I have the honour to enclose copies of letters 810 dated 25th March 1918, No. 2760 dated 17-9-18 from the Secretary to the Commissioner for Government Examinations and my letter dated 22-9-18 to which I have not yet received a reply. I request that you will be so good as to place before the Government my request to be paid my fee for having conducted the Government Technical Examinations in Trichinopoly in May last. Although 4 months have elapsed since I was promised a fee for that work I have not yet been paid and it seems that I am not to be paid till nearly a year after I have completed my work.

I have the honour to be,

DEPARTMENT OF PUBLIC WORKS
GOVERNMENT OF MADRAS

Letter dated 22-9-18 from A.R. deChazal Esquire., Executive Engineer, Trichinopoly Division, to the Commissioner for Government Examinations.-----

Last March I was asked by your Secretary whether I would supervise the Government Technical Examinations in Trichy; before agreeing to do it I asked what fees I would get. In reply to my query I received a reply from your Secretary, a copy of which I give below. I took up the work on that promise. As I had earned my fees I arranged my life accordingly. I have incurred liabilities which I hoped to meet with those fees. I have since received a copy of your Secretary's circular No. 2750 dated 17-9-18 in which I am informed that I shall not be paid till next March for work which I did last May, nearly a year after. I trust that you will agree with me that I rightfully claim to be paid soon and if I were not paid, my grievance would be real. I beg to place my grievance in your hands in the hope that you will remedy it.

Submitted to the C.E. for action please to consider if reasonable.
The rule may be convenient, & it probably does not matter to the principal concerned whether they are paid now or next year, but I certainly find it to matter hard on individuals who also take part in these examinations, & without their fees for a year. It seems to be a form of mortification.

Please see para 4 of Cr. C. No. 423 & of 30.5.08 in which the Cr. C. has been requested to submit proposals in respect of all the Govt Technical examinations held in each financial year, at the close

Close of that year, the object of this procedure being to so arrange the remuneration payable to the examiners that the total expenditure in ~~year~~ may not exceed the total receipts from fees.

The remuneration due to the examiners who are not Govt servants is to be paid in full.

If the balance is not sufficient for the payment in full of the amount ordinarily payable to the other examiners who are Govt servants, a proportionate reduction is made in the remuneration of each such examiner. Thus the amount of remuneration to be paid to the examiners who are Govt servants will be settled only at the end of the financial year. The applicant will therefore have to wait till then.

In view, however, of the inconvenience complained of by Mr. De Chazal, it is for consideration whether the Govt may be asked ^{to} to state if there is any objection to the immediate ^{provisional} payment, as a special case, of, say, 50% of the probable amount of remuneration ^{that} may be payable.

The C.G.E. is against special
treatment being accorded to Mr. S.

convenient precedent. In view, too,
of the unsatisfactory nature of

whether it would not be desirable to
