GOVERNMENT HOUSE.

Madras, ✓

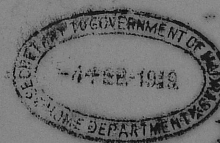

3rd February 1919.

My dear Ramachandra Rao,

I am to send you 4 copies of the proceedings of a deputation which waited on His Excellency at Parlakimedi on the 6th January 1919 for such examination as may be necessary. Kindly arrange to send copies to the Secretariat departments concerned.

Yours sincerely,

Le Man

The Hon'ble

Diwan Bahadur R. Ramachandra Rao A.M.,

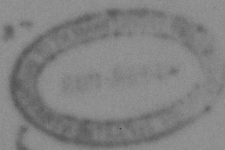

Secretary to Government, Home Department,

Fort St. George.

BACK PAPERS.

G.O.	No.	Department.	Date.	G.O.	No.	Department.	Date.

G.O.	No.

At 12 noon on Monday the 6th January 1919 His Excellency received a deputation from the Utkal Hitheishini Samaj. The representatives of the Samaj present were:

M.R.Ry.G.C.Patnaik, Municipal Councillor
 " Nityanand Patnaik, -do-
 " Nirumjan Patnaik, Teacher
 " Appanna Poricha, Honorary Magistrate.

Mr.G.B.Cottenell, C.I.E., I.C.S., the Collector, and Mr.T.E.Hoir, C.I.E., I.C.S., Private Secretary, were also present.

The deputation first urged an increase in the number of Uriya Girls' Schools and the appointment of an Uriya to supervise the education of the Uriya Girls' Schools. The deputation stated that the number of girls schools in the Ganjam district was only 30 and that considering the population the number might well be increased. At present the inspection of Uriya Girls Schools was done by non-Uriyas who did not know the language. The deputation suggested that an Uriya Inspectress might be appointed for Ganjam and Vizagapatam districts.

His Excellency observed that the small number of Uriya girls schools was probably due to the fact that the community was indifferent about sending their girls to school.

The deputation admitted that this was so.

As regards the supervision of Uriya Girls schools by ladies of that community, His Excellency stated that it was doubtful if Uriya ladies of the required educational qualifications could be secured to be appointed even as Sub-Assistant Inspectresses to supervise Uriya schools.

The deputation suggested that qualified ladies could be imported from Orissa, but the Collector pointed out that in Cuttack there were not enough educated ladies to choose from and that while it was difficult to secure men it was all the more so to obtain women.

His Excellency observed that this and kindred educational questions would solve themselves in course of time. The responsibility was in the hands of the community itself. Uriya girls were greatly wanted for training as teachers, as doctors etc. His advice was to encourage them.

3
W
send more girls to school; keep them at school for a longer period; increase the output of teachers.

EP
The next subject which the deputation placed before His Excellency was the establishment of middle schools in the Agency and non-Agency tracts of Canjam and in the Agency tracts of the Jeypore agency. The deputation stated that the present number of colleges and high schools sufficiently met requirements and what was wanted was more middle schools to serve as feeders to those colleges and high schools. It was suggested that schools of this class might be established at Gumma and Narayanapur in the Agency and at Gurandi and Varanasa in the plains and also at Bissemkuttack and Malkanagiri in the Jeypore agency.

The Collector stated that there were no middle schools in the Canjam agency and that it was doubtful if in the present backward state of education in the agency any pupils could be got for middle schools if started. In the non-agency tracts of Canjam there had been 4 Local Fund Middle schools till 1st July 1918. Of these two had since been raised to the grade of high schools and three middle schools had been newly started at Gompeta, Narasani peta and Buguda. Besides these five Board schools there were middle schools at five other places under private management, in addition to the middle schools attached to colleges and high schools at Berhampur, Chicacole, Chatrapur, Parlakinedi, Russelkonda, Aska, Tekkali and Ichapur.

CO 757
11-6-18
(R)
His Excellency observed that from what the Collector had just stated ~~that~~ it was clear that considerable progress was being made.

Hind (M)
The deputation then requested that a certain percentage of appointments in the several departments of public services might be reserved for Uriyas having regard to their population and historical importance. The deputation urged that owing to present backward condition of the community special treatment should be accorded.

