Reporting that the Inspector of Schools 3rd. circle has directed the Sub Assistant Inspector of Schools, Markapur Range an elected member of this District Board to resign his membership on the plea that there is no provision in the Educational Budget to pay his T.A., and requesting orders as to whether the required provision cannot be made in the revised Budget Estimate.

From (Name) H.G. Stokes Esquire C.I.E., I.C.S.,

(Designation) President, District Board, Kurnool.

To The Secretary to the Government of Madras,

Local and Municipal Department.

Madras.

Sir,

I have the honour to state that at its meeting of 4th. July 1918, the Taluk Board of Markapur elected the local Sub Assistant Inspector of Schools to a vacant seat on the District Board. The Inspector of Schools 3rd. circle has stated that unless the T.A., of the Sub Assistant is paid from local funds he cannot be allowed to draw from the funds of the Educational Department any T.A., on the grounds, as he argues, that (a) the presence of the Sub Assistant on the Board is not in his capacity as an educational officer representing the department but as a member representing the interests of the Markapur Taluk Board of which he is a member; (b) that the views of the Department are better represented on the Board by the Assistant Inspector

Inspector who is already a member of the District Board; (c) that there is no provision in the Educational Budget for the payment of T.A., in such a case. He states that he is obliged accordingly to direct the Sub Assistant to resign his seat on the District Board.

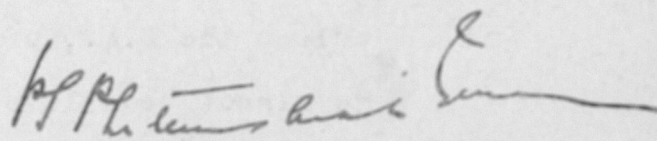

Article 225 of the Local Fund Code is clear on the point that the T.A., of Government Servants attending the meetings of Local Boards is chargeable to Provincial funds and it embodies a principle which is universally accepted by the various Departments of Government, members of which especially of the Revenue and P.W. Departments are frequently elected to seats on Local Boards. In such cases the officers are not elected to represent the "views of the department" in particular though no doubt their departmental knowledge is of use to the local body, and the question whether the views of the Educational department are or are not adequately represented on the District Board by the presence of the Assistant Inspector appears to be irrelevant. As for the objection ^{that} there is no provision in the Educational Budget, there would seem ^{to} be no real difficulty in making the necessary addition to the Budget in revising the figures for the current year; the amount required would be trifling.

I request the orders of government in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

For president.

T.S./24-9.
