Mr. Innes forwards the bond
executed by S. Venkatasubba ayyar
the third candidate. The bond is
not in proper form. It should
be executed by the candidate
who receives the scholarship
as the 'principal obligor' and by
two ^(other men as) sureties. In the preamble
to the bond ^{now received} ~~of Venkatasubba ayyar~~
~~and the name of Mr. Sankara~~
subba ayyar, the father of the
scholarship holder, is shown as
the principal obligor and one
Mr. Rama Ayyar as surety.
But at the end of the bond, in
mentioning the names of the parties
thereto, the scholarship holder,
Venkatasubba ayyar, is shown
correctly as the 'principal obligor'
and the ~~the~~ two other men as
sureties. The preamble should
therefore be corrected with
suitable modifications in other
places.

to the bond is left totally blank

Q

6.7.18

paragraph 917-III of the Public Works Department Code, the power of the Local Government to authorise Superintending Engineers and heads of departments to incur expenditure on residential buildings is limited by the following conditions:—

- (1) that the total cost of the building does not exceed Rs. 2,000 and
- (2) that the rental value of the building calculated according to Public Works Department Code rules shall not exceed 10 per cent of the average salary of the class of tenant for whom it is intended.

Items (1) to (4) mentioned by the Accountant-General in his letter transgress the first condition. Items (2) to (5) do not fulfil the second condition, as the limits of outlay based on 10 per cent of average salary for Rangers* and Deputy Rangers† are Rs. 1,745 and Rs. 742 respectively.

* Average pay is Rs. 80.

$$\frac{80 \times 240}{11} = \text{Rs. } 1,745.$$
 † Average pay is Rs. 34.

$$\frac{34 \times 240}{11} = \text{Rs. } 742.$$

2. The Revenue (Special) Department consider that the power should not be withdrawn unless the interests of Government have been seriously and adversely affected in several cases. It will be seen from paragraph 1 that there were several cases in which the permissible limits had been exceeded. The cost of Deputy Rangers' quarters is placed at Rs. 2,150 and Rs. 2,190 against the permissible outlay of Rs. 742.

Moreover, the fact that the powers of Conservators are limited to the same amounts as for Superintending Engineers shows that the delegation does not extend to residential buildings as Superintending Engineers have no such power.

3. In the circumstances, the Revenue (Special) Department may be requested to amend paragraph 145 of the Forest Code, so as to make it clear that the powers to sanction estimates do not extend to residential buildings.

T.A.S.—23-8-19.

Conservators of Forests are heads of departments (Appendix I-A, Civil Service Regulations) and may be delegated power under rule 917-III, Public Works Department Code, up to Rs. 2,000 but not more. The Chief Conservator's powers should also be limited to the same extent and the appendix to G.O. No. 692, Revenue, dated 11th April 1919, should be amended accordingly.

J. M. HOOPER—25-8-19.

It should be made clear that item 20 (b) on page 17 of G.O. No. 692, Revenue (Special), dated 11th April 1919, does not apply to residential buildings. If the Chief Conservator and Conservators are given powers to sanction capital expenditure on residential buildings up to Rs. 2,000, they must comply with other conditions in paragraph 917 of the Public Works Code, especially those affecting the permissible limits of cost, which must not be exceeded without the sanction of the Government. Subject to this understanding and the limitation to Rs. 2,000, the powers of Conservators in this respect may be retained.

In the draft order reference is made to paragraph 917, rule III of the Public Works Department Code. [Endorsement No. 863-I/19-1, dated 5th April 1919].

From the Chief Conservator of Forests, Ref. No. 304/19-2, dated 4th August 1919.

Please see the Chief Conservator's reply. He is against the proposal to curtail the existing powers of Conservators in the manner suggested by the Accountant-General. The present practice has not adversely affected the interests of Government till now. Submitted that this department may agree with the Chief Conservator that the Conservators' powers under section 145 of the Forest Code should not be curtailed. With these remarks, the file may be returned to the Financial Department.

R.V.—13-8-19.

Unless it can be shown that the interests of Government have been seriously and adversely affected in several cases, I do not see any reason to withdraw this power; if there have been one or two such cases, the officers responsible may be asked for their explanation if necessary. So far as I can see, it is not shown that the interests of Government have been adversely affected.

A. Y. G. CAMPBELL—14-8-19.

FINANCIAL DEPARTMENT.

Under paragraph 145 of the Forest Department Code, Conservators can sanction estimates chargeable to 'capital' expenditure up to the same amount as is allowed from time to time in the case of Superintending Engineers of the Public Works Department.