The Collector stated that the main difficulty in appointing Uriyas was that they were not sufficiently qualified and that when qualified they were frequently not fit for promotion.

considered that it would be dangerous to reserve appointments for any community as such a step would weaken the efforts of that community to keep abreast of other more advanced communities.

His Excellency asked the deputation to compare their position a few years ago with present conditions. That comparison would show that the community had progressed and largely by its own efforts. Once the community were branded as backward it would not be easy for it to retrieve its reputation.

The deputation then urged that the G.O. of 1890 which enjoined the appointment of a certain percentage of Uriya-knowing men had not proved beneficial to the Uriyas inasmuch as the degree of knowledge required was not prescribed and the persons who tested the knowledge happened to be non-Uriyas.

His Excellency stated that he had no information on this point.

The deputation then requested that qualified Uriyas should be appointed to the post of Deputy Superintendent of Police. At present there were 3 or 4 Uriya Inspectors and several sub-inspectors.

His Excellency stated that time would mend matters and he had no doubt that promotion would be given in cases where fitness for higher posts was demonstrated.

The next subject was the formation of Ganjam and Vizagapatam agencies into one district. The deputation put forward this request on the ground that the people of these tracts were akin to each other, that the result would be a purely Uriya district and that this would give sufficient scope for the advancement of Uriyas.

The Collector stated that the proposal had already been thrown out on account of the extreme difficulty of communications. The primary object of the proposal seemed to be to shut out Telugus and if this were so the water-tight compartments which would result from the process would not necessarily be productive of good.

The deputation stated that they were not in a position to stand competition with the Telugus.

6824
His Excellency assured the deputation that they were making progress in every direction and that the Government were not unmindful of their interests. There was no reason why they should not compete on equal terms. Mr. Cotterell too was very anxious to further the interests of the Uriya community.

The deputation lastly requested recognition of the grishtha Karanams as Uriyas for purposes of education. Grishtha Karanams were at present classed as Telugus.

The Collector stated that the Grishtha Karanams adopted Telugu names and habits of living. Further they were generally well-to-do.

His Excellency explained that the money which was spent on education came from all classes of the people and that expenditure should be regulated in fairness to other communities. All special concessions had to be clearly justified.

In conclusion His Excellency stated that within the last few years the Uriyas had made considerable progress in the matter of education the acceleration of which depended mostly upon their own efforts. Most of the questions referred to on this occasion would solve themselves if the community would take a greater interest not only in the case of the education of their boys but also of their girls.

This department is concerned only with the representations regarding the entertainment of Uriyas as Deputy Superintendents of police. In answer to questions asked by the Hon'ble Messers A. Suryanarayana Rao and Sri Sobha Chandra Singh Deo, at the meeting of the Legislative Council held in April 1918, on the same subject Government have stated that they would bear the suggestion in mind. There had been no vacancy in the cadre of Dy. Superintendents for direct recruitment.

C
Not registered in Acct 109
2. As regards the promotion of Uriya Inspectors as Dy. Superintendents, attention is invited to the Inspector General's letter dated the 11th. August 1917, at p.5 of G.O.No.1728, dated the 18th August 1917. It is probable that that is the first occasion when Uriya Sub Inspectors were promoted as Inspectors and it is yet too early to consider the further promotion of these Inspectors as Dy. Superintendents.

3. Copies of the questions and answers referred to in para 1 above have been forwarded to the Inspector General of Police and he may be expected to come up with his recommendations for promotion when there are qualified Inspectors deserving of promotion. No further action appears necessary. This note may perhaps be sent to the P.S.G. u.o. for perusal.

