Abstract.

19-10-18

Building with the sum of Rs.55,682/- now available

Approving with remarks the plans and estimates for the construction of a new building for the municipal high school, Walajapet.

Rs.10,777/- When the amount is thus almost fully utilised,

the question of making a further grant of Rs.13,364/- from

Provincial funds - Rs.10,777/- for works and Rs.2,587/- for

meeting centage charges, will be considered.

Local and Municipal DEPARTMENT.

G.O. No. 1615 Mis., dated 11th October 1918.

To The Chairman, Municipal Council, Walajapet. READ the following papers:-

Again G.O.No.362 Home (Education), dated 18th March 1918.

From the Chairman, Municipal Council, Walajapet, No.138, dated 9th February 1918.

From the same officer, No.-do- dated 24th February 1918.

Note by the Chief Engineer, No.93 D, dated 14th May 1918.

From the Chairman, Municipal Council, Walajapet, No.138, dated 25th May 1918.

Order.-

The Government approve the plans and estimates amounting to Rs.55,682/- for the construction of a new building for the municipal high school, Walajapet, subject to the remarks of the Chief Engineer contained in his note read above. The plans and estimates are forwarded to the Public Works Department for technical sanction and for arrangements being made for the execution of the work.

2. A grant of Rs.52,000/- was sanctioned in G.O.No.362 Home (Education), dated 18th March 1918, to the Walajapet Municipal Council in aid of this work. An additional grant of Rs.3,000/- will now be sanctioned for the work in the Home (Education) Department. The balance of the cost should be met by the Council from its own funds.

3. The Council is requested to place the whole amount of

Subject: Revised plans and estimates for a building of Rs.55,682/- at the disposal of the Public Works Department.

4. Under G.O.No.411 Financial, dated 21st May 1918, communicated with Endorsement No.3484-1 L., dated 22nd June 1918, the Council will have to pay a charge of 24 per cent on the outlay on this work to cover the charges on account of establishment and tools and plant. With the sum of Rs.55,682/- now available it will be possible to carry out works to the extent of Rs.44,905/- and meet the centage charges thereon amounting to Rs.10,777/-. When the amount is thus almost fully utilised, the question of making a further grant of Rs.13,364/- from Provincial funds - Rs.10,777/- for works and Rs.2,587/- for meeting centage charges - will be considered.

19.10.18

Subject. Revised plans and estimates for a building for the municipal high school, Walajapet.

From the C.M.C., Walajapet, No. 138, dated 24-2-18.

Register No. 1684 M.

Please see the notes and orders in G.O. No. 2196 M, dated 20th December 1917. The Council now submits revised plans and estimates amounting to Rs. 56,000 for the high school building, which have been approved by the Superintending Engineer. The revised estimate is in excess of the amount (Rs. 52,000) prescribed by Government, by Rs. 4,000 which the Council proposes to meet from its own funds. The Council's finances are not quite sound, the average annual surplus during the 3 years ending 1916-17 being only Rs. 491. Its budget for the current year is expected to close with a balance of Rs. 3,600 under general funds. In these circumstances it is not known how the Council will meet the excess of Rs. 4,000 referred to above. Submitted that the Council may be asked for a very early report on the point. It may also be asked to state whether it desires to get the work executed by its own agency or by the Public Works Department.

2. A draft memo is submitted for approval.

3. After issue, the file may be forwarded U.O. to P.W.D. through Home (Education) for an early scrutiny of the revised plans and estimates.

C.No.3713 M, from the C.M.C., Walajapet, No.138, dated 25th May 1918.

With regard to the additional cost of Rs.4,000 involved in the revised estimate, the Council requests

that it may be allowed to utilize on the proposed building the unspent balance (Rs.3,300) of the grant of Rs.5,600 sanctioned in G.O.No.26 Edl., dated the 8th January 1915 for elementary school buildings. It undertakes to meet the balance of Rs.700 required from its own funds. In view of the poor finances of this Council, the Government need not object to the proposed diversion of grants. The remarks of the Home (Education) department may be obtained U.O. in the first instance on this proposal.

2. The Council also requests that the work may be executed by P.W.D. That department may be consulted on this point, on return of the file from Home (Education).

7-6-18.

D.P.I. U.O.

Office of the D.P.I.

The longer the building is put off the more expensive it will be. I do not however like either the diversion of funds from elementary school building to secondary nor the omission of the wall which appears to me to be false economy. I suggest that the subsidy be increased by necessary sum which can easily be met from the portion of the 5 lakhs which we are certain not to be able to ^{spend} ~~save~~ in the current year.

J.H.S.
15-6-18.
Home (Education) Department U.O.

The Government of India have stated that the Imperial recurring grant of 5.50 lakhs may be utilized upon both recurring and non-recurring objects connected with the primary education of boys and girls, including the inspection of primary schools and the training of teachers of such schools as well as on the establishment of provident funds for teachers in non-pensionable service. It may not be proper to utilize any portion of this grant for secondary school buildings. In view, however, of the fact that it may not be possible as observed by the Director to spend the entire amount in the current year on objects solely relating to primary education, it is for consideration whether a sum of Rs.3,300 may be sanctioned for the Walajapet school from the Imperial grant with the concurrence of Financial. On the other hand, if it is desired to follow literally as far as possible India's instructions, it is submitted that the Municipal Council may be permitted to divert the sum of Rs.3,300 granted for elementary school buildings and that a corresponding amount for the latter may be sanctioned from the Imperial grant.

