Subsidy

Sanctioning the distribution of a total — of Rs. 22,17,440 among local bodies.

READ—the following paper:—

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 25th June 1918.

No.—Cur. 5424.

I have the honour to submit, for the sanction of Government, proposals for the distribution to local bodies on account of education of subsidies amounting to Rs. 22,17,440 for the current official year according to the annexed statements for the objects noted below :—

	District boards.	Municipalities.	Total.
	RS.	RS.	RS.
(a) Usual contribution	1,87,367	5,060	1,92,427
(b) Cost of maintenance of elementary schools opened from the year 1911-12 to 1917-18.	9,99,877	1,01,651	11,01,528
(c) Employment of additional teaching staff in elementary schools.	3,82,320	34,342	4,16,662
(d) Enhancement of salaries of qualified teachers in elementary schools from Rs. 8 to Rs. 10.	94,310	5,040	99,350
(e) Payment of extra capitation allowance to teachers in elementary schools.	2,05,814	21,297	2,27,111

(i) Employment of staff for imparting instruction in Hindustani in secondary schools.	...	828	828
Total	20,01,713	2,15,727	22,17,440

2. The amounts proposed for each district board or municipality are the same as those for which credit has been allowed in its budget estimate for the current year except in the case of the Chingleput District Board and the Rajahmundry municipality. The amount required for the payment of subsidies for the current year to the Chingleput District Board comes to Rs. 48,820, while the contribution from Government for which credit has been taken under education is shown as Rs. 48,740 in the budget estimates sanctioned in G.O. No. 311 L., dated 2nd March 1918. The reduction of Rs. 80 has apparently been made with reference to the remark contained in paragraph 2 of my endorsement Ref. on C. No. 1621/3 of 1917, dated 16th January 1918, that the contribution for training schools (sessional schools) may be reduced to Rs. 2,600. It is now observed that the figure 2,680 shown against contribution for training schools on page 4 of the budget estimates for 1918-19 received from the President of the Board is only a clerical error for 2,600 as the total given at the

bottom of the page works out correct with the latter figure. A subsidy of Rs. 48,820 is therefore recommended for payment to the Board. The orders of Government sanctioning the budget estimates of the Rajahmundry municipality for 1918-19 have not yet been received. The amount of subsidy now proposed to be sanctioned to the municipality is the same for which credit has been recommended to be taken in paragraph 2 of my endorsement Ref. on C. No. 1547/3 of 1917, dated 25th January 1918, on the budget estimate of the municipality for 1918-19.

3. The expenditure can be met from the provision of Rs. 18,276 in the Civil Budget Estimate for the current year under "22-C. EDUCATION—Government Colleges, General—Payment in support of Municipal Colleges" and from that of Rs. 27,00,800 under "22-E. EDUCATION—Government Schools, General—Payment in support of Municipal and Local Board Schools."

4. In G.O. Mis. No. 1825 L., dated 4th December 1917, Government have sanctioned in favour of the Goomsur Taluk Board an annual contribution from Provincial funds to meet the additional cost involved by the employment of a Graduate headmaster and a Telugu teacher in the Board Incomplete Secondary School at Aska and a subsidy of Rs. 55 was sanctioned to the District Board, Ganjam, on this account last year in G.O. No. 124, Home (Education), dated 4th February 1918. In G.O. No. 757, Home (Education), dated 11th June 1918, Government have sanctioned the opening of form IV in the school during the school year 1918-19 and have also sanctioned the entertainment of a headmaster on Rs. 125 per mensem and an assistant teacher on Rs. 80 per mensem for this purpose. As Government have also agreed to bear from Provincial funds the net additional cost involved in the raising of the standard of the school, the contribution sanctioned in G.O. Mis. No. 1825 L., dated 4th December 1917, seems no longer necessary. No amount has been proposed on this account in the distribution statement appended.

5. The subsidy proposed for the District Board, Gōdāvari, does not provide any amount towards the maintenance of the National High School, Ramachandrapur. An application for subsidy for the current year towards the maintenance of the school has been received by me and the same will be submitted to Government shortly with reference to paragraph 2 of G.O. No. 854, Home (Education), dated 26th June 1917.

