DESPATCHED.

15 MAR 1919

834

In G. O. No. 332 Home (Education) dated 12th March 1918 a subsidy of Rs. 2000 was sanctioned for the construction of a building for the use of Thirikkottuparamba Girls' school in this town and the amount has been placed at the disposal of the Municipal Council. Out of this a sum of Rs. 728--12--9 was spent for the additional site acquired for the building and there is only a balance of Rs. 1271--3--3 now available for the building. The estimate prepared for the erection of the school building comes to Rs. 6900 and at least a sum of Rs. 800 will be required for a kitchen, tiffin room and latrine making a

total of

total of Rs.7700 against a subsidy of Rs.1270 in round figures now available. The difference of Rs.6430 has still to be provided and the Council is unable to contribute anything out of its own funds.

2. I enclose copy of my office note dated 13th February '19 in the matter and of Municipal Council's resolution No.14 dated 22nd February '19 thereon and have the honour to request that Government may be pleased to sanction an additional subsidy of Rs.6430 for the purpose.

3. The plans and estimate for the erection of the main school building have been forwarded to the Superintending Engineer for approval.

I have the honour to be,

Sir,

Your most obedient servant,

Chairman. M. C.

27-2-19

Office Note.

Plans and estimate for the erection of Trikoottu-paramba ^{girls} school building are now ready and have to be forwarded for the approval of the Superintending Engineer 4th Circle Coimbatore. The estimate now prepared is for Rs.6900 and is only for the erection of the school building. The estimates for a kitchen tiffin room and latrine which will come to Rs. at least Rs.800 have also to be prepared as ~~these~~ ^{these} are very essential adjuncts to a school building. The total sum required for the buildings will come to Rs.7700 and with anything less than ^{this sum} buildings sufficiently roomy to accommodate more or less the present strength cannot be erected.

There is only a sum of Rs.1271--3--3 now available out of provincial grant of Rs.2000 received for the erection of these buildings, the difference of Rs.728--12--9 having been spent for the additional site acquired for the location of these buildings. Deducting this sum the amount still required will be Rs.6430 in round figures. The council judged from the present state of ^{its} finances cannot afford to meet this sum or even a very small fractional part of it from its own funds. The proposed buildings are a desideratum in as much as the present buildings are condemned by the Inspectress of Girls schools and their reerection is repeatedly insisted on by her.

This being so the only way open to the council is to approach Government for a further grant of Rs.6430/- from provincial funds towards the erection of the buildings in question and the matter is placed before the council for disposal. The plans and estimate may in the meanwhile be forwarded to the Superintending Engineer for approval and return.

From (Name) the Hon'ble Mr. R. Littlehales, M.A.

(Designation) Ag. Director of Public Instruction
MADRAS.

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

Sir,

In returning herewith letter No.57/10 dated 27th
February 1919 from the Chairman, Municipal Council,
Tellicherry, referred to me for remarks in Government
Endorsement No.804 A-1 dated 25th March 1919 I have the
honour to state as follows:-

A subsidy of Rs.2,000 was sanctioned in G.O.No.332
Home (Education) dated 12th March 1918 for the construction
of a building for the Municipal Girls' School, Tirikottu-
paramba. In July last the Council applied for an additional

NOTES.

subsidy of Rs.1942 for this purpose and were informed by Government that the application would be considered towards the close of 1918-1919 if funds then become available (vide G.O.'s Nos. 1104 Home (Education) dated 30th August 1918 and 1148 Home (Education) dated 5th September 1918). This additional subsidy of Rs.1942 has since been sanctioned in G. O. No.304 Home (Education) dated 12th March 1919. They have received therefore a total subsidy of Rs.3942 on account of this school and I consider that the proposed additional expenditure may be met from their own funds in view of the proposal to take the Brennen College under Government control and the consequent fall in the ratio of expenditure on education to total income in this Municipality.

Total subsidy
acknowledged by Council. 7700.
Amount till
now sanctioned
by Govt. 3942.

Cdn no 10664/1
 7-5-19
 CR 3057m

In Co. no. 1885 M., dated 2nd
 December 1918, a recurring grant of Rs. 6000
 per annum was granted to the Tellicherry Municipal
 Council towards the expenditure of the Municipal
 hospital subject to reconsideration when the

Bremen College is taken over by Govt. Again in Co. No 1886 M., dated 2nd December 1918, another recurring grant of Rs. 1000 per annum for maintaining the Tellicherry - Coorg road within the Tellicherry Municipality was granted subject to the same Condition. Now that the College is to be taken over with effect from 1st June 19, the question of reducing these grants is being considered separately. If it is eventually decided that these ^{grants} ~~funds~~ should be reduced by the estimated savings (viz, Rs. 4,238 per annum in the average for the last two years,) effected by taking over the College, there will be no change in the financial position of the Municipality which generally is not ^{quite} satisfactory. The Council has been working only with a surplus balance of Rs. 849 in the average for the last three years. It has also to be noted that it was working with deficit balances during 1915-16 & 1916-17. According to the budget estimate for 1919-20, the balance under general funds is only Rs. 2,650 or 2.9 percent of the ordinary receipts. In these circumstances it is submitted that the Council will not be able to allot any money from its own funds for the purpose now in question.

SPN 11/6/19

U.O. Camp N-102 / 19 & 11-6-19

I share this view. ^{action on} ^{line} ^{other} ^{action}
is equivalent to the diversion of funds hitherto used
on "Education" & "Hospitals" and "Roads". We
may indeed ask the Municipality to submit proposals
for the ^{annual} expenditure of about Rs 4238 on education,
and also its present expenditure under this head.
In view however of the impending introduction of an
Education Bill into the Legislative Council and the
strengthened financial condition of the Municipality I
do not advise this course. It should suffice if
the reduction of grant to the Municipality suggested
in L.M. take effect from next year. 11/6/19

Home (Edn) Department.

The sum of Rs 3,758 required for the
Tinkkottuparamba girls' school building
may be met from the estimated
savings of Rs 4,238 on account of the
provincialization of the College.

I am not sure that you represent
 the D.P.D. correct. His view is to
 reduce 4,238 Rs once for all for
 the recurring subsidy. In which
 case, this particular grant should
 be specifically sanctioned, is it not?

18/6/19

page 5 supra.

The D. P. D.'s observations refer generally
 to the permanent arrangements &
 not to the specific request for grant
 in this file. The D. P. D. having definitely
 stated that the reduction in grant
 should take effect only from next year
 it was thought that the non-recurring
 grant of Rs 3758 might be met from
 the current year's saving (of Rs 4,238
 minus any sum that might have
 been expended in the first two months
 of the year) which should be for fundraising

19/6/19
