G.O. No. 1619, 17th December 1918

School of Engineering, Vizagapatam

Approving the Director's proposals for the institution of scholarships, medals and prizes in the —.

READ—the following paper :—

Letter—from the Hon'ble Mr. H. S. DUNCAN, M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 1st November 1918.

No.—R.C. 7991.

With reference to G.O. No. 1209, Home (Education), dated 11th September 1918, I have the honour to submit herewith for favour of sanction draft proposals in regard to the institution of scholarships, medals and prizes in the School of Engineering, Vizagapatam.

2. One scholarship in each of the three classes has specially been reserved for the Uriya students in the school.

3. The ultimate cost of these proposals will be Rs. 984 (Rs. 864 for scholarships and Rs. 120 for medals and prizes) and the amount of Rs. 288 required for scholarships for the current year can be met from the lump provision of Rs. 31,000 made for the opening of the school in the civil budget estimate for 1918-19. As for the amount required for next year, i.e., Rs. 576, it is requested that necessary provision may be made in the budget estimates for 1919-20 now under the consideration of Government. The expenditure on account of medals and prizes will be incurred only in the third year and this, I beg to submit, can be met from the provision under 'Books and maps' and 'Other contingencies' for the school.

ENCLOSURE

Lower Subordinate class.

One scholarship of the monthly value of Rs. 8 will be awarded to the student in the class who obtains the highest marks at the Probationary Sessional examinations. A second scholarship of the monthly value of Rs. 8 will be awarded to the Uriya student who stands highest among the Uriyas, provided he does not hold the first scholarship. If in any year there is no duly qualified Uriya student in the class or if the first scholarship is held by an Uriya, the scholarship may be awarded by the Superintendent to a deserving student of some other community. A third scholarship of the monthly value of Rs. 8 will be awarded by the Superintendent to a student who does not hold one of the abovementioned scholarships, preference being given to a Muhammadan or Indian Christian or European or Anglo-Indian in the order named. The scholarships are tenable for one year and may be reduced or forfeited for misconduct, idleness or want of progress.

Proviso.—In the award of these scholarships students who hold any other recognized scholarships—recognized in the sense that they are awarded by any public or semi-public body—shall be regarded as disqualified and the scholarship will be awarded to the student who stands next in order of merit.

Medals.—A bronze medal will be awarded to the student who passes first at the final examination.

Prizes.—Prizes will be given to students who show proficiency in the following subjects :—

- | | |
|---|-------------------------|
| (1) Applied mechanics and construction. | (4) Surveying. |
| (2) Building drawing and estimating. | (5) Workshop practice. |
| (3) Machine drawing. | (6) Physical exercises. |

Probationary Subordinate class.

Three scholarships of the monthly value of Rs. 8 will be awarded annually in each of the class divisions. At the commencement of the first year of study the scholarships will be granted by the Superintendent at his discretion. At the beginning of the second year one will be awarded to the student who obtained the highest number of marks during the first year. A second will be awarded to the Uriya student who stands highest among the Uriya students of that class. In the event of there being no Uriya student or of the first scholarship being held by an Uriya, the second scholarship may be awarded by the Superintendent to a deserving student of some other community. The third scholarship will be awarded by the Superintendent to a student who does not hold one of the first-mentioned scholarships, preference being given to a Muhammadan or Indian Christian or European or Anglo-Indian in the order named. The scholarships are tenable for one year and may be reduced or forfeited for misconduct, idleness or want of progress.

N.R.—Rule 38 of the College of Engineering rules shall be applied to this school also in the matter of scholarships, medals and prizes.

Order—No. 1619, Home (Education), dated 17th December 1918.

The Government approve the proposals detailed in the Director's letter read above for the institution of scholarships, medals and prizes in the School of Engineering, Vizagapatam.

2. The cost during the current year will be met from the lump provision of Rs. 31,000 entered in the budget for the opening of the school. The necessary provision to meet the charge to be incurred in 1919-20 will be made in the budget estimate of that year.

From the Director of Public Instruction, R.C. No. 7491, dated
1st November 1918.

HOME (EDUCATION) DEPARTMENT.

In G.O. No. 1209, Home (Education), dated 11th September 1918, the Director of Public Instruction was requested to report on the question of instituting scholarships in the Civil Engineering School, Vizagapatam. He now submits detailed proposals for the institution not only of scholarships but of some prizes and medals also. Presumably he thinks them necessary to attract sufficient number of students to the school. The proposals are very moderate and may be approved. They are examined below.

2. *Institution of scholarships.*—The Director proposes to institute nine scholarships of the value of Rs. 8 per mensem each in the school. Three of these will be tenable in each of the two probationary subordinate classes and the remaining three in the lower subordinate class. The following statement compares the number and annual cost of the scholarships as proposed for the several classes in the Vizagapatam school with those sanctioned for similar classes in the College of Engineering :—

Class.	Length of the course.	School of Engineering, Vizagapatam.		College of Engineering, Madras.	
		Number and rate of scholarship in each class.	Cost per annum.	Number and rate of scholarship in each class.	Cost per annum.
Probationary sub-ordinate class.	Two years.	Rs. 3 at 8 per mensem	Rs. 3 × 2 × 8 × 12 = 576	Rs. 5 at 8 per mensem	Rs. 5 × 2 × 8 × 12 = 960
Lower subordinate class	One year.	3 at 8 per mensem	3 × 1 × 8 × 12 = 288	3 at 8 per mensem	3 × 1 × 8 × 12 = 288
Total		9 at 8 per mensem.	864	13 at 8 per mensem.	1,248

From the statement above it will be observed that there are 13 scholarships of an annual value of Rs. 1,248 in the College of Engineering as against nine of an annual value of Rs. 864 proposed for the Vizagapatam school. The charge for the first year will amount to only Rs. 288.

3. *Institution of medals and prizes.*—It is also proposed to award a bronze medal and also to give away some prizes every year, the former to the student who passes first at the final examination of the school, and the latter to those who show proficiency in certain selected subjects. Similar prizes and medals are now being awarded annually at the College of Engineering and the conditions of award which the Director proposes are the same as those in force there. This proposal is estimated to cost Rs. 120 per annum only and may also be approved.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) Every paper is marked to be printed urgently by the Superintendent of the section concerned. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