6. In G.O. Mis. No. 493 L., dated 29th March 1917, Government have agreed to bear from Provincial funds the net additional cost of the Board Incomplete Secondary School, Koilkuntla, after deducting the contributions promised by the residents of the place. In G.O. Mis. No. 1205 L., dated 22nd August 1917, Government have agreed to bear half the net additional cost involved in raising the Board Incomplete Secondary School, Angadipuram, to a complete secondary school. In G.O. Mis. No. 668 L., dated 3rd May 1917, Government have agreed to bear the net cost of maintaining the Board Incomplete Secondary Girls' School at Vadakkanthara over and above the income from the Moyan Endowment fund. In G.O. Mis. No. 916 L., dated 20th June 1917, Government have agreed to bear one-half of the net cost of the Board Incomplete Secondary School, Hosur. The credit taken under contributions from Government towards education in the sanctioned budget estimates of the District Boards of Kurnool and Salem for 1918-19 includes Rs. 820 and Rs. 340 towards the net cost of the Koilkuntla and Hosur schools, respectively, and the provision for the same purpose in the sanctioned budget estimate of the District Board, Malabar, for 1918-19 includes Rs. 270 and Rs. 2,120 towards the net cost of the Angadipuram and Vadakkanthara schools, respectively. Recommendations for the payment of subsidy to the boards on account of these schools will be made to Government on receipt of the necessary applications for aid on behalf of the schools from the presidents concerned.

7. The credit taken under contributions from Government towards education in the sanctioned budget estimate of the District Board, Madura, for 1918-19 includes Rs. 850 towards the additional cost involved in the revision of establishment of the Board Elementary School, Usilampatti. The President of the Board has been informed in paragraph 2 of G.O. Mis. No. 1612 L., dated 26th October 1917, that he should

apply to me for a subsidy equivalent to the additional cost that will have to be incurred during the current and subsequent years. No application for a subsidy has yet been received by me from the President of the Board.

8. The credit taken under contributions from Government towards education in the sanctioned budget estimate of the Ongole municipality for 1918-19 has been fixed at Rs. 1,890 in paragraph 1 of G.O. No. 334 M., dated 28th February 1918, although the amount recommended by me was only Rs. 1,254—vide paragraph 2 of my endorsement Ref. on Cur. No. 1549/3 of 1917, dated 5th February 1918. A sum of Rs. 1,254 only is required during the current year for the payment of subsidy to the municipality and the same is proposed to be sanctioned.

9. The subsidy of Rs. 486 sanctioned to the Anakapalle municipality towards the cost of improving the general staff of the municipal high school, Anakapalle, is proposed to be repeated during the current year also. Any additional subsidy that may be required to meet the extra cost involved by the revision of establishment of the school sanctioned in G.O. Mis. No. 204 M., dated 7th February 1918, may be met from the provision of Rs. 11,000 for grants to local bodies for secondary schools (from the grant of four lakhs) in the current year's budget as recommended in my endorsement referred to in paragraph 2 of the Government Order.

10. Attention is also solicited to the remarks added at the bottom of the statements.

11. The subsidies sanctioned in G.O. No. 361, Home (Education), dated 18th March 1918, towards the enhancement of the minimum pay of teachers in elementary schools have not been included in the statements as the matter is under the consideration of Government and the local bodies have been warned that the amounts sanctioned for this purpose last year are liable to readjustment during the current year.

12. I beg to solicit the attention of Government to my communications noted below recommending the payment of subsidies to certain local bodies for the purposes noted against them:—

(a) Letter N.R.C. No. 10600/17, dated 2nd February 1918, recommending a subsidy of Rs. 5,088 to the Bellary municipality for the revision of establishment of the Municipal High School, Bellary.

(b) Endorsement N.R.C. No. 10001/17, dated 15th February 1918, recommending a subsidy of Rs. 7,000 to the District Board, Gōdāvari, for the maintenance of elementary schools under the Polavaram Taluk Board.

(c) Endorsement R.C. No. 278, dated 10th April 1918, recommending a subsidy of Rs. 1,000 to the District Board, Bellary, for the revision of establishment of the Board High School, Harpanahalle.

(d) Endorsement N.R.C. No. 2894, dated 15th May 1918, recommending a subsidy of Rs. 1,175 to the District Board, Trichinopoly, for the revision of establishment of sessional schools.

(e) Endorsement N.R.C. No. 3930, dated 20th May 1918, recommending a subsidy of Rs. 396 to the Tinnevely municipality for the revision of establishment of the Municipal elementary school, Melaviraraghavapuram.

(f) Letter R.C. No. 2066, dated 21st May 1918, recommending a subsidy of Rs. 1,430 to the Rajahmundry municipality for the maintenance of elementary schools.

