To

The Chief Engineer,
P.W.D. Madras,

Through,

The proper channel.

The humble petition of G.N. Adinarayana
Rao, Engineering student on Practical -
course, Kurnool to increase his stipend

Respected Sir,

With reference to G.O.No. 837 (Home depart-
ment , Educational dated 25.6.1918 and your Memo No. 4190C), I -
beg to state that I am at present undergoing practical training
on Hindri Bridge works to be finally qualified as an Upper ----
Subordinate Engineer only when I studied in Engineer class ----
(to be qualified as a civil Engineer), during the years 1913-18
and in the end, for the reasons given below having ~~XXXXXX~~ ----
failed to secure the required minimum of 50% on the whole, I was
recommended for an Upper Subordinate diploma by my Principal ^{and} the
G.O.No. 837 sanctions it.

2. The chief reasons for my failure is that my father died ----
during the examination time i.e. last week of March 1918. As a -
Hindu, I had a number of funeral and religious ceremonies to ----
go through, during that period and subsequently. Again my ----
mind was very much ~~afflicted~~ ^{em} afflicted, perplexed and unbar~~ess~~ ^{em}assed
as it should naturally be during that period. The Examination
that I had to sit for was no ordinary examination.

Moreover, I beg to bring to your kind notice that I failed only
very narrowly by want of less than $\frac{1}{2}\%$ of marks on the whole i.e.
out of a grant total of 6000 marks, I got 2974; thus I failed --
to secure the required ~~maxi~~ minimum of 3000 by only 26 marks.
My father had been bed-ridden from January and he was always ---
causing me anxiety. As such, considering my trouble mind it is
no wonder that I should fail; and as fortune should have it, ---
I failed by want of 26 marks i.e. less than $\frac{1}{2}\%$. Much of this -
is due to my low marks in Physical exercise only. I beg to ---
state that I get fairly good marks in Engineering subjects ----
Hydraulics, construction and applied mechanics.

Cms 26002
24.10.18 3

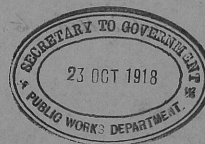

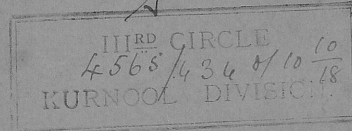

I further beg to bring to your notice that I paid a college ---
fee of Rs.18 a month for 5 years; whereas the fee for the U.S.
class is only Rs.9 per month. Besides my failure in the B.E. -
class has been only a result of chance and circumstance rather --
than of wilful indifference or neglect on my part. My -----
Professor Mr.H.W.Barker A.M.I.C.E., P.A.G.I. may be consulted.

Under the circumstances stated above, in view of the -----
enormous cost that I incurred in getting the civil Engineer's -
training till (Domesday) the final examination, while I could
have secured the U.S.diploma with less than half the cost and --
the pains, I beg to request you to grant me the Engineer -----
Student's stipend of Rs.35 per month, instead of that of an ---
U.S. of Rs. 25 per month.

I beg to remain,

Sir,

Your most obedient student,

Letter from G. R. Andamanayana Rao
Engineer Upper Subordinate Student of 5/10/18
for increasing stipend during his practical course
Sent by the E. E. General M. N. 103533E of 12/10/18
SE III. No 8756 of 21.10.18.

DW.

The petitioner studied in the Engineer class in the College of Engineering, Madras, during the years 1913-18; but, as he narrowly failed to secure a pass at the final year examination, he was recommended by the Principal College of Engineering and the Chief Engineer P.W.D. to undergo his practical course as an upper subordinate and to be granted an upper subordinate diploma on the satisfactory completion of the practical course. This recommendation was approved by Govt. in House (Est) in G.O. No 837 of 25.6.18. In memo M. N. 490C of 17.7.18, the student was posted to the III Circle for training on the Huddi Bridge works. He now requests that he be granted a stipend of Rs 35 which is admissible to an Engineer Student ~~in the college~~ ^{in the college} of Rs 25 ~~as an upper subordinate~~ ^{as an upper subordinate}. The student, in view of the enormous cost already incurred by him in getting through the course in the college, the Civil Engineering. The subject ~~is~~ ^{is} for consideration in the House (Est), Dept. to whom the current may be transferred (H.O.)

Home Edn Dept
Phase See the P. W. D. note at p. 1
ante. As an upper subordinate
Student the rate of Stipend admission
to the petitioners is Rs 25/- per m only. The
higher rate of Rs 35/- per m now prayed
for is allowable to Engineer Students
only - vide Lp 574 Home (Edn) 81-5-18
The petitioners failed to secure a place
at the final Examination of the Engineer
class but was ^{allowed to qualify for} ~~granted~~ diploma of the
upper subordinate class only as a special
Case.

2. It is submitted that the present
Case does not appear to be one that
would justify any special treatment.
The P. W. D. also does not make
any specific recommendation. It
is for consideration whether the
prayer will be granted.

3. Subject to orders a draft is
submitted. See D.D. may see the
