ABSTRACT.—Approving the proposals of the Director of Public Instruction for the training of teachers of the elementary grade and stating that the cost will be met from the special imperial grant of 23 lakhs.

Letter—from the Hon'ble Mr. H. S. DUNCAN, M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department (through the Accountant-General).

*Dated—*Madras, the 17th October 1918.

No.—Ref. on Cur. 6152.

Under the sanction of Government conveyed in their Order No. 759, Education, dated 15th August 1918, a temporary training school of the higher elementary grade was working at Annapur for a period of 22 months from 1st November 1918 and it was closed on the expiry of that period as the inspecting officers did not apply for sanction to its continuance. The Assistant Inspector of Schools, Godavari district, now reports that there is still a large number of untrained teachers in the district and that all of them cannot be trained in the higher elementary training school at Rajahmundry owing chiefly to lack of accommodation. He therefore proposes to have another Government training school in the district by reviving the one which existed at Annapur. The reasons for selecting this place are that there is a well-staffed board elementary school in the locality which can be used as a model school and that the town will suit the convenience of the majority of the students who are expected to come from the delta taluks. The proposal is supported both by the Inspector of Schools, First Circle, and the Inspector of European and Training Schools. In these circumstances, I have the honour to request that you will be so good as to obtain the sanction of Government for opening a Government training school of the higher elementary grade at Annapur for a period of three years with effect from 1st June 1919 with the following staff:—

Per mensem

Headmaster, B.A., L.T.	...	...	...	...	...	75

Total ... 281

* Outside the Sub-Assistant Inspector's cadre

Instead of the drawing master on Rs. 20 and the gymnastic instructor on Rs. 20, a combined drawing and gymnastic instructor on Rs. 30 will be employed if a competent man can be obtained. During the year 1919-20, when there will be only two classes, viz., the first-year class in each grade, it is not proposed to entertain the

second and the third assistants. The complete staff will be employed only from July 1920. It is proposed to admit for training forty teachers each of the higher and lower elementary grades as was done on the previous occasion. The annual cost of the proposal when all the classes are working and are full and when the complete staff is entertained is estimated to be as follows.

	RS.
Expenditure on staff and establishment (Rs. 281 × 12)	3,372
Stipends (80 × Rs. 10½ × 12 + 50 × Rs. 8½ × 12)	19,240
Contingencies including a monthly rent of Rs. 40 for a house to be rented	1,080
Total	22,692

2. The cost of the proposal can be met from the Imperial grant of 5·5 lakhs for the improvement of primary education and a sum of Rs. 22,000 may be reserved for the purpose. Such portion of the amount thus reserved as is not required for expenditure during the current year and the next will be utilized in part towards equipping the school with the necessary books and furniture.

Letter from the Director of Public Instruction, dated 17th October 1918,
R.O. No. 6152.

The Director's proposal to open a higher elementary training school at Amalapur for a period of three years with effect from the 1st June 1919 may be approved. The need for opening additional training schools has already been admitted by Government—vide Letter to the Government of India, No. 471, Home (Education), dated 11th April 1918.

2. The staff now proposed for the school is compared below with that sanctioned for the same institution in G.O. No. 759, dated 15th August 1913, and the staff employed in a permanent institution of the same grade—G.O. No. 88, Home (Education), dated 24th January 1918 :—

The pay now proposed for the staff to be employed in the school, though slightly higher than that sanctioned in 1913, is less than that of the staff employed in a permanent higher elementary training school. In 1913 the institution was opened only for a period of 22 months and hence a smaller staff was deemed sufficient. The Director proposes also to entertain the second and the third assistants only from July 1920 and to employ a combined drawing and gymnastic instructor on Rs. 30, if a competent man is available, thus reducing the charges by Rs. 10 per mensem. The cost of living has considerably risen since 1913 and a B.A., L.T., is now able to command a salary of Rs. 80 per mensem to begin with. The rates of pay suggested by the Director do not appear to be excessive and may be accepted.

3. In calculating the ultimate extra cost, the Director has made provision for the payment of stipends to the second year students for the full period of twelve months, whereas, in practice, they draw stipends only for a period of about nine or ten months. The Director's proposal to meet the extra cost from the lump provision of 5½ lakhs for the improvement of primary education may be accepted.

C. RAMANUJA ACHARIYAR—8-11-18.

Does the Director of Public Instruction consider the inclusion of the headmastership in the cadre of sub-assistants and of the three assistants in the cadre of supervisors desirable?

R. RAMACHANDRA RAO—11-11-18.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I did not include the posts in the cadres as it has not been customary to do so in the case of temporary training schools. There is, however, no objection to the inclusion of the headmasters' and first assistants' posts in the Sub-Assistant Inspector's cadre—both in the probationary grade on Rs. 75 and to the inclusion of the other two posts in the Supervisors' cadre—one in the first grade on Rs. 50 and the other in the second grade on Rs. 40.

H. S. DUNCAN—15-11-18.

HOME (EDUCATION) DEPARTMENT.

The Director suggests the inclusion of the posts of the headmaster and the first assistant in the cadre of sub-assistants and that of the other two assistants in that of supervisors. If this is accepted, the pay proposed for the first assistant will have to be raised from Rs. 60 per mensem to Rs. 75 per mensem, the pay of a sub-assistant in the probationary grade. There seems, however, to be no objection to doing it. Government have already included the posts of first assistants employed in training schools at Chittoor, Coimbatore, Trichinopoly, Tanjore, Triplicane and Manamadura in the cadre of sub-assistants. Please see G.O. No. 88, Home (Education), dated 24th January 1918.

