R. C. No. 1738/1919

Station Madras, Dated the 5th June 1919

From (Name) the Hon'ble Mr. R. Littlehales, M.A.,

(Designation) Ag. Director of Public Instruction,

M A D R A S.

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

Sir,

With reference to Government Memorandum No. 2662-B/18-1 Home (Education) dated 7th January 1919 and to para 2 of my letter R. C. No. 1738/18 dated 8th March 1919, I have the honour to submit the revised plans and estimates for the main building for the Church Park Training School for women, Teynampet, Madras, prepared by Mr. S. B. Pears. This school previous to its removal to Teynampet was known as the Presentation Convent Training School for European mistresses, Georgetown. The Sacred Heart Convent School, Church Park, Teynampet, serves as a model school to this

Training School and it has a separate building in the same compound. The present revised estimate amounts to Rs.85,000 against Rs.42,000 according to that returned for revision with the Government Memorandum already referred to. The Correspondent reports that the building proposed for the Training School is designed to accommodate fifty training students, day and boarders and the members of the staff. The training school had last year while it was in Georgetown only 19 students. The present scheme to provide for 50 students seems therefore extravagant. But as this is the only Training School in this Presidency solely intended for European women teachers and as there is need for larger facilities for the training of European women teachers, I beg to recommend that the revised scheme may be accepted and that a grant not exceeding one-half of the total cost including the architect's fee which the Correspondent states is Rs.2125 at 2½ per cent may be sanctioned under Article 57 of the Code of Regulations for European Schools payable when funds are available.

I have the honour to be,

Sir,

Your most obedient Servant,

4 4
E. W. Note. 883884.10.19

The Director of Public Instruction in his R.C.No.1738/19 dated 5th June 1919 submits revised plans and estimates amounting to Rs. 85,000 for a grant-in-aid towards the cost of constructing the main building for the Church Park Training School for women, Teynampet, Madras.

The plans and estimates have been examined and the following remarks are made

(i) A teak beam 15" x 10" appears necessary at the position marked 'Z' to support the 1st ^{floor} wall of the staff quarters on the south side.

(ii) The pressure anticipated on the pillar marked 'Y' in the south verandah exceeds the safe limit permissible for brick in-cement, and will require to be built of outstone-in-cement. (vide blue print sheet I)

(iii) The sizes of some of the scantlings require alterations as shown in red chalk in plan sheet II.

	From	To be altered to
(a) Front verandah bressumer ground floor	12"x5"	12" x 7"
(b) South verandah bressumer ground floor	12"x5"	15" x 10"
(c) Rear passage bressumer ground and 1st floor	12"x4"	12" x 5"

(iv) The plinth area rate of Rs. 11 and the cubic foot rate of Rs. 5 for the building are considered reasonable.

Now that the prices of rolled steel beams have been fallen in the market, the teak beams proposed in the estimate may be -- economically replaced by rolled steel beams. Moreover the rates for ^{the} flooring with terracotta, 'cuddapah flooring' and brick mopped partitions admit of further reductions.

(v) A cubic foot rate of Rs.4 for this building is considered sufficient and with this rate the building should not cost more than Rs. 68,000. ~~Rs.~~ and a half grant of Rs. 34,000 + Rs.2125 for professional fees ^{Rs. 36125} is reasonable ^{and is recom- mended}.

III. The attention of the school -- authorities is specially drawn to the very poor ventilation arrangements of the -- cubicles, which it would be well to improve. The dormitory also is not satisfactory in this respect and it would have been preferable if they ^{had been} placed on the outer wall.

IV. With these remarks, the plans and estimates are recommended for approval.

Revised plans & estimates for the main building for the Church Park Training School for Women, Teynampet.

Returned to School with P.W. No. 16. 1290 W6 B-1 22-6-19

NOTES.

Home (Eds.??)

Le. 25/12, from the D.P.D., R.C. 1738/18, S.C. 19

The plans and estimates for the building scheme, as originally proposed, are now under scrutiny in the P.W.D., having been forwarded to them with Ed. No. 790/A-1, dt. 28th April 1919. The D.P.D. has now ruled: a revised scheme evidently meant to supersede the one already sent up. The revised plans and estimates may go to the P.W.D. w/o for scrutiny.

11-6-19 S. The S.P.D. Characterise the present scheme as "extravagant" yet he recommends it, apparently on the ground that facilities should be provided even though students do not come forward to make use of them. The cost of the revised scheme is 85000 - just double the cost of the previous proposal. It seems a little doubtful if we can be justified in undertaking this expenditure.

[Signature]
12-

Would it not be possible to so frame the estimates as to provide for 20 pupils when with and capable of extension without work being done when more pupils come forward?

May 13/6/19

D. G. W.

U. S. Camp No 148/19 or 25-6-19

The U.S. appears to have misinterpreted my letter which states that the scheme seems extravagant, not that it is extravagant. It will be noticed that cubicles are arranged for only 16 students, and that the 'dormitory' could not hold more than about 10 beds. If the classes exceed 26 at any time, the excess number of students must reside out of the building.

~~It is not possible to make all the students reside in the building - and this is certainly to be aimed at - then the classes cannot be more than 26 strong at any time. Criticism and Model Lessons require large lecture rooms, sufficient to hold 60 pupils and students under training, so that 60 lecture rooms are required of a size considerably larger than would suffice for merely seating 26 persons or 13 persons.~~

according to the criticism a model lesson
undertaken at the time.

I have estimated that on a ^(basis of a) 20 year
teaching life of a woman teacher (and I do
not think this is too small, in view of the
number who leave the teaching profession for
reasons of marriage, ill-health, disimination
for the work, death, etc.) we require to
train about 25 teachers each year to make
good the wastage in European Schools alone.
Apart from this we have more than 100 untrained
teachers now employed in European Schools. It
will be possible for a time, by admitting external students,
to have classes of more than 26 strong, but
if, after a time, the strength of the classes is
to be more than this figure, the excess number
of teachers trained will have to be ~~absorbed~~^{absorbed}
into our European Schools. I do not
consider, however, that more than 25 to 30
students will be trained annually in this
institution in the normal course of events,
so that very few will be available for our European
schools.

The plan prepared by Mr. Pean does not
lend itself to construction in parts.

H. J. G.
Home (Edn.)

With reference to 'A' above, it

as for consideration whether the plan & estimate may be returned with a view to their revision so as to provide accommodation for 25 or 30 training students.

1-7-49

S. J. 3-7-49

O no. The plans provide for 26 boarders only. The excess if any is only in the lecture rooms that too could be much. The plans may now go to the PWD

ORDER.

No. 1259, dated 17. 6. 1919.

We

THE Government are pleased to sanction a

grant not exceeding one-half of the actual ex-

penditure, nor Rs. 36,125/-

towards the cost of constructing the main building for the Church Park Training School for women, Teyanampet, Madras, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ; and

(2) that all the conditions prescribed in the *Code of Regulations for European Schools* *Grant-in-Aid Code* have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.