No. 320A-1

14.2.19

No 110 2, 4. 3. 19

I am calling upon the Inspectors to ^{the} inquire into ~~the~~ suggested need for more Unga Girls' Schools. On receipt of her report, and after such further inquiries as I may find necessary I shall advise Govt. ~~as soon as~~ if necessary. The Inspectress has further proposed the award of stipends to four Unga women ~~who~~ whom she proposes to send to Catterick for training as teachers. I am corresponding with her about this, and I hope ultimately to obtain an Unga woman to supervise Unga Girls' Schools. At present this is not feasible. The permanent incumbent of the post of assistant inspection of Girls' Schools in the Panjambhagapetana range has a colloquial knowledge of Unga, while both the Inspectress and the assistant Inspectress may, in consultation with the Inspector, avail themselves of the services of Unga knowing members of the male inspecting

agency; in Ganjam the assistant inspector, nine sub-inspectors and six teen supervisors know Urdu, while in Vizagapattam the corresponding figures are one, three and three. As soon as possible a Urdu woman is wanted I shall have her appointed to the inspecting staff. I may mention here even, (1) that twice as many persons speak Telugu as speak Urdu in the Ganjam-Vizagapattam Range (2) that we have only 14 posts available for the female inspecting staff (3) and that less than 4 per cent of the population of this Presidency speak Urdu.)

I am at present examining a proposal to open a middle school for Urdu in Berhampore. The Inspector of Schools, with whom I discussed this question of last week, does not think that an Urdu middle school could be opened now with any hope of success in the Agency tract.

11. 3. 19

The points dealt with in the proceedings of the deputation are noted on below:-

2. Opening of additional Uriya girls' schools.

The deputation urged for an increase in the number of Uriya girls' schools. The D.P.I. states that he is calling upon the Inspectress to report on this matter. With reference to a question asked at the meeting of the Legislative Council held in April 1916 the Govt. sanctioned the opening of one school for Uriya girls in 1916 and four such in the beginning of 1917 under Govt. management. When Govt. sanctioned subsidies to local bodies in December 1917 for the opening of new elementary schools, the Ganjam District Board was granted subsidies for the opening of three schools for Uriya girls. Similar subsidy has been sanctioned recently for 2 more schools. Thus it will be seen that an increase is being effected gradually in the number of Uriya girls' schools. The question whether any special steps should be taken for the opening of schools in larger numbers can be settled only on receipt of the Inspectress's report which has been called for by the D.P.I.

3. Appointment of an Uriya Inspectress for Ganjam and Vizagapatam districts. As pointed out in H.E's reply to the deputation, there are not at present qualified Uriya ladies eligible for appointment even as sub-asstt. Inspectress. The D.P.I. has now under consideration a proposal to send four Uriya women to Cuttack for training and he proposes to appoint a Uriya lady to the inspecting staff as soon as a suitable candidate becomes available. No action seems to be necessary at present especially as it is reported that almost

NOTES.

Page 9

all the members of the inspecting staff in Ganjam and Vizagapatam have a knowledge of Uriya.

4. Opening of middle schools in the agency and non-agency ~~parts~~^{tracts} of the Ganjam district, and in the Jeypore agency. On the 31st March 1918 there were 5 high schools and 12 middle schools in the Ganjam district. In the current year two middle schools were raised to the grade of high schools and three middle schools were newly opened. Both the Collector and the Inspector of Schools have stated that there is no need for a middle school in the Agency tracts. Education in these tracts is at present very backward and it is stated that many pupils will not join such a school if started. As regards the non-agency ~~parts~~^{tracts}, it is submitted that ~~the~~ number of secondary schools already in the district does not compare unfavourably with the number ~~in~~ other districts. The policy of Govt. in regard to the opening of additional secondary schools is to rely mainly on aided agency. The D.P.I. states that he is at present examining a proposal to open a middle school for Uriyas in Berhampur apparently under the management of the Municipal Council. A further communication on the subject may be awaited.

5. Recognition of Srishtikarnams as Uriyas for purposes of education. This request has been preferred on former occasions and the Govt. have declined to accede to it. In

Formation of a separate Uriya district

In 1915 the Zamindar of Dharekota suggested that a separate Uriya district should be constituted out of the Ganjam and Vizagapatam Agencies. on account of the extreme difficulty of communication the proposal was vetoed by the Government. - vide the Hon'ble Sir Alexander Cardew's notes on page 4 of notes to G.O.No.278, Public dated the 1-3-1916. It may be noted here however that this Government have now under consideration proposals for the construction of the Agency tracts of the Vizagapatam district into a separate district to be called the Jeypore district. This district will not be purely a Uriya district which is what the Uriya deputation wants. No action is called for on the request of the deputation.

