when funds become available.

I have the honour to be,

Sir,

Your most obedient Servant,

PUBLIC WORKS DEPARTMENT.

E. W. NOTE.

The Director of Public Instruction submits 2 Drawings and detailed estimates amounting to Rs.12,700 for a grant-in-aid towards the cost of constructing a building for the Wesleyan Mission Girls' School at Negapatam, Tanjore District.

The particulars of the drawings and estimates are as follows :- Rs.

(1) Main Building (School House) D.P.I.No.226(B)	7,479
(2) Latrine of 8 seats Type design No.112-C	875
(3) Water supply	150
(4) Compound wall	2,096
(5) Compensation for land	2,100
(6) Site plan D.P.I.No.226(A)	

Total Rs. 12,700

II. The drawings and estimates have been scrutinized in the Chief Engineer's office and the following alterations carried out:-

- Making provision for additional collars at level of wall plates to tie the rafters supporting the roof over room C.
- Reducing the cost of compound wall from Rs.4-0-0 to Rs.3-0-0 per Rft. by adopting the design shewn on flap dated 27-5-18.
- Adopting, for economy, San.No.2 of 1917 instead of San.Board Type design No. 112-C ~~xxx~~ for latrine.
- Altering, where necessary, the sizes of roof timbers.

By these alterations, the total amount

of

of the estimate is reduced from Rs.12,700 to Rs.12,000.

III. The number of pupils to be accommodated in each room is not known. It is not stated if the existing building is intended to be utilised for any useful purpose; if so the latrine would be too near it, and will have to be shifted farther.

IV. The rate of Rs.4-0-0 provided in the estimate for glazed windows is high. It is considered that, owing to increase in the cost of glass, teak wood battened windows would be sufficient for the present.

V. The Superintending Engineer should satisfy himself as to the suitability of the foundations.

VI. With these remarks, the drawings and estimates as altered in the Chief Engineer's office, the latter amounting to Rs.12,000, are recommended for approval.