These institutions are however permanent. The one proposed to be opened at Amalapur will be temporary.

FINANCIAL DEPARTMENT.

The proposal of the Director of Public Instruction is to open a Government training school of the higher elementary grade at Amalapur for a period of *three* years with effect from 1st June 1919. For the staff proposed by him, please see page 1 of these proceedings. The pay proposed by him at first was Rs. 75 per mensem for the headmaster (B.A., L.T.), Rs. 60 for the first assistant, Rs. 50 for the second assistant and Rs. 40 for the third assistant. He has since, on the invitation of the Home Department, suggested the inclusion of the post of headmaster and first assistant in the Sub-Assistant Inspectors' cadre, both in the probationary grade on

Rs. 75 and the other two posts in the Supervisors' cadre—one in the first grade on Rs. 50 and the other in the second grade on Rs. 40. This would mean that the pay of the first assistant would have to be fixed at Rs. 75 instead of at Rs. 60 as *originally* proposed by the Director of Public Instruction, while the pay of the remaining three teachers would stand as at first proposed.

2. Home (Education) points out that the headmasters' and first assistants' posts in the training schools at Chittoor, Coimbatore, Trichinopoly, Tanjore, Triplicane and Manamadura have been included in the cadre of Sub-Assistant Inspectors—[vide G.O. No. 88, Home (Education), dated 24th January 1918]. Submitted that these institutions are *permanent*, while the one proposed to be opened at Amalapur is for *three* years from 1st June 1919. It is therefore submitted for consideration whether

I think this should be done.

the pay and status of the staff may not be fixed as originally proposed by the Director of Public Instruction. If and when the institution becomes permanent, the proposal of the Director of Public Instruction above may receive favourable consideration.

[It may, however, be noted that the Director of Public Instruction has calculated stipends for the second year students for twelve months, whereas they are paid stipends actually only for about nine or ten months.] The amount may be met from the source indicated by the Director of Public Instruction in paragraph 2 of his letter.

2 NOTES to G.O. No. 1673, HOME (EDUCATION), 26TH DECEMBER 1918

Does the Director of Public Instruction consider the inclusion of the headmastership in the cadre of sub-assistants and of the three assistants in the cadre of supervisors desirable?

R. RAMACHANDRA RAO—11-11-18.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I did not include the posts in the cadres as it has not been customary to do so in the case of temporary training schools. There is, however, no objection to the inclusion of the headmasters' and first assistants' posts in the Sub-Assistant Inspector's cadre—both in the probationary grade on Rs. 75 and to the inclusion of the other two posts in the Supervisors' cadre—one in the first grade on Rs. 50 and the other in the second grade on Rs. 40.

H. S. DUNCAN—15-11-18.

HOME (EDUCATION) DEPARTMENT.

The Director suggests the inclusion of the posts of the headmaster and the first assistant in the cadre of sub-assistants and that of the other two assistants in that of supervisors. If this is accepted, the pay proposed for the first assistant will have to be raised from Rs. 55 per mensem (Rs. 600) per mensem, the pay of a sub-assistant in the probationary grade. There seems, however, to be no objection to doing it. Government have already included the posts of first assistants employed in training schools at Chittoor, Coimbatore, Trichinopoly, Tanjore, Triplicane and Manamadura in the cadre of sub-assistants. Please see G.O. No. 83, Home (Education), dated 24th January 1918.

These institutions are however permanent. The one proposed to be opened at Amalapur will be temporary.

The proposal of the Director of Public Instruction is to open a Government

training school of the higher elementary grade at Amalapur for a period of three years with effect from 1st June 1919. For the staff proposed by him, please see

page 1 of these proceedings

page 2, current file. The pay proposed by him at first was Rs. 75 per mensem for the headmaster (B.A., L.T.), Rs. 60 for the first assistant, Rs. 50 for the second assistant and Rs. 40 for the third assistant. He has since on the invitation of the Home Department suggested the inclusion of the post of headmaster and first assistant in the Sub-Assistant Inspectors' cadre, both in the probationary grade on Rs. 75 and the other two posts in the Supervisors' cadre—one in the first grade on Rs. 50 and the other in the second grade on Rs. 40. This would mean that the pay of the first assistant would have to be fixed at Rs. 75 instead of at Rs. 60 as originally proposed by the Director of Public Instruction, while the pay of the remaining three teachers would stand as at first proposed.

2. Home (Education) points out that the headmasters' and first assistants' posts in the training schools at Chittoor, Coimbatore, Trichinopoly, Tanjore, Triplicane and Manamadura have been included in the cadre of Sub-Assistant Inspectors—[vide G.O. No. 83, Home (Education), dated 24th January 1918]. Submitted that these institutions are permanent, while the one proposed to be opened at Amalapur is for three years from 1st June 1919. It is therefore submitted for consideration whether

I think this should be done.

J.M.H.—14-12-18.

the pay and status of the staff may not be fixed as originally proposed by the Director of Public Instruction on page 2 of current file. If and when the institution becomes permanent, the proposal of the Director of Public Instruction on page 2 may receive favourable consideration.
