From (Name) The Hon'ble Mr. R. Littlehales, M.A.,

(Designation) Director of Public Instruction.

To The Chief Secretary to the Government of Madras.

Home (Education) Department.
Through the Accountant-General.

To,

With reference to para 2 of Government Memo No. 192 A-1 dated 28th January 1919 calling for proposals for the opening of three additional Government Secondary schools for girls in the Presidency, I have the honour to state that it is proposed to raise to the secondary grade the Government Higher Elementary girls' schools at Rajahmundry in the Northern Circle and Madura in the Southern circle, and the Inspectresses have been asked to take steps to transform them into secondary schools pending the settlement of the question of staff. The question of locating a secondary school in the Central Circle is still under correspondence and consideration and I shall address

Government

Government separately in regard to it. I may here mention that the Inspectress of Girls' Schools, Southern Circle is not in favour of having a Government secondary school for girls at Trichinopoly. She prefers to have it at Madura for the reason that there are already five secondary schools for girls in Trichinopoly under Mission management while there is only one school--Capron Hall Girls' secondary school--in Madura.

2. As regards the opening of a Government secondary school for girls at Anantapur, I have to state that both the Collector and the Inspectress consider that a secondary school might be started there and that the local Government Hindu girls' school which has 128 pupils in standards 1 to 8 as detailed in the margin should be

.. I	2

	128

raised to the secondary grade. The Inspectress expects to have at least 20 pupils in Forms I to III as some of the more important residents of the town are willing to send their grown up girls to the school provided it is staffed with women teachers. For

working it as a secondary school the Inspectress requests sanction for the employment of a staff of seven teachers besides a clerk and a peon. The present and proposed scales are given below:-

Present scale		Proposed scale	
Head teacher	20	Head teacher	60
1 assistant	14	1 assistant	50
4 assistants	13 (each)	1 assistant	40
Peon	8	2 assistants	30 each
Total	94	2 assistants	25 each
		clerk	20
		Peon	8
		Total	288

This staff is considered sufficient until a fourth form is opened when two more additional teachers on higher pay would be required.

Inspectress to raise the status of the Government Girls' school to that of an incomplete secondary school subject to the condition that steps are taken this year to bring the curriculum into line with what is required for a secondary school so that the fourth form may be opened in June 1920 if pupils are available for it then.

3. In these circumstances I request that Government will be pleased to sanction the proposal to raise the Government Girls' school, Anantapur to the secondary grade and the employment of the staff with effect from 1-9-19 on the rates of pay proposed by the Inspectress, which seem suitable. I beg to add that these rates will only be temporary and require revision should the Government accept the revised scale of salaries for women teachers proposed in my letter Camp No.120 dated 16-6-19.

4. The extra cost involved by the present proposal will be Rs.194/- per mensem or Rs.1164/- during the remaining six months of the current official year and can be met from the lump budget provision made for the purpose.

of 15.5.19 which contain a list of places selected by the Inspectresses of girls' schools at their Conference held in December 1915. ^{Secondary} Schools were to be established in the order given in that list. Accordingly in the Southern Circle a school was opened in Mangal in the Central Circle at Cuddalore and in the Northern Circle at Masulipatam instead at Rajahmundry where a suitable site was not available at the time.

2. As a second instalment of the programme the D.P.O. is considering the question of opening Secondary Schools for girls at Rajahmundry in the Northern Circle, at Madurai in the Southern Circle and a third in the Central Circle at some place not yet decided. No definite proposals about these have been submitted and no orders are necessary with regard to them at present.

3. The current Communication requires order only on the proposal to raise the Govt. girls' School, Anantapur, to the Secondary grade & to employ ^{Herein} the staff proposed by the D.P.O. Anantapur is seventh in the list of places selected in the Southern Circle for establishment.
