From (Name) The Hon'ble Mr. H.S. Duncan, M.A.,

(Designation) Ag. Director of Public Instruction

To The Secretary to the Government of Madras,
Home (Education) Department.

Sir,

/Through the Accountant-General/

With reference to para 2 of G.O.No.934 Home (Education), dated 16-7-17, I have the honour to submit herewith copy of a letter from the Principal, Teachers' college, Saidapet containing a short report on the working of the Manual Training Class attached to the college from the time of its starting in 1915 up to date. From the report it will be observed that the class has done useful work and justified its existence. In all, three batches consisting of 12, 11 and 11 students have gone through [illegible] delay [illegible]

Date.

Mr.Porrett's services had not been placed at the disposal of the Military department. Now that he is likely to revert to civil duty, and that trained instructors will be wanted for the new manual training centres to be opened shortly in connection with a few Government Training schools and for other institutions opening manual training classes, I consider it desirable to continue the class together with the staff sanctioned for it in G.O.No.845 Educational dated 20-9-12 for a further period of five years from 17-10-19. With reference to para 2 of G.O.No.1111 Home (Education) dated 30-8-18, I beg to submit that the services of the carpenter will be required only if a manual training class is opened in July 1919 and that he will not be entertained unless Mr.Porrett returns.

2. In this connection I have the honour to request that the pay of the senior work-shop assistant may be increased with effect from 17-10-19. It is stated that the present incumbent of the post Mr.Mark, has discharged his duties conscientiously and done good work for more than three years and has taught both in the training class and in the model school. In consideration of his efficient work and of the desirability of giving a man of Mr.Mark's training and experience a suitable rate of pay, I would recommend a scale of Rs.30-2-40 per mensem. Mr.Porrett just before his departure on military duty recommended an increase to his pay; but the question was allowed to lie over pending the consideration of the continuance of the manual training class.

3. Should Government approve the proposal for increasing the pay of the assistant, I request that the necessary provision may be included in the Budget Estimate for 1919-20.

I have the honour to be,

Sir,

Your most obedient servant,

for Director of Public Instruction.

Copy of letter R.C.No.293/D of 18 dated 12th November 1918 from the acting Principal, Teachers' College, Saidapet.

With reference to Proceedings R.C.No.8266/18 dated 22nd October 1918, I have the honour to submit a brief report on the working of the Manual Training Class attached to the Teachers' College, Saidapet.

2. A new appointment, that of Manual Training Instructor, was created in 1914, and Mr.C.R.Porrett who was appointed to the place joined duty on 17th October 1914. Proposals for starting a Manual Training Class were submitted in this office R.C.No.1140 dated 12-11-1914. They met with the general approval of the Director of Public Instruction, vide Pro.R.C.No.9955/14 dated 24-12-14 and were sanctioned by Government in their order No.27 Edl., dated 8-1-1915.

3. A batch of ten students who were to take a two years' course on a monthly stipend of Rs.15 was admitted in February 1915. In the interval between his arrival, October 1914, and the starting of the Manual Training class, February 1915, Mr.Porrett was attending to the preliminaries for organising the teaching of the subject and the starting of the centre by visiting schools, studying local conditions, drawing plans and estimates for the centre and its equipment and mapping out a programme of work. Besides, he delivered lectures to the Collegiate and Secondary students on Drawing and Educational Handwork, gave them some practice in Blackboard drawing for the illustration of lessons and also modified the drawing course of the school department so as to bring it into line with modern practice.

4. (1915) In the middle of the first year course, two more students from the Secondary section who showed keenness on the subject were admitted, and there were on the whole twelve students under training in the first batch. Of these two were matriculates and the rest holders of Secondary School-Leaving certificates. They were severely handicapped by their not having a suitable building and the usual equipment; the work had to be carried on with the equipment available in one of the rooms of the college

ver with the least possible delay

t a cost

Excellency the Governor on the 31st March 1916. The final examination for the first batch after the two years' course was conducted by Messrs. Porrett, Fyfe, and Lawson-- the subjects of the examination being (1)Theory of Educational Handwork, (2) Cardboard modelling (3) Clay modelling (4) Woodwork (5) Mechanical Drawing (6) Art drawing suitable for Indian schools. These students were relieved at the end of the long term of 1916 as per Proceedings R.C.No.8533/16 dated 16-11-1916. Ten of the 12 students passed the examination all in the first class.

