No. 6483/19

Station Madras, Dated the 2-9-1919

From (Name) The Hon'ble Mr. R. Littlehales, M.A.,

(Designation) Director of Public Instruction,

Madras.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

I have the honour to request that sanction may be accorded under article 57 of the Civil Service Regulations for the Superintendent, School of Engineering, Vizagapatam to visit the Engineering colleges at Sibpur (Bengal) and Roorkee (U. P.) during the Michaelmas holidays to acquaint himself with the methods obtaining there. A copy of his letter R.C. No. 97/19 dated 16-8-19 explaining the purpose of the visits is herewith submitted.

The Superintendent will be required to see that the tour does not extend beyond the Michaelmas holidays

and

and to submit a report on his tour to the Director.

I have the honour to be,

Sir,

Your most obedient servant,

A. V. N. D.
for Director of Public Instruction.

MS 2/9
T.V. N. D. 2-9-19.

3
Copy of letter from the Superintendent, School of Engineering, Vizagapatam, No. R.C. 97/19 dated 16th August 1919 to the Director of Public Instruction, Madras.

"With reference to your Proceedings R.C. No. 6483/19 dated 25-7-1919 and in continuation of this Office letter C. No. 97/19 dated 15-7-19, I have the honour to report as follows:-

I am desirous of visiting the Engineering College at Sibpur, Bengal, and the Thomason Civil Engineering College at Roorkee, (U.P.).

It is rather difficult to explain in a few words the purpose of the visits, but to put it briefly I want to get ideas for planning the development of the work here, especially along the following lines-

- (1) To learn how to make every lesson as far as possible combine practice with theory.
- (2) To observe the methods of imparting instruction, especially in the field and workshop.
- (3) To observe the equipment of the model room and laboratory so as to make the best use of the comparatively small funds that will be at our disposal here.
- (4) To note the equipment of the workshops, and which machines are found most essential.
- (5) To see the methods of teaching Mechanical work adopted for the various classes of students from Engineers to Mechanics or Artisans.

During my only furlough to England I spent about 1½ years in Electrical Engineering Workshops, and though this is now 14 years ago, I probably know enough to profit by my visits to these workshops and to save my travelling expenses several times over when it comes to fitting up our Workshops here. I am anxious to do things in the best possible way, and not to commit myself or my successors by any mistakes I may make.

The favour of early orders is requested."