If orders of Government have been passed on any of the above-mentioned proposals, the necessary amount may be included in the statements.

13. Payment of a subsidy of Rs. 1,200 to the Tiruppattūr municipality towards the revision of establishment of the Municipal High School, Tiruppattūr, sanctioned in G.O. Mis. No. 819 M., dated 18th May 1918, has already been authorized for payment during the current year—vide G.O. No. 731, Home (Education), dated 7th June 1918. This amount has therefore not been included in the statement.

14. Attention is also solicited to my letter to Government R.C. No. 3412, dated 14th June 1918, recommending the payment of subsidies of Rs. 5,000 and Rs. 10,000 to the Cannanore and Tellicherry municipalities, respectively, as an advance payment for the maintenance of their schools.

NOTES CONNECTED WITH G.O. No. 994, HOME (EDUCATION),
DATED 30th JULY 1918.

[SUBJECT.—Distribution of subsidies to local boards and municipalities for 1918-19.]

From the Director of Public Instruction, dated 25th June 1918, No. 5424.

HOME (EDUCATION) DEPARTMENT.

The proposals now submitted by the Director of Public Instruction follow generally the distribution for 1917-18 as modified with reference to the individual orders issued thereafter and the orders on the budget estimate of certain local bodies [G.O. No. 1104, Home (Education), dated 29th August 1917]. The variations in the figures in some cases are explained in paragraphs 2 and 8 of the letter and may be accepted. In paragraphs 4, 5, 6, 7, 9, 11 and 13 the Director has explained why he has not included provision in the distribution statement in respect of the institutions mentioned therein. His suggestions may be accepted.

2. The statement has been checked and the following points are noticed :—

(i) *Rajahmundry Municipality*.—The Municipal Council of Rajahmundry has applied for additional subsidy towards the maintenance of the secondary and elementary schools under its management. The distribution statement submitted by the Director does not include any extra provision on this account. Besides Financial has declined to sanction any additional recurring subsidy. That department has only agreed to a subsidy of Rs. 1,500 for equipment of the secondary school. This will be sanctioned later on on receipt of a copy of the order in Local and Municipal. No addition to the usual recurring subsidy need therefore be made.

(ii) *Coimbatore District Board*.—With reference to G.O. No. 823, Home (Education), dated 24th June 1918, a new girls' school at Tiruppur—page 8 of provision of Rs. 580 * from the subsidy G.O. 1585, Home (Education), 15th for new schools sanctioned in G.O. December 1917, may be transferred from the Coimbatore District Board to the new Municipal Council of Tiruppur.

(iii) *Chittoor Municipality*.—Owing to the transfer of five elementary schools from the Chittoor Taluk Board to the Chittoor Municipality, a sum of Rs. 3,119 has been deducted from the subsidy payable to the district board; but the amount of subsidy to the municipal council entered in the statement is only Rs. 2,030 on the ground that this is the amount for which credit has been taken in the council's budget. If the actual cost of maintenance of the schools is Rs. 3,119, it does not appear reasonable to reduce it to Rs. 2,030. Perhaps the figure entered in the distribution statement may be allowed to stand and the Municipal Council of Chittoor allowed to come up for additional subsidy later on if necessary.

(iv) *Madura Municipality*.—An annual subsidy of Rs. 1,500 is being sanctioned to the Madura Municipal Council since 1913-14 towards the maintenance of an elementary school for the mill hands. It has recently been found that the actual cost of maintenance of this school is considerably below the estimated sum (of Rs. 1,500) and with a view to see how far this could be reduced, the municipal council has been asked in Local and Municipal to report the actual cost for the last three years. No reduction can therefore be made till orders are passed on the question. Besides the municipal council has applied for additional subsidy in respect of other schools under its management and any necessary adjustment may be made in that connexion.

3. The Government have not yet passed orders on the various proposals referred to in paragraph 2 of the Director's letter and they need not therefore be considered now.

4. Orders are separately issuing sanctioning advances of Rs. 5,000 and Rs. 8,500 respectively to the Municipal Councils of Cannanore and Tellicherry.

5. The following statement compares the amounts now proposed for distribution for the various objects with those paid last year and the allotments made for the purpose in the budget:—

[In lakhs of rupees.]

	Amount now proposed.	Provision made in the budget.	Amount paid in 1917-18.	Amount now proposed.	Provision made in the budget.	Amount paid in 1917-18.

