(Designation) DIRECTOR OF PUBLIC INSTRUCTION.

To The Secretary to the Government of Madras,
H O M E Department.
(EDUCATION)

Sir,

With reference to G.O. No. 522 Home (Education),
dated 23rd April 1918, I have the honour to address you on the
subject of the opening of an Engineering School at Vizagapatam.

2 I have been obliged to carry on an extended
correspondence about a temporary building in which it can be
located. Mr. James visited Vizagapatam and selected the old
Superintending Engineer's office but this is in the joint occu-
pation of the Survey Department and a hostel attached to the
St. John's European School. The Director of Survey says that
he cannot vacate it for at least a year to come and I am not
prepared to recommend the ousting of the European hostel.
Several other buildings have also been proposed and two are

still under consideration, the renting of either of which would come within my powers of sanction. Failing either of these proving suitable I propose to locate the school temporarily in the new building just completed for the Vizagapatam Training School. I shall do this with reluctance but as Government desire that the Engineering School should be started this year and the Training School has for many years managed with its present accommodation I think this course is justifiable.

3 Mr. James suggests that the school should open on July 15th and I agree that an earlier date is impossible.

4 The next step to be taken is the appointment of a Superintendent. I have consulted the Joint Secretary to Government, the Hon'ble Mr. S.B. Murray, and Mr. James and they agree that no more suitable appointment could be made than that of Mr. P.H. England, A.M.I.E.E., Sub Engineer. He has served in the College of Engineering and is thoroughly acquainted with its organisation and working and has an excellent reputation for intelligence and hard work. His pay and allowances amount to Rs. 470/- and I suggest that he be appointed on Rs. 500/- the sanctioned pay of the post, temporarily for one year, and that this be done at once pending the decision of other points raised in this letter, as it is essential that there should be a man on the spot to make the necessary arrangements. He will require an assistant and with the concurrence of the two officers mentioned above I propose that he should be Mr. S. Subrahmany Ayyar, Sub Engineer, Sixth Grade, who has also served in the College of Engineering and is highly spoken of for his work there by Mr. James. He may be appointed on his own pay with effect from the 15th July temporarily for one year and relieved in time to join the appointment on that date. I will consult Mr. James as to the subordinate clerical and menial establishment necessary in the first year of the school and make the necessary appointments. I will also ask him to assist Mr. England in providing the necessary furniture and instruments for the twenty students

3 3
of the Probationary Subordinate Class whom it is proposed to admit the first year.

5 With a view to the proper working of the school I suggest that Government rule that the "Rules relating to the constitution and working of the College of Engineering &c." as authorised by Notification of 8th July 1911 and subsequently modified by Notifications of which the last was dated 12th March 1917 be applicable so far as may be to the School of Engineering, Vizagapatam, and that this be the name of the school. This will inter alia put the passed students of the school on a par with similar students in the College of Engineering, vide Rule 76.

702 taken up separately
I further suggest that provision be made for scholarships and prizes in the school identical with that contemplated in Rule 62 and that from the second year when there will be a ^LS.I. Class scholarships be provided as in Rules 60 and 61.

I have the honour to be,

S i r,

Your most obedient servant,

Director of Public Instruction.

CNo. 15234 from the D.P.D. no. 4702 of 13.6.18

Subject. Opening of an engineering school at
Vizagapatam.

So far as the location of the school is concerned, the Director states that he ~~understand~~ is still considering two private buildings the renting of either of which would come within his powers of sanction and failing either, he would establish the school for the present in the new building for the Vizagapatam training school. Submitted that his proposal may be approved in the circumstances explained herein.

2. The proposal to open the school on July 15th does not seem open to objection.

3. For the reasons explained in para. 4 of the letter the proposals to appoint at once Mr. P. H. England as Superintendent at Rs. 500 per month and Mr. S. Subrahmanya Ayyar, Sub Engineer, on his own pay (Rs 250) as one of the instructors with effect from the 15th July may be approved with the concurrence of P.W.D. The ~~opening of the latter~~ will presumably be made by the P.W.D. as the P. is included in the scope of that department.

