From (Name) Hon'ble Mr. J. H. Stone, M.A., F.R.H.S., C.I.E.,
(Designation) Director of Public Instruction.,

To The Secretary to the Government of Madras,

Home Department.
(Education)

Sir,

Owing to the difficulty of securing suitable accommo-
dation in the town of Rajahmundry, the Inspectress of Girls'
Schools, Northern Circle, has proposed that the Training School
for mistresses in the locality may be removed to the suburb of
Innespeta and amalgamated with the Government Girls' School -
there. A site has already been acquired for the latter school
in accordance with G.O 's No. 1043 W dated 6th October 1910 and
No. 2078 W dated 30th October 1914. But that site is not big --
enough to hold a building of suitable dimensions and design.
The Inspectress accordingly recommends that certain adjoining
sites covered by survey No. 423 of Rajahmundry be acquired at
a cost of Rs. 8630 exclusive of the 15 per cent allowance. In

these

these circumstances I have the honour to request that Government may be pleased to approve the proposal of transferring the Training School to Innespeta and to sanction the acquisition of the additional sites. These have been approved by the site committee and it is reported that the owners thereof have no objection to part with them on receipt of compensation.

2. A site plan signed by the members of the site committee and a copy of the letter from the Collector of Godavari giving the valuation of the lands proposed to be acquired are submitted herewith.

I have the honour to be,

Sir,

With reference to the memorandum of Government No. 4407-1 Home (Education) dated 8-1-1917 and to the last reminder thereon dated 20-12-18, I have the honour to state that for the reasons contained in the enclosed copy of her letter R.C.No. 279/16 dated 14-11-18 the Inspectress of Girls' schools, Northern Circle considers that the proposal to acquire additional sites at Innespettah may be given up and that the Training school may be retained in Rajahmundry itself by acquiring for the purpose the buildings belonging to the Vizianagaram Samastanam, the renting

renting of which was sanctioned by Government in their order No.420 (VU) Home (Education) dated 27-3-1918. She considers also that it may be possible to acquire the Railway land opposite to the buildings referred to above for purposes of hostel and staff quarters. I am asking the Inspectress to report if the new sites proposed by her meet with the approval of the Site Committee and, if so, to address the Vizianagaram Samasthanam and the Railway authorities about their willingness to part with them and about their value. On receipt of her reply I shall, if possible, inspect the sites in question and address Government on the subject. Till then the question of acquiring additional sites at Innespettah and constructing a building there for the Training school may, I think, be allowed to lie over.

V.R/9-1

Copy of letter R.C.No.279/16 dated 14-11-1918 from the Inspectress of Girls' schools, Northern Circle. ----- 15

With reference to Proceedings R.C.No.360 of 1909 dated 21-10-18 and my No.279 of 16 dated 1-11-18, I have the honour to submit the following:-

When I was in Rajahmundry this month, I visited the site under reference and find that for the reasons mentioned below it is unsuitable.

- (1) The extent of the site acquired in 1912 as well as that of the two additional adjoining plots proposed to be acquired falls short of an acre by about 960 sq.yards. 1643W 6-10-16 2078W 20-10-16
- (2) The site is bounded on three sides by public roads while on the fourth there are pucca built houses the acquisition of which would cost an enormous amount.

For a Training School with a Model Section, Hostel and staff quarters attached, it is necessary to have at least two or three acres of land. And this it is impossible to acquire in this block even at a prohibitive cost.

(3) It is likely as we now have a trained Woman Graduate at the head of the Institution, that in the course of a few months the higher classes of the model section of the existing Training School will be converted into a Middle School. This, it is hoped, will gradually develop into a Secondary School. It is therefore necessary that a piece of land not less than five acres in extent should be secured for the school.

I therefore beg to make the following recommendation:-

That the buildings of the Maharajah of Vizianagaram the rent of which was sanctioned in your No.8675/17 A dated 6-4-18 together with the area (a little over two acres) marked out in the rough plan herewith enclosed, may now be acquired for the erection of the new Training school. The cost of acquiring this plot, would not, I feel sure, be half as expensive as one of the same extent in Innespetta. (VU)

Opposite the Kerosene Oil Stores marked in the plan, there is a railway goods shed, which I hear is to be removed as soon as the financial strain consequent on the war is relieved. When this is done,

done, as much of that land as may be required for a Hostel and Staff Quarters could be acquired at a nominal cost.

The above recommendations have been made after consultation with a good many of the leading men of the town, and after due consideration of the various sites available.

In view of the fact that the matter of acquiring a site for this Training School has been under correspondence for seven years or more, I would strongly urge that the acquisition of the site recommended should, as being the most suitable, receive your early sanction.

In G.O. No. 10434 D. 6.10.1910 the acquisition of a site for the Government Girls school at Innespeta was sanctioned at a cost of Rs 4391 was sanctioned. A supplemental expenditure of Rs 1300 on the acquisition of the site was subsequently approved in G.O.

in G.O. No 2078 W & 30-10-14. The site has been acquired but plans and estimates for the construction of the Girls' School Building have not yet been submitted to Govt.

2 The proposal in the present file is to transfer the Govt Training School for mistresses now situated in Rajahmundry town, also to Innespeta and to amalgamate it with the proposed girls' school there. It is reported that the land already acquired ^{of the girls' school} is not enough to accommodate the amalgamated institution & the D.P. now submits proposals for the acquisition of additional land (adjoining the site already acquired) at a cost of Rs 8630 exclusive of the 15% allowance or Rs 9925 inclusive of the allowance. This brings the total cost of the land alone to Rs 4301 + 1300 + 9925 or Rs 15,526. Information as to the design or cost of the building to be constructed, not being given, it is not possible to say what the entire cost of the scheme will be. It seems desirable to get this information before sanctioning the acquisition of the land. If however the ~~Home~~ Home (S.D.) Dept. should desire that the acquisition of the site should be sanctioned at once

to obtain the acceptance of Financial
to the proposal as it is not known whether
at present whether the scheme would
cost Rs 5,000 or more.

Cf. the Superintending Engineer, I Circle, has had
the plans and estimates under preparation from
August 1917. It is for consideration whether the
P.W.D may be requested to ascertain the cause

of this long delay and to direct him to expedite their preparation and submission through the Inspectors.

Is not this the case where a transfer to the Vasseblock was long under consideration?

Submitted yes: please see

papers disposed of in No. 21 M, d/ 5th January 1918. It will be seen therefrom that the proposal to take over the Vasse Street block for purposes of a Girls' Secondary School and training school for mistresses fell through owing to the exorbitant price that the Municipal Council demanded.