Total	20.02	20.16	17.37	2.16	2.25	1.81

It will be seen from the above that against a total budget provision of 22.41 lakhs the present proposals cover 22.18 lakhs. The saving of .23 lakh mainly occurs under municipalities (owing to the reduction of subsidies previously given to certain municipal councils by the expenditure incurred by them on grants-in-aid to private schools which is hereafter proposed to be met directly from Provincial funds) and under sessional schools. This saving will be required to meet the applications that are being received from local bodies for additional subsidies.

Sanctioning the distribution of a total — of Rs. 22,17,440 among local bodies.

Read—the following paper:—

Letter—from the Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 25th June 1918.

No.—Cur. 5424.

I have the honour to submit, for the sanction of Government, proposals for the distribution to local bodies on account of education of subsidies amounting to Rs. 22,17,440 for the current official year according to the annexed statements for the objects noted below:—

Total	20,01,713	2,15,727	22,17,440

2. The amounts proposed for each district board or municipality are the same as those for which credit has been allowed in its budget estimate for the current year except in the case of the Chingleput District Board and the Rajahmundry municipality. The amount required for the payment of subsidies for the current year to the Chingleput District Board comes to Rs. 48,820, while the contribution from Government for which credit has been taken under education is shown as Rs. 48,740 in the budget estimates sanctioned in G.O. No. 311 L, dated 2nd March 1918. The reduction of Rs. 80 has apparently been made with reference to the remark contained in paragraph 2 of my endorsement Ref. on C. No. 1621/3 of 1917, dated 16th January 1918, that the contribution for training schools (sessional schools) may be reduced to Rs. 2,600. It is now observed that the figure 2,680 shown against contribution for training schools on page 4 of the budget estimates for 1918-19 received from the President of the Board is only a clerical error for 2,600 as the total given at the

The amount of Rs. 22,17,540 is recommended for the year 1918-19, as sanctioned by the Government of Madras, Home (Education) Department, on the 26th June 1918.

bottom of the page works out correct with the latter figure. A subsidy of Rs. 48,820 is therefore recommended for payment to the Board. The orders of Government sanctioning the budget estimates of the Rajahmundry municipality for 1918-19 have not yet been received. The amount of subsidy now proposed to be sanctioned to the municipality is the same for which credit has been recommended to be taken in paragraph 2 of my endorsement Ref. on C. No. 1547/3 of 1917, dated 25th January 1918, on the budget estimate of the municipality for 1918-19.

3. The expenditure can be met from the provision of Rs. 18,276 in the Civil Budget Estimate for the current year under "22-C. EDUCATION—Government Colleges, General—Payment in support of Municipal Colleges" and from that of Rs. 27,00,800 under "22-E. EDUCATION—Government Schools, General—Payment in support of Municipal and Local Board Schools."

4. In G.O. Mis. No. 1825 L., dated 4th December 1917, Government have sanctioned in favour of the Goomsur Taluk Board an annual contribution from Provincial funds to meet the additional cost involved by the employment of a Graduate headmaster and a Telugu teacher in the Board Incomplete Secondary School at Aska and a subsidy of Rs. 55 was sanctioned to the District Board, Ganjam, on this account last year in G.O. No. 124, Home (Education), dated 4th February 1918. In G.O. No. 757, Home (Education), dated 11th June 1918, Government have sanctioned the opening of form IV in the school during the school year 1918-19 and have also sanctioned the entertainment of a headmaster on Rs. 125 per mensem and an assistant teacher on Rs. 80 per mensem for this purpose. As Government have also agreed to bear from Provincial funds the net additional cost involved in the raising of the standard of the school, the contribution sanctioned in G.O. Mis. No. 1825 L., dated 4th December 1917, seems no longer necessary. No amount has been proposed on this account in the distribution statement appended.

5. The subsidy proposed for the District Board, Gōdāvari, does not provide any amount towards the maintenance of the National High School, Ramachandrapur. An application for subsidy for the current year towards the maintenance of the school has been received by me and the same will be submitted to Government shortly with reference to paragraph 2 of G.O. No. 854, Home (Education), dated 26th June 1917.

