Submitted to the Director of Public Instruction

Mr. Barker's work here has been quite satisfactory.

I wish to make it clear, however, that if Mr. Barker gets this appointment it will be impossible to carry on the work of the College without a qualified and suitable person as Professor of Civil Engineering, and this particularly in view of the heavy work in the latter half of the College year in connection with the Survey Camp and Sessional Examinations.

I would certainly forward.
It would be difficult to get on but

we shall not get any recruits.

I understand that
Mr. Barker is not now
bound by any agreement
which restricts his right
to leave us.
