Sir, Through

The Director of Public Instruction, Madras.

Sir,

I have the honour to enquire if War Allowance on the scale laid down in G.O. No. 535 Financial dated 26-6-1918 may be paid from 1st March 1918 for the teachers and servants of the Board High School, Chittoor drawing Rs. 50 and less per mensem from District Board funds in the first instance and included in the net cost to be recovered from provincial funds. The monthly cost will be about Rs. 45.

2. Application for the payment of similar allowances to teachers and servants employed in the other institutions

the net cost of which is paid by Government will be submitted on receipt of particulars from the Presidents of Taluk Boards who have been addressed in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

For President.

Subject. Grant of war allowance to teachers in board schools, the net cost of which is met by Govt.

The net cost of the Board high school, Chittoor, is met by Govt. The President, St Board, Chittoor, enquires whether war allowance may be granted ^(from board funds) to the teachers on Rs 50 and less in the school ~~from~~ and included in the net cost to be recovered from Prov^d funds. As observed by the D.P.S., if the concession is allowed in the case of this school, it will have to be allowed in the case of other institutions the net cost of which is met from Prov^d funds.

2. Till last year, there were only a few secondary schools under local bodies, the net cost of which was met by Govt. In the current year 49 new middle schools have been opened under those bodies the net cost of which ^{is also} to be met.

met by Govt. But the teacher in all these schools are only servants of the local ^{bodies} ~~boards~~ + municipalities concerned and as such the question of grants them war allowance will arise only if the other employers under them are in receipt of the allowance. The Lt. Dept. may be asked whether the local bodies grant the allowance to their employees.

3. ~~The~~ If the allowance is granted by them it appears desirable to ascertain whether they can not meet ~~this~~ from their own funds the amount required ^(its payment to) for the teachers in schools. The net cost of which is borne from Prov. funds. If individual Councils or boards plead inability to grant the allowance to teachers in question the Govt. may, it is submitted, agree to meet the expenditure.

If the above suggestion is accepted ~~the Govt. may be requested to~~ the Lt. Dept. may be requested to ascertain whether the local bodies

 4. It may be noted here ~~that~~ that a large number of elementary schools has been opened in recent years under local bodies ~~the cost of which is borne by the Govt~~ with the help of ~~the Govt~~ subsidies sanctioned by Govt every year. But the Govt have not stated anywhere specifically that the net cost of these schools will be met from Prov^d funds. It does not therefore appear that the question whether the expenditure on account of the payment of war allowance to the teachers of these elementary schools should be met by Govt need be considered now.

5. The file may be sent to D.H. & Dist. Secy for remarks.

The teachers in the schools in question are servants of local bodies and should not be treated differently from ~~those~~ the other servants of those bodies. The fact that the net cost of the institutions is borne by

will not alter the character of their service. If local bodies pay war allowance to their other servants if the allowance is also paid to the teachers in the institutions the net cost of which is borne by Govt, the charge on account of the latter will naturally be included in the expenditure of the institution & will eventually fall on Govt. as part of the net cost.

A. I agree, it being understood that the conditions of payment are the same as in the case of Govt servants

after all the war allowance is only a fraction of what equity demands & if local bodies are prepared to pay the cost in the case of the general body of their servants we must likewise agree to pay ultimately cases in institutions where we undertake to pay net cost

The reference in the CF relates to the grant of war allowance to the teachers in the Board High School, Chittoor, an institution the net cost of which is paid met from Provincial funds. As stated in the Home Dept. note on page 1 ante, if the concession is allowed in this case, it will have to be extended to the teachers in all schools, the net cost of which is met from Provincial funds.

2 Home Dept. propose to grant war allowances to all teachers ^(on Rs 50 and under) in local fund schools the net cost of which is borne by Govt, at rates admissible to Govt servants (S.O. 535, Dtd 26.6.18)

D and S.O. 811 Dnl. 84-10-18. The extra cost of this general proposal is not known; but it is proposed to meet it from Provincial funds.

3 As teachers in Govt. schools and in schools maintained solely at the expense of local bodies are eligible for war allowances, it seems equitable that the teachers referred to at X above should also receive the allowance. But before accepting the liability to Provincial funds on this account, it is for consideration whether Home Dept. may be requested to furnish an Estimate of the liability.

4 These teachers are the servants of local bodies. In S.O. 976 L. 831-7-18, St. Boards and Municipal Councils have been permitted to grant their servants (from the date of the order and not from 1-3-18 as in the case of Govt. servants) war allowances at rates not exceeding those sanctioned for govt. servants in S.O. 535 Dnl. 826.6-18. (The further war allowance scheme has not been extended to these men) If the teachers in question are to be granted allowances, it seems sufficient if they are treated as other local fund servants i.e. they may be granted the concession if ~~and~~ the local body concerned pays war allowance to its other ordinary servants. The rates of the allowance and the dates from which it is to be given may be made to depend on the arrangement adopted in the case of these ordinary servants.

I think we may agree that if a
 local body sanctions war allowances for all
 its employees - then allowances may also be
 given to the teachers & servants of the local
 schools the net cost of which is borne by
 Government. But if a local body does not sanction
 such allowances, then the teachers in its
 employ should do without also.