5. (1916) The second batch of ten students who were to take the two years' course was admitted in July 1916. In the beginning of the 2nd year course, i.e. in July 1917, at the request of the Manager, A.M.Training School, Pasumalai, one student was admitted free for a special course of one year's training. Of these 11, two were matriculates and the rest were holders of Secondary School-Leaving Certificates. The examination for the 2nd batch was conducted in January 1918, but the students were relieved in March 1918 along with the Secondary grade students.

Of the 11 that appeared for the examination 9 passed with 6 in the 1st class.

6. (1917) The 3rd batch of 10 students was admitted in July 1917. Two of these were matriculates and the rest were holders of Secondary School-Leaving Certificates. In the beginning of the short term of 1918, i.e. in January 1918, a pupil from the Reformatory School, Chingleput though he did not possess the necessary general educational qualifications was admitted for a special course of one year's training on the special recommendation of the Superintendent, and with the approval of the Director of Public Instruction. Three of this batch were municipal stipendiaries; two of these were withdrawn by the Chairman after the 1st year course was over, and one was declared unfit by the Medical Officer to continue the 2nd year course. The Reformatory school pupil was also relieved on 31st July 1918.

...d or the present batch contains only 7 students. No

fresh

fresh batch was admitted in July 1918 on account of the absence of Mr.C.R.Porrett on military duty. An assistant Manual Training Instructor has been temporarily appointed and the present batch will be completing their course under his supervision.

7. Out of the 23 students trained and relieved in the 1st and 2nd batches 21 have secured appointments, 7 as Manual Training Instructors and the rest as ordinary general education teachers. One has taken up an appointment at Hyderabad and one is unemployed. The former has been refunding the stipends drawn by him in instalments.

A statement showing the number of students admitted in each year, their general education qualifications and the results of the examination is herewith submitted.

8. In January 1917, the Manual Training section was represented in the Educational Exhibition held at the Teachers' College and opened by His Excellency the Governor. This was largely attended and the Manual Training expert delivered on that occasion a public lecture which along with the exhibits should have popularised the subject. It is hoped that the teachers that attended them and the batches that have gone out after training have already done something to secure public attention to the usefulness of manual training and to the need for the opening of additional centres.

With reference to Government Memorandum No. 305 A-3 dated 25th April 1919, I have the honour to state that it will be observed from the report on the working of the manual training class submitted with this office letter R.C.No. 8266/18 dated 23rd January 1919 that it has justified its existence and that since 1915 thirty-four students in all have gone through the course.

private schools and Government training schools. The class at Saidapet is the only one at present in the presidency where persons are trained in hand-work and methods of teaching Drawing in Schools. It may be noted that manual training has already been placed on a permanent basis in the Punjab, in Travancore and in Bombay. In these circumstances I have the honour to request that Government will be pleased to sanction the permanent retention of the class with the scale of staff and establishment sanctioned for it in G.O.No. 845, Educational, dated 20th September 1912 and the continuance of the arrangement under which a stipend of Rs.5 per mensem is allowed to each of the three students selected to assist the Instructor.

2. The proposal may with reference to para 2 of G.O.No. 934 Home (Education) dated 16th July 1917 have effect from 17th October 1919.

Teachers' College - Saidapet.

(C.No.305 A) From the Director of Public Instruction, R.C.No.8266/18, dated the 23rd January 1919

Endorsement of the Accountant-General, No.Chin. 1/20848 dated the 1st Feb.1919.

Registrar

The Director recommends the continuance of the manual training class in the Teachers' College, Saidapet for a further period of five years from the 17th Oct.1919.

2. The appointment of Manual Training Instructor in the College is temporary and was sanctioned by the Secretary of State for a period of five years in his Despatch No.274 Public dated 7th Nov.1913 printed on page 3 of G.O.1244 Edn., dated 24th Dec. 1913. Mr. Porrett, the present incumbent, came out under a five years' agreement on a salary of Rs 400-20-500 per mensem and joined his appointment in the college on the 17th Oct.1914. Thus the period of his engagement expires on the 17th Oct. next.

3. In G.O.No.845 Edn., dated 20th Sep. 1912 the Govt sanctioned the undermentioned temporary establishment for the manual training class in the Teachers' college -

1 workshop assistant	Rs 25
1 do	20
1 carpenter	20
Stipends for 3 selected students	5 each.

(Note:- The Assistant Manual Training Instructor sanctioned in G.O.No.1111 Home (Edn) dated 30th Aug.1918 is to be employed only during the absence of Mr.Porrett on military duty)

The Director recommends the retention for a further period of five years of the temporary establishment sanctioned in 1912. He however recommends the raising of the pay of the senior workshop assistant from Rs 25 to Rs 30-2-40. The proposal may be accepted, seeing that the workshop assistant working under the Instructor in manual training for European schools is paid Rs 40-4-60 per mensem (G.O.No.1256 dated 1st Oct.1917). The Director states that the services of the carpenter on Rs 20 will be required only if Mr. Porrett returns and a manual training class is opened in July next.

