From (Name) The Hon'ble Mr. J. S. DUNCAN, M.A.

(Designation) As Director of Public Instruction

To The Secretary to the Government of Madras,

Sir,

1. Training school, Pasumalai. It will be observed that he prepared to admit each year into the Training school at Pasumalai 20 to 30 teachers from the Panchama community if Government would acquire a site estimated to cost about Rs.1000/- and also grant to the mission a sum of Rs.17,000/- for the construction of a hostel for Panchamas on the site in question and for carrying out the necessary alterations required in the school buildings so as to give effect to the proposal. It is also to be necessary to give Rs.1000/- as a non-recurring allotment for equipment. Thus the total non-recurring cost would be Rs.19,000. The recurring expenditure during the year 1919-20 connected with the scheme is estimated at Rs.40/- per mensem for a secondary grade teacher for a period of 9 months and Rs.2565 for stipends for 20 students for the same period or Rs.2325 in all.

2. The scheme commends itself to me and has further the advantage of bringing together students of various classes, Panchamas and caste students in one and the same institution. It is also not much more expensive when the scheme in regard to the C.M.S training school at Periyas. I therefore recommend that Government may be pleased to approve the scheme subject to the condition that the site to be acquired and the building to be constructed thereon will be liable to resumption by Government if at any time the building is not used as a hostel for Panchama teachers or for other purposes approved by Government.

3. The expenditure on non-recurring items namely buildings and furniture can be met from the current year's budget provision for building and furniture grants under "22 C-Grants-in-aid". As regards the recurring charge, I beg to request that provision for it may be made in the Civil Budget Estimate for 1919-20 now before Government under the respective heads "Teaching grants, schools, special, Training schools for masters" and "stipendiary grants-training schools for masters".

4. On receipt of orders from Government, I shall call for the necessary site plans and estimates and submit them for the approval of Government.

I have the honour to be,
Sir,
Your most obedient servant,

R. A. Prince

For Director of Public Instruction.

Copy of letter No. 236 dated 15-9-1918 from Rev. J. A. Miller, M.A.,
Ipai, L.M. High School, and Manager, A.M. Training School, Pasumalai.

With reference to your R.O. No. 415 T of 1917 dated 15-9-18 regarding the establishment of a Training School for Panchamas at Tirumangalam, asking what portion of the cost we will be willing to bear I would state that I have already told you that the mission is not willing to bear any part of the cost whether recurring or non-recurring. As we already have our own institution at Pasumalai, which amply supplies our need, there is no reason for our incurring additional expense. This being so if you decide to establish a school at Tirumangalam finally, make your own plans for whatever buildings you deem necessary. When completed we are prepared to accept the management. Whether the mission boarding school there would serve as a model school would depend somewhat on the location of the Training school. It might be found more advantageous to open a Model School in connection with the proposed Training Institution.

2. With reference to your R.O. No. 415 T of 1917 dated 15-9-18 asking if we would be willing to take in each year at the Pasumalai Training School 20 additional students from the Panchama community if the mission is given Rs.15,000/- for enlarging the hostel and building an additional room for training, I would say that the mission would look with favour on this proposition and that it is entirely feasible.

3. There is a field of about one acre in extent situated just across the road from our school and adjoining our normal school hostel which is admirably suited as a site for the proposed hostel. This could be secured for about Rs.1,000/- I think, but will have to be required by Government as the present owner refuses to sell. It is so ideally the site for the hostel that I would ask Government to take steps to secure this land at once. We could erect thereon a hostel for Rs.2,000/-; that would give ample accommodation for 20 or 30 boys. This would be built as a one-storey building and the second storey could be added later when wanted. This would leave Rs.3,000/- for class room and furniture and I would propose to use it as follows:-- At present the upper storey of the normal school is used by the boys of the high school.

4

School as a dormitory, but the rooms are admirably suited for room purposes. All that is needed is that a double tiled roof be put on the place of the single tiled roof and that stairways be built from the lower to the Upper verandahs. If this were done it would give the fine large Recitation rooms. I cannot say off-hand what such changes would cost, but possibly not less than Rs.2,000/- probably more rather less.

4. We would then have to build a dormitory for the High School boys and this could be done by putting a second storey over our Memorial Class Rooms, these are the rooms that are now used by the lower forms of the High School department. I think this could be done for Rs.8,000/-. If desired we can make out plans and estimates and forward them to you in due season. If the work could be begun at once I think it would be quite possible for us to open the classes from the 1st July 1919. Should we have to go through all the ordinary routine I do not think it would be possible for us to finish the work before July 1920. I would also point out that if an additional teacher is required we would expect Government to bear this expense in full.

