To The Secretary to the Government of Madras,
Home (Education) Department.

Sir,

In reply to Government Order No. 897, dated 7th July 1917 directing the publication of a draft notification for the acquisition of land for a play ground for the Tailor High School, Narsapur, I have the honour to state that an award of Rs. 533-9-2 in the case has been passed by the Divisional Officer, Narsapur. The difference between the amount as originally estimated and that finally passed in the award is due to the owners of the land having agreed to remove the materials of the building standing on the site, a lump sum of Rs. 50 being provided in the award towards the conveyance charges etc. The value of the land has also been raised from 6 to 8 annas per square yard.

2. The Secretary of the High School has been called on

to deposit the aforesaid sum of Rs.533-9-2 in the Treasury and a draft deed of conveyance is being drawn up as ordered.

Subject. Grant for the Taylor high school, Narasapur [C.N. 1454 B]. From the Collector of Krishna, N. 1123 D.S. 95

10. 11. 17.

② Please see pages 10 & 11 of G.O. N. 897 D. 10. 7 July 1917. The cost of the land required for a play ground for the Taylor high school, Narasapur was originally estimated at Rs 1,500. The management expressed its ability to contribute Rs 750 and the Govt. sanctioned a grant of Rs 750 - vide page 4 of G.O. N. 47 D. 15-1-15. The actual cost, however, appears to have been only Rs 533-9-2. The question arises whether, in view of the management's ability to meet the entire cost of the land from its own funds, it may not be required to meet at least one-half of the cost, namely, Rs 267/- and to refund the balance after deducting the Govt. share from their grant, that is, Rs 750 - Rs 267 or Rs 483. Submit that the remarks of the D.P. may be invited on this question.

Re. 2298/B, from the D.P.D., Re. 4364/14, do School and
5th Nov. 1918

The further communication promised in Mr. Stone's note at p. 2 ante has at last been received. The delay was solely with the management of the Taylor High School. The Secy. was originally inclined to call upon the School authorities to refund the whole

pp 3 & 4, c. f.

grant - in - aid of Rs 750 less Rs 10. But
the present J. P. S. as well as Mr. Stone
would permit the management to refund
the balance of the Govt. grant and the
~~management~~ school contribution on levelling
the ground acquired so as to make
it suitable for a play-ground and
on laying out two tennis courts. The
principle of making grants - in - aid
to aided institutions for purposes
analogous to the one now in question
has been recognized - Vote No. ^(E)

(VI)

2 If the above principle is
made applicable to the Taylor High
School, the further question for orders
is as to whether such a large sum
as Rs 966 (including the half-share of
the school) ought to be expended and
whether two tennis courts for a high
school are ~~not~~ necessary. The school
appears to be a flourishing institution
with plenty of pupils. It may probably be
supposed that both the tennis courts will
if laid out, be fully utilized. The
Director is ^{presumably} satisfied that the estimates
are fair, and after the work is
completed, the management will have

to submit vouchers to the D.P.S. - vide

For orders whether the D.P.S. recom-
mendation may be approved.

relating to the lands has not been

question of refund of the balance
