The Director of Public Instruction,

Madras.

Honoured sir,

I most humbly beg to acknowledge the receipt of your letter No. 7563/18 dated 29th October 1918 intimating to me the fact that the Government have been graciously pleased to sanction the award of a special scholarship to me for 2 years of the value of £. 200 per annum with a War bonus of 15 per cent for the period of the War. I beg to convey to you, Sir, and through you to the Government my most respectful thanks for this generous offer which I gratefully accept and for which I shall ever be profoundly grateful.

As regards the course of study I propose to take up at Oxford, I beg to state that it has been my desire to prepare for either ~~the~~ Ph.D. research course (a newly instituted degree in Philosophy) or for the Honours School in Modern History. Each of these courses, I understand requires more than 2½ years' stay at the University.

In reply to the question asking me as to the earliest date by which I can sail, I beg to state that I am quite prepared to start immediately.

therefrom the Scholar's application for

the middle of Sept. It is doubtful
whether the University would be willing
to admit the Scholar in the middle of

and it is doubtful whether any regular course is prescribed for this. It is understood that for a Ph.D. course the student may join at any time. The D.P.I. may have information on this point, or the Students Advisory Committee. The D.P.I. may be asked no.

Here is another point raised in this correspondence. The student wants the scholarship for 2½ years, while the scholarship is made tenable for two years only under the tuition already issued. It is not known whether the D.P.I. supports the request for the payment of the scholarship for the additional period of six months. Information may also be required as to whether this additional period is necessitated by the student taking up the course in the middle of the ~~course~~ term, instead of at the beginning.

As regards the statement at the top of page 2 of the letter - "It is understood that for a Ph.D. Course the student may join at any time" - I can find no other authority for it. I have consulted Mr. Davis, who can give me no information on the point.

It would be better I think for the scholar to wait till summer so that information may be obtained from Oxford or the India Office.

The question raised in para 2 on page 2 can be answered on receipt of reply from England.

In view of the D. P. B. note above, it appears desirable that the scholar should commence his studies in England at the beginning of a regular term. For this purpose it is sufficient if he arrives in England about the middle of Sept next. If the above view is concurred in, the India Office has only to be advised of the grant of the scholarship. For a precedent - please see letter No 1050 of 14.8.17.

2. If after joining his University, Abdul Hameed finds an extension of the period of his scholarship necessary, he will no doubt apply to Govt for the requisite concession.

3. The D. P. I. has been asked to have the scholar examined by a Medical Board and also to submit a descriptive roll. The Medical Certificate and the roll have not yet been received.

4. Abdul Hameed has not applied for a free passage and so no instructions to the A. G. in regard to the provision of passage are necessary. On receipt of the documents referred to in para 3 above, the India Office may be addressed.