Site - Rs. 1,000
 Hotel - 9,000

Subject

part on pp 1-2 of

From the D.P.I. Re No. 3732 & 23.11.18
Provision of facilities for the training of
the Panchama teachers in the Southern part of the Panchama
The D. P. I. submits proposals for the
training at the cost of Govt of 20 to 30
additional Panchama teachers in the
American Mission Training School, Pacumalai.
The estimated charges (non-recurring and
recurring) are shown below:—

Non-recurring

Acquisition of a Site for the Construction of a Hostel	Rs 1,000
Hostel buildings	- - - 2,000
Improvements to existing buildings for accommodating additional students	- 8,000
Equipment	- 1,000
Total	Rs 12,000

Recurring

Pay of extra teachers on Rs 200 per month for 9 months in 1919-20	Rs 360.
Stipends of 30 students at Rs 9-8 each for 9 months in 1919-20	2,565
Total	Rs 2,925

The period of training is about 22 months
and the recurring charges will in subsequent
years amount to Rs 6,750. (Pay of teacher
Rs 480 + Stipends of students Rs 6,270.)

2. The Mission is unwilling to bear any

$$\begin{aligned}
 & 19\frac{1}{2} \times 22 \times 30 \\
 & = 19 \times 11 \times 30 = 19 \times 330 \\
 & = 6270
 \end{aligned}$$

part on p 3 of

portion of the charge (recurring or non-recurring). As however, it would cost more to open a new ^{school} for the training of Panchamas, the proposal may be accepted.

3. A fresh site has to be acquired for the construction of a hostel and the whole cost of the hostel building will have to be borne by the Govt. It is for consideration whether, ~~under the~~ ^{under the} circumstances, the construction of the hostel may not be undertaken by the P.W.D. and the hostel buildings merely lent to the Mission for the use of Panchama students undergoing training. Attention is directed to the notes on pages 5 and 6 of notes to Govt. 1339 Home (Edn) & 4-10-18. The grant of Rs 8,000/- asked for in connection with improvements to existing buildings may be ordered to be paid to the Mission after the receipt of plans and estimates and their scrutiny by the P.W.D. In the meanwhile Govt may accord general approval to the proposals.

4. The D. P. I. proposes to meet the non-recurring charge (Rs 19,000) from the provision for buildings and furniture grants in the current year's budget under 22-G-Grant-in-Aid. As suggested by him, final may

So far as the portion of the arrangement is concerned, it amounts to the payment of the full grant. The improvement to the existing building stands on a different footing from the construction of the hostel, which is to be a detached building. The improvement cannot be carried out by the Mission itself or with the entire property of the mission.

para 3 on p 2 of

be requested to make the necessary provision in the budget estimate for 1919-20 to meet the recurring charges to be incurred in that year.

5. The file may be sent (U.O) to File for remarks.

Financial department.

In his letter dated 22-8-18 (disposed of in G.O. 1339 Education, dated 11-10-18), the D.P.I. submitted proposals for the opening of an aided

Training school for Panchama teachers of the Northern districts through the agency of the C.M.S. Mission. The proposal was approved generally by Govt. in G.O. 1339, Education, dated 11-10-18 [The recurring cost (about Rs. 9,360 p.a.) will be borne by Govt.; and of the non-recurring cost (about Rs. 38,800) a portion (about Rs. 17,000) will have to be met by Govt.]

2. The Director's present proposal relates the opening of a similar aided training school for Panchama teachers of the southern districts through the agency of the American Mission, Pasumalai. The cost (both non-recurring and recurring) as shown below has to be met entirely by Government:--

CF

Page 1 ante

(A) NON-RECURRING.-	Rs.	Remarks.
(1) Site for hostel	1,000	The cost (Rs.19,000) will be met from
(2) Hostel buildings	9,000	the current year's budget allotment
(3) Improvements to existing buildings for accommodating additional students	8,000	for buildings and furniture grants under 22-G Education--Grants in aid (page 153 C.B.E. 3.65 lakhs)
(4) Equipment	1,000	
	19,000	[Para 3 on p. 265]

(B) RECURRING.-	2925 in 1919-20 and 6,750 p.a. in 1920-21 and subsequent years	A provision of Rs.2,925 will now be included in the Budget for 1919-20 [Para 3 on page 265 + Para 4 on page 3 ante]
-----------------	--	---

3. Submitted that the present proposals relating to southern districts (which are similar to those relating to northern districts approved in G.O. 1339, Education, dated 11-10-18) may be accepted in this department.

4. Item (A) (1) & (2).- Hostel site and building (Rs. 9,000),- According to rule 55 of the Grant in Aid Code, if a building for which a grant is given is within 40 years diverted to other purposes, the manager should refund the grant to Govt.

Home (Education) raise the question whether the construction of the hostel may not be undertaken by P.W.D. Attention is solicited to the D.P.I.'s note dated 11-9-18 on page 11 of G.O. 1339 Education, dated 11-10-18 in which he remarked that 'a building put up by the P.W.D. will be much more expensive without probably being more really useful'.

It is however submitted that this is mainly an administrative matter.

5. Item (A) (3) Improvements to existing buildings

(Rs. 8,000).- It is ~~pro~~ proposed to give a full grant (Rs. 8,000) for improvements to existing buildings; these buildings belong to the mission; and, as pointed out by Home (Education), the buildings after the improvements are effected will be the entire property of the mission.
