To The Secretary to Government

Home Department (Education)

Fort St. George.

Hon'ble Sir,

I have the honour to enclose a copy of the Proceedings of a meeting of the Madras Students Advisory Committee held on the 26th October 1918 and with reference to Item No. IV (3) therein to draw your special attention to paragraphs Nos. 11 & 13 of my Memorandum - Enclosure to G.O. No. 971 dated 23rd July 1918, Home Department (Education).

2. With reference to para 11 - my Committee has empowered me to address you with a view to ascertaining whether any movement could be made in the direction of utilising the services of the British Consular Departments in Japan and the United States of America; (a) to supply

information

Mp 5-7 of 10 at P.

2. 3
information about Educational institutions and places for professional and industrial training in those countries, (b) to aid Indian Students in those countries with information and advice, (c) to keep in touch with Students' Advisory Committee parents and guardians in India and (d) generally to exercise functions similar to those exercised for Indian Students in Great Britain by the Students' Department of the India Office.

3. With reference to para 13 of my Memorandum my Committee is of opinion that it is most important that the Hand Book should be kept continually up to date.- It is at present a private venture of the National Indian Association and they cannot afford to bring out a new edition until the old is exhausted.- My Committee is of opinion that this should not stand in the way of a new edition being published every year, and any extra cost to the National Indian Association should be borne by the India Office.

I have the honour to be,

Hon'ble Sir,

Your most obedient servant,

Arthur Davis