4. The Director's suggestion that the Engineering College Rules may be held to be applicable so far as may be to the new school may be accepted.

5. The new school may, as suggested the D.P.D. be designated "School of Engineering, Vizagapatam".

He has since been
promoted to (Rs. 300) Sub-
Eng. 5th gr.

6. The Director may, if it is submitted, be asked to bring up separately the question of the provision of scholarships etc. referred to in the concluding portion of the letter.

7. A draft order is submitted for approval. It may be sent to P.W.D. for acceptance.

This Septe may agree to the proposal to appoint Candr England as acting Supdt of the new Eng. school. ^{however} Before being appointed by the E.C. Septe, the services of Candr ~~the~~ England have to be formally placed at the disposal of that Septe. A draft notification placing his services ^{accordingly} at the disposal of that Septe is subm^d for approval.

2. With reference to para 3 of the note on p.1 ante, re the posting of M.S. Subrahmanya ^{Subrahmanya} to the new school, there ~~is no~~ objection.

objection to this being done so far as the
Dept is concerned; but as he is a Sub-
Engineer, he can, ^{para 4 of} under G.O. No 1125 Wg
12.6.13. only be posted to a sub division
or a charge recognised as being equivalent
thereto. From para 4 of Mr James'
letter printed on p. 3 of G.O. No 522 Home (384)
8.23.4.13, it is however observed that
provision has been made for ~~only~~ 3 Asst
Instructors - one Supervisor, 2nd grade, and
two overseers first grade - for the new
school. Sub Engineers are posted to the
College of Engineering, Madras, as Instructors
^{and not Asst. Instructors.} only; Home (Edu) may be requested
to have one of the 3 posts of Asst
Instructors provided for the school
^{with the concurrence of Financial} of Engineering recognised as that of
an Instructor or a charge equivalent
to that of a sub div. to ^{admit 7-} enable Mr S.
Subrahmanya Ayyar being posted to it.
Subject to this being done, ~~as far as~~
^{an other} ~~was added~~ to the draft notification
is put up, posting the sub Engineer to
the school. It may be issued after acceptance
^{in Home & Financial} Subject to the above remarks, the draft
or an ~~other~~ ~~case~~ may be accepted &
the case returned to Home (Edu) Dept after
the notification is approved.

This will necessitate
the commission of one of the
3 temporary overseers on
Rs. 60 into a temp.

In G.O. No. 522 Home (Edu) 8-23.4.18, the Govt. Sanctioned the employment of 3 Assistant Instructors in the Upper Subordinate Cadre of the P. W. D. for the Engineering School, Vizagapatnam. For this purpose, 3 temporary appointments were created in the last grade of overseen. The D. I. D. now proposes to appoint a Sub Engineer to one of

the posts, but he has given no reasons as to why an officer of the higher class is required. In the circumstances, it is for orders whether the proposal of the P.W.D. and Home (Educn.) depts. to sanction a temporary Sub Engineer's post on Rs 250 instead of a temporary Overseer's post on Rs 60 sanctioned in G.O. 522 Home (EDN) 8 23.4.18 will be accepted. There is a lump provision of Rs 21,000 in the budget for this school.

21.6.18. I remain to doubt whether the official should agree to his appointment of a Sub. Engineer on Rs 250 a month unless P.W.D. certify that it is not possible to find ^{competent} a superior or a man for the job.

Superintendent of the new School at Vizagapatam ^{for the reason that} Mr. Subrahmanya Ayyar has already served in the College of Engineering and has been highly spoken of for his work there. It is therefore for the D.P.I. and Mr. James to say whether another subordinate will do, ~~and~~ ~~the same work as the Department.~~ The file may be transferred to Home (Educational) for the purpose of ~~advising~~ ^{advising} their opinion.

Mr. Subrahmanya Ayyar was selected by the S.P.S. after consulting me. It is of the greatest importance that the new school should be given a good start, and an efficient staff is a big step in that direction. I strongly support Mr. A's nomination.

✓ necessary to report this. The whole staff is temporary for three years under P.O. No 522. The present proposal is a substantial variation from the scale sanctioned in the order & financial m. board to draw attention to the fact. The variation may be administrative expedient & Finl.
