Resolution 5.

This meeting (i) considers in view of the great importance of knowledge of insects and insect life histories to the peoples of India, that readers for use in the primary schools in India should as far as possible contain simply written accounts of some of the insects commonly found in the Provinces concerned, (ii) suggests that entomology should figure prominently in all courses of Nature Study, and (iii) recommends that the educational authorities should enlist the help of entomological workers in the preparation of such accounts in their readers or text books.

Proposed by Mr. C. C. Ghosh, Assistant to the Imperial Entomologist, Pusa.
Seconded by Mr. K. Kunhi Kannan, Senior Assistant Entomologist, Mysore State.

Carried unanimously.