Appointment of a certain percentage of Uriya known men.

(*) Civil & Criminal Courts
Attention is invited to para 2 of G.O.No.2024 Judicial, dated the 15-12-1930 and to the correspondence and notes in G.O.No.1111 Home (Judicial) dated the 30th May 1917. From cols. 4 and 6 of the statement at page 4 c.f of the latter G.O.it will be seen that a large percentage of Uriyas have been employed in the clerical establishment. No action therefore seems necessary on the point.

~~this department is concerned with the request that~~
a certain percentage of appointments in the several
departments of public services might be reserved for
the Uriyas.

This subject of a percentage of appointments in public service being reserved for any particular caste or sect was considered at the Collector's conference held in August 1917. Reference is solicited to the proceedings on subject No.12 on page 27 of the Volume put up. The conference was of opinion that it was not desirable to fix any definite proportion for particular castes. Since other steps have been taken by lightening the scope of the special tests, by direct nominations to Deputy Tahsildars' appointments etc. to secure better representation of castes in public services, *no* action appears to be called for.

Dear Sir,

With reference to the -
proceedings (copy enclosed) of the deputa-
tion from the Utkal Mitheishini Samaj -
which waited on H.E. the Governor at
Parlakimedi on the 6th January last, I
am to communicate to you the following
further remarks on the several points
raised therein to enable you to inform
the members of the deputation, where
necessary how matters stand.

2. Opening of additional Oriya Girls' schools.

The Inspectress of schools, Northern
circle, has been asked to enquire into
the suggested need for more girls' schools
for Oriyas and the matter will receive
due consideration on receipt of her report.
It may, however, be mentioned that, since
1916 ten Oriya girls' schools have been
opened - five under Govt. management and
five under the management of the District
Board with the aid of subsidies from
Provincial funds.

3. Appointment of a Oriya Inspectress of schools for the Ganjam and Vizagapatam districts.

The D.P.I reports as follows:-

"The Inspectress has further -
proposed the award of stipends to four

page 7 of N.F.

p. 9 of N.F.

p. 7 of N.F.

Uriya women whom she proposes to send to Cuttack for training as teachers; I am corresponding with her about this and I hope ultimately to obtain an Uriya woman to supervise Uriya Girls' schools. At present this is not feasible. The permanent incumbent of the post of Assistant Inspectress of Girls' schools in the Ganjam-Vizagapatam range has a colloquial knowledge of Uriya, while both the Inspectress and the Assistant Inspectress may, in consultation with the Inspector, avail themselves of the services of Uriya knowing members of the male inspecting agency; in Ganjam the Assistant Inspector, nine Sub-assistant inspectors and sixteen supervisors know Uriya, while in Vizagapatam the corresponding figures are one, three and three. As soon as a suitable Uriya woman is available, I shall have her appointed to the inspecting staff. I may mention, however, (1) that twice as many persons speak Telugu as speak Uriya in the Ganjam-Vizagapatam range (2) that we have only 14 posts available for the female inspecting staff (3) and that less than 4 percent of the population of this Presidency speak Uriya."

4. Opening of middle schools in the Agency and non-Agency tracts of the Ganjam district and in the Jeypore Agency.

The Inspector of schools does not think that an Oriya middle school could now be opened with any hope of success in the Agency tracts. As regards the non-agency tracts, the policy of Govt. in the matter of opening new secondary schools is mainly to rely on private agency. The D.P.I. has however under consideration

There are at present no qualified Oriya ladies eligible for appointment. However almost all the members of the inspecting staff of Ganjam & Vizagapatam have a knowledge of Oriya. The D.P.I. has also under consideration a proposal to send some Oriya women to Cuttack for training.

p. 8 of N.F.

p. 10 of N.F.

The Govt approve the proposal made in your letter No 4078 & 27.7.19, that the test of the sufficiency of knowledge of Oriya for candidates selected for appointment in the clerical branch of the public service in the Ganjam District should be ability to read & write Oriya with fair fluency & correctness

p. 13 of N.F.

p. 11 of N.F.

a proposal to open a middle school for Oriyas in Berhampore.

