Home L 25th / Sept

The Additional Member does not appear to have looked into the annual report on public instruction which furnishes most of the figures required by him.

Statistics in respect of institutions chiefly intended for Panchamas are given in a separate statement. This statement gives figures for institutions under public management separately from those under private management, but it does not furnish information as to how many of these ^(latter) are managed by Christian missions & how many by others.

2. As regards schools 'not special for Panchamas', it is submitted that all schools except those ~~for Panchamas~~ specially intended for Panchamas will fall under this head. Particulars relating to such schools ^{are given in the} ~~are given in the~~ subsidiary tables attached to Vol II of the Public Instruction Report ~~and~~ ^{figures relating to them.}

3. As regards schools which receive

grant in aid + have ~~the~~ Panchama
pupils on the rolls, the Subsidiary
Tables at the end of the Public
Instruction Report furnish
detailed particulars in respect
of secondary schools ^{and colleges}. The number
of Panchama in each ^{institution} ~~school~~
is given therein as well as the
grant earned by the school.
In respect of elementary schools
also, the Subsidiary Tables ^{give} ~~provide~~
^{particulars as to the} total number of aided schools
in each district, the number
of Panchama pupils in them +
the total amount of grant
earned by them. These tables
do not however classify ~~into~~
institutions into those special
for Panchama + those which
are not special. It may not
be possible to introduce this classi-
fication in the compilation of the report
^{which is already bulky}.
4. The Additional member
may, it is submitted, be told
that most of the information
required by him is contained
in the annual report on
public instruction. ^{The following} ~~attached~~
