Sir,

I have the honour to forward herewith the petition of B.V. Krishna Rao, Head Accountant of my office, praying that Government will be pleased to publish Vol. II of his Ready Reckoner and credit the proceeds to the War Fund. The Volume contains the following Tables:-

Table I.- For Calculation of Land Assessments. This table is useful to the officers of the P.W.D., -- Settlement and Revenue Departments and to Karnams and contains all the rates in force.

Tables II, III, IV, & V.- For Salaries.

Table VI.- For Income-tax (Contains also the newly introduced rates.

Table VII.- For Interest.

The Tables in this book are more exhaustive than those in Gopal Doss Manual. The author and -- Publisher of the latter book is dead and there is no likelihood of its appearing again.

Petitioner Krishna Rao desires nothing for his labour but only wants the registration of the -- copy-right in his name. He also says that in case it is found not possible to print the book in the Government Press, he will publish it himself if the Government will be pleased to give an assurance of its recognition. The publication will be useful and a considerable amount can be expected from the sale

proceeds, which as petitioner desires may be credited to the War Fund. I recommend that Government be pleased to grant petitioner's request.

Respected Sir,

I beg to state that Volume II of my Ready -
Reckoner relating to the calculation of Land Assessment
and values of work done has been completed and request
that your Honour will be pleased to get it printed in
Government Press, Madras and to arrange for the sale -
proceeds being credited to the War Funds. In this -
volume amounts have been calculated for various rates
ranging from Re.0-0-1 to Re.0-1-0 and from Re.0-1-0 to
Rs.12-8-0 (varying by an anna), from Rs.13-0-0 to --
Rs.30-0-0 (varying by a Rupee) and Rs.35-0-0 to Rs.100/-
(varying by Re.5/-), and for units ranging from one cent
to 100 cents and from ac.1 to ac.10 (varying by an acre)
from ac.10 to 100 (varying by ten acres) and from --
ac.100 to 1,000 (varying by ac.100). This volume is
useful to Karnams and Revenue Officers in calculation
of assessments and to various Public Works Offices in
the preparation of Estimates and bills. *and to the Settlement
offices*
Hitherto Gopal Doss' Manual has been in use but
as its copies have been exhausted there is a great need
for similar calculation tables. The present volume --
arranged more methodically is better suited for the -
purpose. It contains not only all the useful information
given in the Gopal Doss tables but much more information
than what is contained therein. ~~Respect to Gopal~~
~~and the amounts are calculated to decimal points of a pie,~~
calculations for
cents and acres are given in this compilation on the same page
instead of on different pages as in the Gopal Doss' Manual
and the amounts are calculated to decimal points of a pie,
so that they may be useful for accurate calculation. I
shall effect any improvements or additions that may be
directed by your Honour.

Hitherto Gopal Dass' Manual has been in use but its copies are not now available as the author is dead and there is no likelihood of the Manual being reprinted. Even if it is reprinted, the profits go to a private individual. The present volume contains more information than what is given in the Gopal Dass Tables though it omits some tables which are not of any use. I wish to give ^{the profits} to Government for utilization ^{for} the War Funds. I request that my calculation tables (Volume II) may be published at the expense of Government and the profits realized by the sale of the books credited to War Funds. My wish is that the profits may be credited to Madras War Funds during the continuation of the present war and so long as that fund continues. I give up all my claims to the profits. -- If Government does not grant permission to print it in Government Press, I at least beg that an assurance of its recognition be given to me so that I may get it printed locally in Madras.

I beg to remain,

Respected Sir,

C No 1074/B. From the Board of Revenue, Land Revenue, Resolutions

No. 1531(R) dated 11.5.18

Subject - Submitting letter from the Collector, Guntur regarding the printing and publication of a "Ready reckoner" prepared by M. R. Ry. B. V. Krishna Rao, Head Accountant, to Master's office, Guntur.

For the Registrar

M. R. Ry. B. V. Krishna Rao requests

(a) that the Govt. may undertake the publication of his book - Ready reckoner - Vol II. and credit the sale proceeds towards the war fund and (b) that the Copyright of the book may be registered in his name. If the Govt. are not prepared to undertake its publication, the petitioner requests that he may be given an assurance of its recognition by Govt. so that he may publish it himself.

With reference to (a) it is submitted that Govt. do not generally undertake the publication of books with a view to credit the sale proceeds to the war fund. - Vide G.O. No. 416 Home (Eor) dated 27.3.1918. As regards (b) it is submitted that under the Indian Copyright Act, 1914, registration of copyright of any book is legally unnecessary and superfluous - Vide Govt. of India letter no p1 of G.O. 1458 Sol dated 19.12.14.

(J)

(P)

pp 6-74

p 24

(Revised receipt)

In regard to the request for an assurance of recognition by Govt, the petitioner apparently means that the book may be patronized by the Govt. The Board states that the publication is not required by any of its departments.

So far as the Educational Dept. is concerned the book will not be required for the use of Educational institutions. As stated by The Collector - p 4 of the book may be useful to officers of the Public Works and Revenue Dept. and Karmans. If these officers require the book they will purchase it from contingencies or apply for necessary sanction. No assurance from Govt. of its recognition seems therefore to be necessary nor is it usual to give previous assurance of patronage before the book is published.

Subject to orders the draft below is for approval.

We cannot undertake the publication in spite of the bait offered. As regards patronage we can deal with the question after the book has been published. RMD

Draft may be sent to Rev for acceptance.
