Sir,

Log. collector

I have the honour to state that the Executive Engineer, West coast Division, informed me that a sum of Rs. 204-10-3 was spent on the construction of the Additional buildings and the Hostel attached to the Victoria College, and requested me to place the amount at his disposal before 31st March 19. The work was done in February i. e. before the College was handed over to Government, and as such he states that the handing over of the College does not exempt the Council from paying for work done before April. The amount outstanding

in

in the suspense schedule of the Executive Engineer's Office for work done before the end of March 19 is 247-0-1. The Council before whom the subject was placed, however consider that in view of their present finances, Government may be requested to meet the sum from Provincial funds. I therefore request that you will be good enough to obtain the sanction of government for the payment of this amount from Provincial funds.at an early date.

A copy of the Council's resolution is subjoined.

SUBJECT. Sanction for the payment from Prov. funds of sum of Rs. 247-0-1, the expenditure incurred by the Palghat Municipal Council towards the construction of additional buildings for the Victoria College & hotel.

From The C.M.C., Palghat, no 81 of 25-6-19.

Register No. 4307-m.

The Victoria College, Palghat, was taken over under Govt. management with effect from 1st April 1919. Please see G.O. no 109 Home (Edn.), dated 24th January '19. The P. W. D. incurred before the 31st March 1919 an expenditure of Rs. 247-0-1 on the construction of the additional buildings for the College and hotel and this sum has to be paid by the Municipal Council to the Executive Engineer of the West Coast Division. In view of its financial stringency, the Council requests that the above sum may be paid from Provincial funds. No doubt the Council's financial position is far from satisfactory. It was on this account that its budget for 1919-20 had to be revised and considerable retrenchments in expenditure made. In connection with this budget the Govt. have agreed to remit the balance (viz. Rs. 15,431-0-0).

of the loan of Rs. 21,000 raised by the Council for the construction of the hotel and omitted from the budget the annual instalment of repayment of this loan. Even after this concession the budget is expected to close with a balance of only Rs. 1,990 or 2.4 percent of the estimated ordinary receipts and in view of this small balance the Council has been asked to consider seriously the question of enhancing the rate of tax on buildings and lands from $7\frac{1}{2}$ percent to $8\frac{1}{2}$ percent and to show cause before 1st August '19 why the rate of the tax should not be so enhanced from 1st April 1920. [In view of the fact that the amount involved (Rs. 247) is small, it would seem that there will be no harm in asking the Council to meet it from its own funds. For order whether the Council may be informed accordingly or whether the remarks of the Home (Hon) and the Financial Secys. may be invited on the Council's request.]

The Council's request may be reported in this dept and the file sent to Home (Hon) and Secy

Before considering the Council's application for a grant, it appears desirable to know how the College worked in 1918-19. From the report for 1917-18 it is observed that there was a surplus ^{during that year} in the working of the institution. ~~During~~ If there be any surplus in 1918-19, the grant now applied for may as well be met therefrom. It is therefore for consideration whether the LHM Department may be requested to note on this point.
