common in Indians, able to think for himself & not merely repeat what he has read. He did very well in the BA (Honours) Exam, being I think 6th in the 2nd Class. His College testimonials rather suggest that he is out of the common, not so much in mere ability, as in character.

I should be rather inclined to recommend him for a spl. scholarship. He is the first member of the Carnatic family who has ever taken the Honours Degree I believe. I gave him a note to Mr Duncan but do not know the result.

It is however doubtful whether these remarks ^(of the Govt of India) would apply to the case of ^{private} scholars like Abdul Kameed referred to above. Art 1121 A of the C.S. R would seem to apply to Govt officers alone. The A.G. may, however, be consulted as to whether the local Govt can sanction the grant of second class passage to Abdul Kameed.

Article 1121-A of the Civil Service Regulations appears under the section headed "Journeys occasioned by leave or retirement". In my opinion this shows that the rule applies only to the case of individuals who are already in the service of Government.

2. I understand that, in the case of the two ladies referred to in the note above, it was intended that they should be selected from individuals already in the service of Government, in which case Article 1121-A would have applied to the grant of a free passage to them.

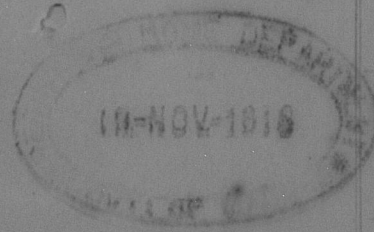

3. I do not think the rule is intended to restrict the payment of travelling expenses to State scholars from India to England, except when they are already holding appointments under Government.