6. In G.O. Mis. No. 493 L., dated 29th March 1917, Government have agreed to bear from Provincial funds the net additional cost of the Board Incomplete Secondary School, Koilkuntla, after deducting the contributions promised by the residents of the place. In G.O. Mis. No. 1205 L., dated 22nd August 1917, Government have agreed to bear half the net additional cost involved in raising the Board Incomplete Secondary School, Angadipuram, to a complete secondary school. In G.O. Mis. No. 668 L., dated 3rd May 1917, Government have agreed to bear the net cost of maintaining the Board Incomplete Secondary Girls' School at Vadakkanthara over and above the income from the Moyan Endowment fund. In G.O. Mis. No. 916 L., dated 20th June 1917, Government have agreed to bear one-half of the net cost of the Board Incomplete Secondary School, Hosur. The credit taken under contributions from Government towards education in the sanctioned budget estimates of the District Boards of Kurnool and Salem for 1918-19 includes Rs. 820 and Rs. 340 towards the net cost of the Koilkuntla and Hosur schools, respectively, and the provision for the same purpose in the sanctioned budget estimate of the District Board, Malabar, for 1918-19 includes Rs. 270 and Rs. 2,120 towards the net cost of the Angadipuram and Vadakkanthara schools, respectively. Recommendations for the payment of subsidy to the boards on account of these schools will be made to Government on receipt of the necessary applications for aid on behalf of the schools from the presidents concerned.

7. The credit taken under contributions from Government towards education in the sanctioned budget estimate of the District Board, Madura, for 1918-19 includes Rs. 850 towards the additional cost involved in the revision of establishment of the Board Elementary School, Usilampatti. The President of the Board has been informed in paragraph 2 of G.O. Mis. No. 1612 L., dated 26th October 1917, that he should

apply to me for a subsidy equivalent to the additional cost that will have to be incurred during the current and subsequent years. No application for a subsidy has yet been received by me from the President of the Board.

8. The credit taken under contributions from Government towards education in the sanctioned budget estimate of the Ongole municipality for 1918-19 has been fixed at Rs. 1,890 in paragraph 1 of G.O. No. 334 M., dated 28th February 1918, although the amount recommended by me was only Rs. 1,254—vide paragraph 2 of my endorsement Ref. on Cur. No. 1549/3 of 1917, dated 5th February 1918. A sum of Rs. 1,254 only is required during the current year for the payment of subsidy to the municipality and the same is proposed to be sanctioned.

9. The subsidy of Rs. 486 sanctioned to the Anakapalle municipality towards the cost of improving the general staff of the municipal high school, Anakapalle, is proposed to be repeated during the current year also. Any additional subsidy that may be required to meet the extra cost involved by the revision of establishment of the school sanctioned in G.O. Mis. No. 204 M., dated 7th February 1918, may be met from the provision of Rs. 11,000 for grants to local bodies for secondary schools (from the grant of four lakhs) in the current year's budget as recommended in my endorsement referred to in paragraph 2 of the Government Order.

10. Attention is also solicited to the remarks added at the bottom of the statements.

11. The subsidies sanctioned in G.O. No. 361, Home (Education), dated 18th March 1918, towards the enhancement of the minimum pay of teachers in elementary schools have not been included in the statements as the matter is under the consideration of Government and the local bodies have been warned that the amounts sanctioned for this purpose last year are liable to readjustment during the current year.

12. I beg to solicit the attention of Government to my communications noted below recommending the payment of subsidies to certain local bodies for the purposes noted against them:—

(a) Letter N.R.C. No. 10600/17, dated 2nd February 1918, recommending a subsidy of Rs. 5,088 to the Bellary municipality for the revision of establishment of the Municipal High School, Bellary.

(b) Endorsement N.R.C. No. 10001/17, dated 15th February 1918, recommending a subsidy of Rs. 7,000 to the District Board, Gōdāvari, for the maintenance of elementary schools under the Polavaram Taluk Board.

(c) Endorsement R.C. No. 278, dated 10th April 1918, recommending a subsidy of Rs. 1,000 to the District Board, Bellary, for the revision of establishment of the Board High School, Harpanahalle.

(d) Endorsement N.R.C. No. 2894, dated 15th May 1918, recommending a subsidy of Rs. 1,175 to the District Board, Trichinopoly, for the revision of establishment of sessional schools.

(e) Endorsement N.R.C. No. 3930, dated 20th May 1918, recommending a subsidy of Rs. 396 to the Tinnevely municipality for the revision of establishment of the Municipal elementary school, Melaviraraghavapuram.

(f) Letter R.C. No. 2066, dated 21st May 1918, recommending a subsidy of Rs. 1,430 to the Rajahmundry municipality for the maintenance of elementary schools.