5. Reservation of a certain percentage of appointments in the several departments of public services for Oriyas.

As explained to the deputation, the suggestion is impracticable and cannot be entertained. The Govt understand that a large percentage of the clerical establishment in civil and criminal courts in Ganjam have a knowledge of Oriya.

6. Appointment of qualified Oriyas as Deputy Superintendents of Police.

There is at present no vacancy in the cadre of Deputy Superintendents of Police. The I.O. of Police states that the matter of appointing a member of the Oriya community as a Deputy Superintendent either by direct recruitment or by the promotion of a Oriya Inspector will not be lost sight of, but will be considered when vacancies occur.

7. Formation of Ganjam and Vizagapatam Agencies into one district.

For reasons explained to the deputation the suggestion cannot be entertained. The Govt have now under consideration a proposal to constitute the Agency tract of Vizagapatam district into a separate

district to be called the Jeypore District.
Even if the ^{new} district is constituted, it will
not be purely Oriya.

8. Recognition of ~~the~~ Srishtu Karmams as
Oriyas for purposes of education.

The suggestion came under the consideration
of Govt. on previous occasions also, but was
vetoed for reasons explained by you to the
deputation.

D. C. No. 320 A-5.

Home Department.
Cuttackamund.
28th August 1919.

Dear Sir,

With reference to the proceedings (copy enclosed) of the deputa-
tion from the Utkal Hitheishini Samaj which waited on His Excellency the
Governor at Parlakimedi on the 6th January last, I am to communicate to
you the following further remarks on the several points raised therein to
enable you to inform the members of the deputation, where necessary, how
matters stand.

2. Opening of additional Oriya Girls' schools. The Inspectress of
schools, Northern circle, has been asked by the Director of Public Instruc-
tion to enquire into the suggested need for more girls' schools for Oriyas
and the matter will receive due consideration on receipt of her report. It
may, however, be mentioned that, since 1916, ten Oriya girls' schools have
been sanctioned five under Government management and five under the manage-
ment of the District Board with the aid of subsidies from Provincial funds.

3. Appointment of a Oriya Inspectress of schools for the Ganjam
and Vizagapatam districts. There are at present no qualified Oriya
ladies eligible for appointment. However almost all the members of the
inspecting staff of Ganjam and Vizagapatam have a knowledge of Oriya. The
Director of Public Instruction has also under consideration a proposal to
send some Oriya women to Cuttack for training.

4. Opening of middle schools in the Agency and non-Agency tracts
of the Ganjam district and in the Jeypore Agency. The Inspector of
schools does not think that an Oriya middle school could now be opened
with any hope of success in the Agency tracts. As regards the non-agency
tracts, the policy of Government in the matter of opening new secondary
schools is mainly to rely on private agency. The Director of Public
Instruction has however under consideration a proposal to open a middle
school for Oriyas in Berhampore.

5. Reservation of a certain percentage of appointments in the
several departments of public services for Oriyas. As explained to the
deputation, the suggestion is impracticable and cannot be entertained.
The Government understand that a large percentage of the clerical esta-
blishment in civil and criminal courts in Ganjam have a knowledge of Oriya.
The Government approve the proposal made in your letter Dis. No. 4078 dated

the 27th July 1919 that the test of the sufficiency of knowledge of Oriya for candidates selected for appointments in the clerical branch of the public service in the Ganjam district should be ability to read and write 'Oriya' with fair fluency and correctness.

6. Appointment of qualified Oriyas as Deputy Superintendents of Police. There is at present no vacancy in the cadre of Deputy Superintendents of Police. The matter of appointing a member of the Oriya community as a Deputy Superintendent either by direct recruitment or by the promotion of a Oriya Inspector will not be lost sight of, but will be considered when vacancies occur.

7. Formation of Ganjam and Vizagapatam Agencies into one district. For reasons explained to the deputation, the suggestion cannot be entertained. The Government have now under consideration a proposal to constitute the agency tracts of Vizagapatam district into a separate district to be called the Jeypore district. Even if the new district is constituted, it will not be purely Oriya.

8. Recognition of Srishtu Karnams as Oriyas for purposes of education. The suggestion came under the consideration of Government on previous occasions also, but was vetoed for reasons explained by you to the deputation.

Yours sincerely,

(R) R Ramachandrarao
