Simla, the 28th August 191

From

The Hon'ble Mr. H. Sharp, C.S.I., C.S.I.,
Secretary to the Government of India,

The Secretary to the Government of Madras,
Home (Education) Department.

Sir,

I am directed to forward for information a copy of a letter, dated the 2nd July 1919, from the Educational Adviser for Indian Students to the Secretary of State for India and to request that the papers mentioned therein may invariably be forwarded not only when candidates are selected for the State University and Technical scholarships and their selection is intimated to the India Office but also in all cases in which the local Government may grant or propose to grant special scholarships or stipends for training abroad.

I have the honour to be,

Sir,

Your most obedient servant,

Secretary to the Government of India.

Copy of a letter dated the 3rd July 1919 from the Educational Adviser for Indian Students to the Secretary of State, India Office, to the Secretary to the Government of India, Department of Education.

I beg to request that, when information is given as to the award of a scholarship of any kind, whether from Imperial or Provincial Funds, the letter informing me of this fact and requesting me to make arrangements for the training of the Scholar, may be accompanied with testimonials from his Professors, and others, and with a statement of the academic qualifications of the Scholar, and the subject of study that he is to pursue in this Country. I make this request because I sometimes receive information that a Scholarship has been awarded to a Student, and I am asked to arrange for his admittance into a University, without, at the same time, being informed of the subject he is to take up, and what are the grounds on which the Scholarship has been awarded to him. I have to deal with Educational Authorities in this Country whose methods are often pedantic and who refuse to take any action until testimonials of intellectual ability and good character are submitted to them; such persons attach no weight to the fact that the award of a Scholarship by the Government of India or a Provincial Government implies that the Scholar in question has been selected after a careful scrutiny of his credentials and they claim the right to form an independent judgment of their own on the basis of testimonials given to the Scholar by his Professors and Teachers.

and the latter made his own arrange-