S.A.
17-6-18
N.K.
18-6-18

We have a provision of 1.87 lakhs for secondary school buildings in the current year's budget. If the amount in the hands of the Municipal Council - (Rs.3,300) out of previous year's subsidies for elementary school buildings is not to be diverted for the high school, the balance required for the latter (Rs.4,000) may be sanctioned from the allott. of 1.87 lakhs, as being the legitimate source from which it should ordinarily be met. If, later on, this allotment is found insufficient for the proposals formulated, it will then be time enough to consider the question of diverting any portion of the Imperial grant of 5.5 lakhs for the "development of

A

primary education." Financial may be consulted.

C.R.

20-6-18.

D.P.I. U.O.

Office of the D.P.I.

I do not think that there is any objection to the course proposed at A. From conversations I had at Simla with ^{Sir} Sankara Nair and Mr. Sharp I gathered that India was not likely to object to any reasonable way of spending money from grants that cannot be spent in the first year on their specific objects.

J.H.S.
21-6-18.

Home (Education) Department ^{uo},

26-6-18.

Financial.

L & M.

} uo.

Financial Department.

In August 1917, the Director of Public Instruction submitted an estimate amounting to Rs.78,800 for constructing a Municipal High School at Walajapet (pages 11-13 of G.O.2196 M., dated 20-12-17). The Municipality was in G.O.2196 M., dated 20-12-17 requested to reduce the cost to Rs.52,000; and in

6
9
G.O.362 Home (Educational) dated 18-3-18, a grant of this sum (Rs.52,000) was disbursed for the purpose to the Municipality, on the understanding that no additional grant for the work would be given in future years.

2. The Chairman, Walajapet Municipal Council, states that the estimate as now revised amounts to Rs.56,000 and has proposed to meet the excess of Rs.4,000 as under ~~(page 145 C.B.E.)~~:-

(a) Unspent balance of Provincial Rs.3,300
grant for Elementary school
buildings.

(b) From Municipal funds proper. 700

Rs.4,000

The Director of Public Instruction and Home (Edn) do not consider it advisable to sanction the diversion of Rs.3,300 item (a) above. Home (Education) propose that an additional grant of Rs.4,000 may be given from the current year's budget provision of 1.87 lakhs for grants to local bodies for Secondary School-buildings (page 145, C.B.E.).

3. It is submitted that it seems sufficient to sanction a grant of Rs.3,300, leaving the Municipality to bear from its own funds the balance (Rs.700). It is also submitted that the Municipality should be informed that, if the actual cost of the work exceeds Rs.56,000 (the work is presumably to be carried out by P.W.D.), the ~~xxx~~ excess should also be borne by the Municipality. Orders are solicited.

In this connection, it may be noted that the Chief Engineer ~~(vide pages 3-2 C.B.E.)~~ has suggested that the total estimate of Rs.56,000 may be reduced by Rs.318.

V.A.K.
29-6-18. Deducting this Rs.318, ~~t~~ the present estimate amounts to Rs.55,682. Government have already agreed to find Rs.52,000. This leaves Rs.3,682, and as the municipality can evidently find Rs.700, the Govern-

Government grant might be limited to Rs.3,000.

If the work is to be carried out by the P.W.D., a centage charge of 24% on works outlay will have to be levied. The question of sanctioning a grant to the municipality to cover this charge is one for consideration in the L & M and Finl. deptts. The file may be sent to the Financial deptt. U.O.

D.M.
3-9-18.

Financial U.O.

Financial Department.

Building for the Wallajapet Municipal Secondary School.- Please see Finl. notes on pp. 6-7 ante.

The total estimated cost is Rs.55,682. This dept. has agreed to bear Rs.55,000, the balance (Rs.682) being found by the Municipality. Of the Govt. share of Rs.55,000., a grant of Rs.52,000 was disbursed last year (G.O.362 Educn. dated 18-3-18). The balance, viz. Rs.3,000, will be paid in the current year from the budget provision of 1.87 lakhs for grants to local bodies for Secondary school buildings (page 145 C.B.E.).

2. The work will be carried out by P.W.D., and the P.W.D. (pp. 7-8 ante) have raised the question of the payment by Municipality of Rs.13,364 being centage charges at 24.p.c. of the cost of the estimate.

It is presumed that, in view of the impecunious condition of the Municipality, vide Z on page 1 ^{ante} an equivalent sum (Rs.13,364) will have to be disbursed by Government to the Municipality as a grant in aid - Vide G.O.411 Finl., dated the 21st May 1918 (page 2 para 2) and para 3 of Govt. of India, Fin: dept. letter No.57-A dated 9-2-18.

3. Submitted that P.W.D. may be requested to state whether this question of a grant in aid (this will be debited to 22 - Education) equivalent to the centage charges may not be taken up later on at the time the Municipality is asked to pay the centage charge.

V.Q.K.
8-9-18

L.E.K.
9-9-18
L.D.
11-9-18.

P.W.D. U.O.

The estimated cost of the work is Rs.55,682 against which Government have already sanctioned a grant of Rs.52,000 and now propose to sanction a further grant of Rs.3,000, the balance of Rs.682 being found by the municipality from its own funds. The total of these amounts will cover an outlay of Rs.44,905 on 'works' proper and Rs.10,777 on centage charges. When these amounts are worked out a further allotment of funds to the extent of Rs.13,364 i.e. Rs.10,777 for works and - Rs.2,586 for centages will be required for the completion of the work. The question of the allotment of a grant in aid to the extent of Rs.13,364 can therefore be held over till the amounts now available viz. Rs.55,682 are nearly worked out. With these remarks the file may be returned to Financial. Centage charges are adjusted by the A.G. once in a month on the works outlay.