4. From the report of the acting Principal of the Teachers' College, it appears that the manual training class opened in 1915 has, on the whole, proved a success. The proposal to continue the class and the establishment sanctioned therefor for a further period of five years need not therefore be objected to. It is not however clear whether Mr.Porrett is willing to continue on a temporary footing for a further period of five years on a salary of Rs 500 per mensem. In this connection attention is solicited to the correspondence with the Govt. of India and the India Office on pages 6 & 7 of notes to G.O.No.1244 Educational dated 24th Dec.1913, to para 4 of the India office memorandum and to clause 13 of Mr.Porrett's agreement on pages 9 & 11 respectively of G.O.No.642 Edn dated 29th May 1914. Mr. Porrett is entitled to count the

whole of his service for pension, if his services are retained at the end of five years the period for which his services were originally engaged. Before addressing the Govt. of India in regard to the further continuance of the post of manual training Instructor, it appears desirable to ascertain definitely from Mr. Porrett, whether he is prepared to continue to serve Government on a temporary footing for a further period of five years on a salary of Rs 500 per mensem. It is submitted that the papers may be sent U.O. to the Director of Public Instruction in order that the necessary enquiry may be made and the result communicated to Government.

5. There is also another manual training instructor for European schools working under the Inspector of European and Training schools. Mr. Fyfe, the present incumbent, came out under a five years' agreement in 1915 and the period of his engagement expires on the 11th Feb. 1920. Mr. Fyfe is also Inspector of industrial schools. Mr. Innes recently proposed that Mr. Fyfe's services should be transferred to the Department of Industries and that he should be appointed permanently to the post of Inspector of Industrial schools. The Government however did not accept the proposal and decided to continue the existing arrangements-G.O.No.1017 dated 5-8-18.

It is for consideration whether the continuance of the post of manual training instructor for European schools should also be considered in this connection or whether the question may be taken up sometime hence. The Director's views may be invited on this point also.

G.O. 225 26.2.15.

It has since been decided to place the post permanently at the disposal of the Director of Industries.

Mr. Powell reported himself to me on the afternoon of Friday, the 21st inst., took charge of his appointment the following morning and handed over to me this afternoon the attached statement in reply to my letter to him asking him whether he was prepared to serve Government on a temporary footing for a further period of five years on a salary of R600 p.m. Mr. Powell is prepared to continue to serve Govt. on a pay of R500 p.m., but he is not prepared to remain on a temporary footing.

2. My predecessor (Mr. Duncan) recommended the continuance of the Manual Training Class for a further period of five years. I am of opinion that the Manual Training Class at Taidapet may even now be placed on a permanent basis. The class has, according to Mr. Duncan's letter to Govt., done useful work and has justified its existence. Still more work could be done, we must continue to supply manual training instructors in Indian schools, we must increase the number of centres at which this kind of instruction is given, these centres and the Indian schools at which manual instruction is being given will require expert inspection, we must in fact do all that is possible to permeate Indian Schools with the idea of the dignity of labour, and a course of manual training can do this, but if the scheme is not upon what the class was

(at here only nine at present)

formed five years ago is to have any lasting effect and value it must be made permanent. It would be a pity to retard the growth of this instruction and a considerable loss of education of this kind in this Province if Mr. Powell's services were not to be retained permanently. Moreover the manual training is only one part of the work that it was contemplated should be done when Mr. Powell was appointed. It was contemplated – and indeed Mr. Powell has already done some work in this connection – to formulate a scheme of drawing suitable for Public Schools, to publish satisfactory drawing charts and to hold temporary classes in drawing to be attended by teachers for periods of about three months at a time. All this demands a permanent post and a permanent appointment of Mr. Powell has special qualifications for all this work.

3. I should prefer the question of the continuance of the part of manual training instruction for European Schools considered later in the year.

