C No 860 A from the D.I. C No 2949 & 23. 3. 18

Subject - Supply of bicycles to certain officers

For the first time in 1908 a bicycle was supplied to the office of an inspecting officer (the Inspector of European and Training Schools whose headquarters are at Madras) - No. 379 Ind. & 15. 5. 08. The necessity for the bicycle was explained by the Inspector in the following words: -

"Letters, question papers and passand failure lists in connection with the Teachers' Certificate examinations and the European Scholarship examination have very often to be sent to the Post. Buses and coolies have to be employed. This arrangement is neither convenient nor desirable. There is besides, the delay in the transmission of the question papers from and to the Post which can be avoided if a bicycle is supplied. When I am out inspecting ^{Madras} schools, papers have to be sent to me for signature and the person who brings them has to walk several miles from the office and often is not able to return before the office is closed for the day. The supply of a bicycle will greatly reduce this difficulty." - p. 20 of No 379 Ind. & 15. 5. 08.

Following this precedent a bicycle was sanctioned for the offices of the Inspector of Schools, 4th Circle and the Inspector of girls' schools, Central Circle ^{which have} their headquarters at Madras.

for no 64 Ind. & 13. 9. 11.

Recently the Govt. sanctioned the supply of a bicycle to the office of the Inspector of Schools, II Circle, who ^{has} ~~has~~ ^{his} headquarters ^{at} ~~at~~ ⁱⁿ Tanjore -
 (E) for no. 1225 (Amel Edn) 25.9.17. It was then represented that much time and energy were wasted by the fears conveying ^{between} post office and the Inspector's office or quarters ^{in Tanjore} and on other errands, and that the distance between the post office and the travellers' bungalow in some important places which the Inspector has to visit during his hours is between $1\frac{1}{2}$ and 2 miles.

2. The D. P. I. now requests that bicycles may be supplied to the offices of

- (1) the Inspectors of Schools, I, II, V and VIII Circles,
- (2) the Inspectresses of girls' schools, northern and Southern circles,
- (3) All assistant inspectors of schools, and
- (4) all assistant inspectresses of girls' schools.

As regards their necessity, the Director merely states that the use of bicycles will greatly facilitate the despatch of work in ~~the~~ offices. Submitted that this reason ~~does~~ ^{is} does not seem convincing and that further arguments explaining the necessity ^{in each individual case} seem necessary. It is for consideration whether the file may be sent to the D. P. I. for remarks.

3. The Govt. sanctioning the supply of bicycles to the offices of the Inspectors of Schools, III, VII and IX Circles are not traceable ~~by~~ ^{by} the Director.

* Since ascertained by telephone that the supply of the bicycles was sanctioned by the Director himself.

maybe requested to quote them.

To provide all the officers mentioned by the D.P.I is a large order, which it may not be desirable to sanction at the present moment. We may probably accept the need for providing cycles to the six inspectors & unspookesses, & as regards other ~~particulars~~ P.I can make out a case for the other cases individuals may consider them.

To provide all the officers with

task. It is not possible
to sanction at the present time
the supply of bicycles to
all the officers. It is
necessary to restrict the
