Tellicherry.

Sir,

Chiralakandi Mappila Elementary school under the management of this Municipality is at present held in a rented building which is an upstairs to a line of shops. This building is condemned by the educational Officers as quite unsuited for school purposes and there is no better building available in the locality to be rented for the purpose. There is no room for a playground or latrine arrangement to be made in or near the present building and seeing that a thriving and useful institution suffers considerably for want of convenient and sufficient accommoda-

Consultation
tion the Council in consideration with the sub-Assistant Inspector of Schools selected a suitable site for the construction of a proper building and applied to the Collector for the acquisition of the site. The proceedings in connection with the acquisition having been completed and the value of the site estimated at Rs. 748-6-2 the Collector enquired how the Council proposed to meet the cost of the acquisition. There being no Municipal funds available to meet this demand it was proposed that the amount would be utilised from the balance of Government grant received for equipment of Elementary Schools in this town. Thereupon the Collector intimated to the Council that the grant for equipment of schools could not be diverted for the acquisition of a site for a school building and the Council at its meeting held on the 17th August '18 has resolved to apply for Government sanction for the utilisation of the amount, as will be seen from copy of its resolution No. 3 enclosed.

2 Moreover copies of the enclosed correspondence would shew that the owner of the building in which the school is now held demands payment of enhanced rent in respect of the building and threatens even eviction by means of a Civil suit if his request were not complied with.

3 In these Circumstances I have the honour to request that Government may be pleased to order at an early date the diversion of Rs. 748-6-2 out of the balance Government grants received for equipment of schools towards the acquisition of the site for the building in question. Sir,

I beg to enclose registered notice No. 967 received by me on the 22nd August in respect of the rent of the school building for such action as you may deem fit to take in the matter.

The rent of Rs3/- for June '18 having been received by me from the Municipal Office on the 1st August I directly took it to the owner for payment to him and to obtain from him an acknowledgment of receipt thereof, but his clerk on some pretext or other delayed to receive the money till the 7th and then told me that the owner had directed not to accept payment when I refunded the money to the Municipal Office.

I am also told that that the owner may be authorised to receive the rent direct from the Municipal Office and I beg that arrangement may be made to that effect.

I beg to Remain,
Sir,

Your most obedient servant.

To

R. Raman Nambiar,

Head Master, Chiralakandy School

As you have failed to execute a marupat in respect of upstairs building No. 150 in E division used as Chiralakandy school with effect from 1st April and to pay the rent thereof on the 1st of every month as arranged, and as the owner of the building has to incur heavy expenditure in respect of the said annual repair-works building by way of Municipal Taxes and annual repair works and the rent itself not being sufficient, the owner Acharith Mahalil Moosa Keyi has authorised me to issue a notice hence this notice. to you.

You are therefore informed that from the 20th August after the receipt of this notice you should arrange to pay the owner a monthly rent of Rs. 4/- or to surrender the building to him with all arrears of rent due and that on your failure to do so a suit will be instituted against you and you will hold responsible for any loss that my client may have to incur thereby.

School. It asks for sanction to utilize on the acquisition of a site ^{1/2} sum of Rs 748.6 out of the balance of Prov^d Subsidy for the equipment of elementary schools. It has not however explained how the ~~cost~~ money required for the construction of the building will be raised. The Council's financial position is not very satisfactory and it may apply to Govt for a grant for this purpose also. It is for orders whether information on this point should be called for or sanction may at once be accorded to the present proposal. If the latter course may be adopted, the draft order below is for approval. It may be sent to Lt H for acceptance.

The proposal may be approved. The acquisition of the site in advance will give a play ground to the School, for which ^{there is no provision} the present rented building. Further the acquisition

may allow the attempts at increasing the rent of the existing building. The Council will presumably take up the question of a building soon. & the present proposal need not be deferred pending the final sanction to any such proposal. The D.P.D. recommends.