If orders of Government have been passed on any of the above-mentioned proposals, the necessary amount may be included in the statements.

13. Payment of a subsidy of Rs. 1,200 to the Tiruppattūr municipality towards the revision of establishment of the Municipal High School, Tiruppattūr, sanctioned in G.O. Mis. No. 819 M., dated 18th May 1918, has already been authorized for payment during the current year—vide G.O. No. 731, Home (Education), dated 7th June 1918. This amount has therefore not been included in the statement.

14. Attention is also solicited to my letter to Government R.C. No. 3412, dated 14th June 1918, recommending the payment of subsidies of Rs. 5,000 and Rs. 10,000 to the Cannanore and Tellicherry municipalities, respectively, as an advance payment for the maintenance of their schools.

 NOTES CONNECTED WITH G.O. No. 994, HOME (EDUCATION),
 DATED 30TH JULY 1918.

[SUBJECT.—Distribution of subsidies to local boards and municipalities for 1918-19.]

From the Director of Public Instruction, dated 25th June 1918, No. 5424.

HOME (EDUCATION) DEPARTMENT.

The proposals now submitted by the Director of Public Instruction follow generally the distribution for 1917-18 as modified with reference to the individual orders issued thereafter and the orders on the budget estimate of certain local bodies [G.O. No. 1104, Home (Education), dated 29th August 1917]. The variations in the figures in some cases are explained in paragraphs 2 and 8 of the letter and may be accepted. In paragraphs 4, 5, 6, 7, 9, 11 and 13 the Director has explained why he has not included provision in the distribution statement in respect of the institutions mentioned therein. His suggestions may be accepted.

2. The statement has been checked and the following points are noticed:—

(i) *Rajahmundry Municipality.*—The Municipal Council of Rajahmundry has applied for additional subsidy towards the maintenance of the secondary and elementary schools under its management. The distribution statement submitted by the Director does not include any extra provision on this account. Besides Financial has declined to sanction any additional recurring subsidy. That department has only agreed to a subsidy of Rs. 1,500 for equipment of the secondary school. This will be sanctioned later on on receipt of a copy of the order in Local and Municipal. No addition to the usual recurring subsidy need therefore be made.

(ii) *Coimbatore District Board.*—With reference to G.O. No. 823, Home (Education), dated 24th June 1918, a new girls' school at Tiruppur—page 8 of provision of Rs. 580 * from the subsidy G.O. 1585, Home (Education), 15th for new schools sanctioned in G.O. December 1917. No. 1585, Home (Education), dated 15th

December 1917, may be transferred from the Coimbatore District Board to the new Municipal Council of Tiruppur.

(iii) *Chittoor Municipality.*—Owing to the transfer of five elementary schools from the Chittoor Taluk Board to the Chittoor Municipality, a sum of Rs. 3,119 has been deducted from the subsidy payable to the district board; but the amount of subsidy to the municipal council entered in the statement is only Rs. 2,030 on the ground that this is the amount for which credit has been taken in the council's budget. If the actual cost of maintenance of the schools is Rs. 3,119, it does not appear reasonable to reduce it to Rs. 2,030. Perhaps the figure entered in the distribution statement may be allowed to stand and the Municipal Council of Chittoor allowed to come up for additional subsidy later on if necessary.

(iv) *Madura Municipality.*—An annual subsidy of Rs. 1,500 is being sanctioned to the Madura Municipal Council since 1913-14 towards the maintenance of an elementary school for the mill hands. It has recently been found that the actual cost of maintenance of this school is considerably below the estimated sum (of Rs. 1,500) and with a view to see how far this could be reduced, the municipal council has been asked in Local and Municipal to report the actual cost for the last three years. No reduction can therefore be made till orders are passed on the question. Besides the municipal council has applied for additional subsidy in respect of other schools under its management and any necessary adjustment be made in that connexion.

It will be seen from the above that against a total budget provision of 22.41 lakhs (for details, vide page 5 infra) ~~excluding items (1) to (5) on page 5~~ the present proposals cover 22.18 lakhs. The saving of .23 lakh mainly occurs under municipalities (owing to the reduction of subsidies previously given to certain municipal councils by the expenditure incurred by them on grants-in-aid to private schools which is hereafter proposed to be met directly from Provincial funds) and under sessional schools. This saving will be required to meet the applications that are being received from local bodies for additional subsidies.
