Re No. 3459/18

Station Madras, Dated the 5th June 1918

From (Name) The Hon'ble Mr. J.H. Stone, M.A., F.R.H.S.,

C.I.E.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

/Through the Accountant-General/

Sir,

I have the honour to submit the following proposals for raising the lower Elementary training school at Chicacole to the higher elementary grade as a tentative measure.

The permanent retention of the school under the scheme of reorganization of training schools was sanctioned in G.O.No.1231 Ed1, dated 4th November 1914 and it has been working as a lower Elementary training school for the past three years. It is reported that a large number of Telugu pupils who pass out every year from the third forms in the high school at Chicacole and the secondary

SK

secondary schools at Tekkali, Sompeta, Ichapur and Chatrapur in the Ganjam District and at Palaconda and Chipurapalli in the Vizagapatam District and also in the colleges at Parlakimedi, Berhampur, Vizianagram and Vizagapatam are eager to get themselves trained as teachers of the higher elementary grade while the only higher elementary training schools to which these pupils could go are those at Berhampur and Vizagapatam, both of which are about 100 miles distant from Chicacole and the surrounding centres. It is stated that at the Berhampur school preference is usually given to Uriyas while in the Vizagapatam Training school out of the 20 applicants from the Ganjam District, who sought admission during each of the past three years only a very small number could be admitted. Further these candidates hesitate to go to Vizagapatam on account of its remoteness from their homes and the costliness of living therein. Chicacole, on the other hand, is centrally situated in respect of the Ganjam and Vizagapatam districts and is easily accessible to the pupils of the schools referred to above. The absence of provision for higher elementary training in the Training School at Chicacole is also reported to be keenly felt by the S.S.L.C. holders who, having been declared "ineligible" for admission to the Intermediate class, wish to qualify themselves for the teaching profession by undergoing training for the higher elementary grade.

It is further reported that the present school building at Chicacole has an extra room spacious and ventilated which could accommodate a class of 15 students and that it would suffice for the present if provision is made for 15 higher elementary grade stipends.

In these circumstances both the Inspector of schools, 1st circle and the Inspector of European and Training schools recommend the raising of the school to the higher elementary grade and consider that the immediate needs can be met by the employment of an additional teacher on Rs40/- and a combined drawing and drill instructor on Rs30/- which are absolutely necessary in addition to the existing scale of staff in the school as noted in the margin. The proposal which seems reasonable and moderate commends itself to me and I accordingly request

request

request that Government will be pleased to sanction the opening of a higher Elementary Training class in the school for a period of three years from 1st July 1918 and the employment therein of an additional teacher on Rs40 per mensem ^{and} a combined drill and drawing instructor on Rs30/- per mensem. Provision should also be made for the payment of stipends to 15 higher Elementary students.

The extra cost during the eight months of the current year will be Rs1,820, which can be met from the Imperial grant of Rs5½ lakhs. I beg to add that the reason for anticipating in this way comprehensive proposals for the utilization of this allotment is that it is very desirable to start the higher Elementary Training class next term, i.e., in July 1918.

I have the honour to be,

S i r,

Your most obedient servant,

G. B. S. S. S.

for Director of Public Instruction.
