Sir,

I have the honour to submit herewith a copy of letter
received from Mr. W. H. James, Principal, College of
Engineering, Madras, on the subject of arranging at home
for the equipment required for the Engineering College
at Guindy and to state that I agree with Mr. James in
thinking that Mr. C. L. Cartwright may be deputed to work
in that connection while on leave in England, as was done
on a previous occasion - vide G.O.'s Nos. 846 Mis., Educa-

(R)

trional dated 12th September 1913 and 1046 Educational, Mis.,
dated 17th November 1913. (H)

I have the honour to be,

Sir,

Your most obedient Servant,

R. A. Trieni

for Director of Public Instruction

Letter R. C. No. 994 of 18-19 dated 16th April
1919 from the Principal, College of Engineering, Madras.

I have the honour to state that I understand
a sum of one lakh is provided in the Public Works Department (Civil
works) budget for the Guindy equipment and I am informed by the Chief
Engineer, Public Works Department, that Rs. 40,000 is immediately
available and any further demand will be complied with later on when
required. I am accordingly preparing an indent up to one lakh and
this in the usual course if approved will go on to the Director-
General of Stores, India Office.

2. In this connection I wish to suggest that,
as on a former occasion, it would be of advantage to utilize the
services of Mr. C. L. Cartwright, who will be at home on leave
during this year, for purposes of consultation with the India office
in regard to details and in the placing of orders. The business
would not be continuous and it would be most convenient if a period
of deputation say of two months could be made of a number of smaller
periods of days during which the Professor would be engaged on the
work, but if this is not possible then I would suggest one month
about the commencement of his leave and one month later on in year
the time to be arranged with the India Office authorities.

From the D. P. I. R. C. No 3681 of 17.5.19
Deputation of Mr Cartwright
Mr Cartwright, Prof of Mechanical
Engineering, College of Engineering, Madras,
has been granted furlough without medical
Certificate from or after the 8th July 1919
upto the date of Commencement of the
summer vacation of the College in 1920.
The Principal of the College of Engineering
now suggests that while on leave in England
Mr Cartwright may be placed on deputation
for a period of two months for the purpose
of Consultation with the India Office in connection
with the ^{ordering of} ~~purchase of~~ articles for the equip-
ment of the new Engineering College at
Guindy. The D. P. I. recommends the
proposal and quotes G. O No 846 Ed of
12.9.13 for a precedent.

2. It is submitted that the circumstances
under which Mr Cartwright's deputation was
sanctioned in the order quoted by the D. P. I.,
are different from those of the present case.
On the former ^{occasion} ~~case~~ Mr Cartwright's leave
^{had nearly} ~~was nearly~~ expired ^{and} his detention in England
could not be arranged for otherwise than
by placing him on deputation. While in
the present case, Mr Cartwright could attend

to the special work during the period of his leave. It seems therefore sufficient to reimburse him the extra expenditure he may be put to on account of the special work. Attention is solicited to the notes to G.O. No 721 Edl & 7.8.13. As suggested therein, Mr Cartwright might be paid actual ~~travelling~~ expenses ~~and~~ ~~for~~ ~~the~~ ~~days~~ he may be absent from his residence. The D.P.'s remarks may be invited (uo) on the alternative proposal.

The indent is yet under preparation. On the previous occasion ^{the} India office was addressed only after the indent had been forwarded to the Director General of Stores. ~~There is no objection~~
The same course may be followed now also

The indent is submitted straight
the D.P.I. & it not? If so a
Draft can issue now. If the
indent goes up Govt, the
draft may be over 31/5/19

Though the present letter is addressed to the Under Secy of State for India and not to the Secy of State it would seem that the letter ~~is~~ contradicts the spirit of clause (a) of the memorandum in that it relates to the grant of allowances to an officer in connection with his special work while on leave and as such ~~it~~ should go ~~to~~ the Govt of India ~~in 1919~~ Home (Edn) may be requested ~~to~~ to address the Govt of India

clause (a) of the memorandum of instructions referred to in the file note above, runs as follows:—
"The Govts of Madras and Bombay may not address the Secy of State direct, regarding the creation of new offices and the grant of salaries, gratuities and allowances, including"

"the modification of any existing orders on these subjects. Financial considers that the present case raises the question of the grant of an allowance to Mr Cartwright in connection with his special work which we have and as such the draft letter should go through India. It is submitted that it is proposed only to reimburse Mr Cartwright the actual travelling expenses incurred by him on account of the special work. It is doubtful whether this can be construed to be an allowance for purposes of clause (a) of the memorandum. In this view, it would appear that there is no irregularity in addressing the Under Secy of State Direct.

The Govt do not consider that Mr Cartwright should be placed on deputation, while on leave in England, for the purpose specified in the Director's letter read above. It will be sufficient if he is reimbursed the actual extra expenditure, if any, he may be put to, on account of the special work.

Lord,

An indent for machinery and equipment required for the new College Engineering now under construction at Guindy, is ~~now being~~ forwarded to the Director General Stores, India Office, and the local S.P.D.

It is suggested that the Stores dept should consult Mr C. D. Cartwright, Prof of Mechanical Engineering of the College, ~~who is now in England~~ ^{now} on leave ~~in England~~ in regard to the details of the several articles included in the indent and the placing of orders. Mr Cartwright knows the precise requirements of the College, and I am directed to commend the suggestion for favourable consideration. In 1913 Mr Cartwright was placed on deputation to advise the India Office in connection with the purchase of electrical equipment for the College (vide Correspondence ending with Mr Beton's letter J + P 4237 of the 5th Decr 1913).

2. If the above suggestion is approved, I am to recommend that Mr Cartwright ^{may} be reimbursed the actual extra expenditure incurred by him ^{during his absence from his residence} in connection with the special work.

I have etc.
