Q. 138. Will the Government be pleased to give extra grants to schools that admit panchamas, in order that the management may make good any loss incurred thereby?

Elementary Schools.

Grants to elementary schools were till recently based ^{partly} on the qualifications of teachers and partly on the number of pupils in attendance. In the case of the latter, the rate of grant payable on behalf of girls and pupils of backward classes was Re 1 and that payable on account of ordinary boys was eight annas. This system of payment of grant based on the number of pupils in attendance has been done away with and a corresponding increase has been made in the rates of grant payable on behalf of ^{the} teachers. But in order that schools attended by a large number of girls or pupils of backward classes may not lose by the revised rates, the D.P.I has been authorised to issue instructions to the inspecting officers to see that these schools are liberally treated under art. 16 of the grant-in aid code in the matter of assignment.

Rule 15 of the grant-in aid code.

assignment of grant. It does not appear that any further concession is necessary in respect of schools that admit Panchamas.

2. Secondary Schools.

Grants to secondary schools & colleges ^{are ordinarily restricted to one-half} ~~are ordinarily restricted to one-half~~ of the net expenditure incurred by the management.

In order to induce managers of aided institutions to allow ~~the~~ Muhammadan & Oriyas & girls & pupils of backward classes the concession of paying half fees (which is allowed in schools under public management) the Govt have undertaken

Rule 3 of the Grant in Aid Code

Rule 102 of Ed. Rules

G.O. No. 842 of 12-7-12

To increase the grant ordinarily admissible ~~to the extent~~ ^{one} by half of the fee income thus foregone on account of the admission

of these pupils. The list of backward classes and communities is large and it would entail heavy expenditure on public funds if Govt were to undertake to reimburse the management the full amount of fee income foregone. Besides such a concession cannot be granted to Panchamas alone, as other backward classes

classes will not be slow to press their claim. The following draft answer is submitted for approval: -

" The Govt see no need to enhance the concession in the matter of grant already allowed under rule 32 of the Grant in Aid Code "

So far as secondary higher institutions are concerned, we are giving extra grants to compensate the loss in the lower fees levies.

As regards elementary schools, instructions have been issued.

So a correct answer would be

" Orders have already issued ~~to this effect~~ to this effect "