To

The Director of Public Instruction,

Sir,

I have the honour to state that in answer to your D.O. No. 41 dated 8th March 1919, I am prepared to continue to serve Government; but in your letter you stated that it would be on a temporary footing which is contrary to my agreement with the Secretary of State. The Principal of this College has informed me when he recommended to the Director of Public Instruction that the appointment ~~xxxx~~ be continued for five years, he was not aware of my agreement, which states in para 11, " That unless I receive notice to the contrary, I shall continue to serve on and shall not be entitled to receive or required to give notice of termination of my serving except as provided in the Civil Service Regulations" Also in para 13 it states " If I continue to serve Government, all my past services shall be allowed to count for leave and pension". Also in C.A. No. 418 forwarded to me from the India Office, it states in para (4) "Should the experiment prove a success, the appointment will be permanently retained" It was on account of these paras that I accepted the post here and resigned a pensionable post at home in May 1914. Before I joined the Indian Army Reserve of Officers, I was informed by the Director of Public Instruction that my work was a success and that the Government favourably considered my retention after the five years and that no one would be

appointed to my position at Saidapet either temporarily or permanently. I refused a position offered by Army Headquarters, as I informed them I was on probation for a pensionable post in the Educational Department at Madras.

I would be indebted, if you could kindly give me any further information regarding my appointment.

2. The appointment of Manual Training Instructor in the Teachers' College is temporary and was sanctioned by the Secy of State for a period of five years. Vide G.O No 1244 (Edn) & 24-12-13

(R) Mr Porcelt, the present incumbent, came out under a five years' agreement on a salary of Rs 400-20-500 p.m. and joined his appointment in the College on the 17th Oct 14. Thus the period of his engagement expires on 16-10-19. If the D.P.I. recommends the permanent retention of the manual training class, Mr Porcelt's appointment

will have to be continued. The sanction of the Secy of State is necessary ~~for the~~ to the permanent retention of the post. The D.P.I. may therefore be requested (a) to treat the case as urgent and to expedite his reply to Memo No 305 A-7 & 25.8.19

Letter:- No 1086 9.9.19.

To

The Secy. to the Govt. of India,
Dept. of Education.

Sir,

In continuation of my letter No. 973, dated 9-8-19, I am directed to address you on the subject of the permanent retention of the post of

Manual Training Instructor attached to the Teachers' College, Saidapet, the creation of which was ~~originally~~ sanctioned for a period of five years in the Secy. of State's Despatch No. 274, Public, dated 7-11-13 communicated with Mr. Sharp's letter No. 2365, Edn., dated the 15-12-13.

2. Mr. C.R. Porrett, the present incumbent, joined his appointment on the 17th October 1914. Early in 1915, he organised the special class for the training of manual instructors and till now 34 students have successfully passed through the course. The number trained would have been greater if Mr. Porrett had not been absent on military duty from June 1918 to March 1919. Mr. Porrett has also been giving courses of instruction in manual training to the teachers of secondary schools and colleges undergoing training in the Teachers' College, Saidapet; He has visited different muffasal centres for organising courses in manual instruction in training institutions and non-European secondary schools; ~~In addition,~~ and he is now engaged in formulating a scheme of drawing suitable for Indian schools and the preparation of satisfactory drawing charts. He has also undertaken to hold special classes in drawing in the Teachers' College for the benefit of drawing masters employed in secondary schools in the Presidency.

3. As stated in para 3 of my letter No. 973, dated 9-8-19 the Govt. have under consideration a scheme for a large development of manual training work in the Presy. As new manual training classes are opened in connection with Govt. training institutions and private schools, the demands for trained instructors is bound to grow. The class at Saidapet is the only one of its kind at present in the Presidency where persons are trained in hand-work and methods of teaching drawing in schools. In view of the success already attained, the Governor in Council is ~~of the opinion~~ satisfied that the post of Instructor in manual training attached to the Teachers' College, together with the subordinate establishment connected therewith, should be made permanent with effect from 17-10-19, on which date the existing sanction for the employment of the Instructor expires. The pay of the post will continue to be Rs. 400-20-500 p.m. and the incumbent thereof will, as hitherto, be treated as an officer of the first class for the purpose of travelling allowance and will also enjoy leave under the Indian Service Leave Rules and be eligible for the more favourable conditions set forth in Article 202(a) 1 (i) of the C.S.R. ~~The officer will also continue to be non-gazetted.~~

4. A subordinate staff costing Rs. 960 per annum is now employed under the Instructor. Its permanent retention with such modifications as

as may be found necessary will bd sanctioned by this Govt. when the requisite sanction for the permanent retention of the post of instructor has been obtained.

5. I am directed to request that the sanction of the Secy. of State to the permanent ~~of~~ retention of the post of manual Instructor's training ~~instructor~~ attached to the Teachers' College, Saidapet, may be obtained and communicated to this Govt. at a very early date. I am also to request that sanction may be ~~re~~ accorded to the retention of Mr. Porrett's services ~~till~~ until the orders of the Secretary of State are received.

6. A copy of the Endorsement of the Accountant General No. Chin. 1-20848, dated the 1st February 1919 is enclosed.

I have, etc.
