Government of Madras

HOME DEPARTMENT (EDUCATION)

G.O. No. 1576, 16th December 1919

Subsidy

Sanctioning the distribution of a—of Rs. 2,91,376 among certain district boards and municipal councils towards the construction of elementary school buildings.

READ—the following paper :—

Letter—from the Hon'ble Mr. R. LITTLEHAILES, M.A., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 6th November 1919.

No.—Ref. on C. 2665.

I have the honour to submit proposals towards the utilization of Rs. 3,63,837 (vide Government Orders noted in the margin) out of the provision of Rs. 3.85 lakhs in the current year's budget for contributions to local bodies for the construction of elementary school buildings.

G.O. 158 R., Financial, 13th June 1919.
G.O. 862, Home (Education), 10th July 1919.
G.O. 930, Home (Education), 29th July 1919.
G.O. 1233, Home (Education), 8th October 1919.
G.O. 1304, Home (Education), 27th October 1919.

2. District Boards and municipalites were requested as early as March last to forward to this office their proposals in this regard but it was only after considerable delay and after repeated reminders that several of them were received. Final replies are still due from the District Board, Nellore, and the Municipal Councils, Walajapet and Peddapuram.

3. In conformity with paragraph 3 of Home (Education) Memorandum No. 206A-1, dated 13th February 1919, the proposals have been classified into three groups, viz. (A) showing those proposals in regard to which local bodies are prepared to contribute from their own funds one-third or more of the estimated cost (vide annexure), (B) including proposals for which the contribution from local or municipal revenues is less than one-third of the total cost, such contributions in some instances being only nominal and (C) containing proposals towards the cost of which local bodies have expressed their inability to allot anything from their own resources. The total of subsidies applied for from Provincial funds under (A) comes to Rs. 2,91,376, the total under (B) to Rs. 1,75,346 while that under (C) amounts to Rs. 13,99,893, aggregating in all to Rs. 18,66,615. Proposals included under (B) and (C) do not form enclosures to this letter. In view of the limited nature of the funds available, and of the desirability of emphasizing the necessity for local effort, I recommend that the payment of subsidies may be confined now to those cases included under group (A). According to this recommendation, it will be observed (vide annexure) that 166 school buildings (including extensions and improvements) are proposed to be constructed, 125 in taluk areas and 41 in municipalities, and that, out of a total of 25 district boards and 72 municipalities (the Corporation of Madras and the municipalities that were quite recently constituted being excluded), only 11 district boards and 16 municipalities will share in the allotment. Against the latter feature, the principle of self-help may be urged. It is to be hoped that this method of distribution will induce other local bodies to come forward with their quota.

4. The above distribution will still leave a balance of Rs. 72,461 out of the available budget provision and proposals for the utilization of this amount will be

submitted supplementally later in the year on receipt of replies from the District Board, Nellore, from the Municipal Councils, Walajapet and Peddapuram, and from certain other local bodies whose applications for subsidy require further examination.

5. Should Government approve of my recommendations, I request that the Accountant-General may be authorized to place at the disposal of the local bodies concerned the amounts appearing in column 7 of the annexure.

Order—No. 1576, Home (Education), dated 16th December 1919.

The Government sanction the distribution among the district boards and municipal councils specified in the annexure to these proceedings of a subsidy of Rs. 2,91,376 towards the construction of elementary school buildings.

2. The Accountant-General is requested to place the amounts specified in the annexure at the disposal of the local bodies at an early date and report the fact to Government after the disbursements have been made.

3. The expenditure will be met from the provision of Rs. 3,85,000 for contributions to local bodies for the construction of elementary school buildings under the head '22-E. Education—Government schools—General' in the current year's budget estimate.

4. The Government desire that local bodies should take early steps to utilize the subsidies sanctioned herein on the construction of the buildings for which they are intended.

NOTES CONNECTED WITH G.O. No. 1576, HOME (EDUCATION),
DATED 16TH DECEMBER 1919[SUBJECT.—*Distribution of subsidies to local bodies for the construction of elementary school buildings.*]

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, R.O.C. No. 2665, dated 6th November 1919.

In the current year's budget estimate, a sum of Rs. 3,85,000 is provided for distribution to local bodies towards the cost of constructing buildings for elementary schools under their management. Out of this, a sum of Rs. 28,921 has till now been spent as shown below :—

	RS.
(1) Acquisition of land for the Girl's school, Kollur—G.O. No. 158, dated 13th June 1919.	5,343
(2) Building for a girls' school, Vaniyambadi—G.O. No. 862, dated 10th July 1919.	5,200
(3) Building for an elementary school in Nellore—G.O. No. 930, dated 29th July 1919.	5,000
(4) Site for the Municipal school, Velapadi, Vellore—G.O. No. 1233, dated 8th October 1919.	2,620
(5) Building for a school in Vizianagram—G.O. No. 1304, dated 27th October 1919.	3,000
(6) Building for a school in Erode—G.O. No. 1353, dated 3rd November 1919.	4,000
(7) Completion of a building for a school in Tellicherry—G.O. No. 1405, dated 18th November 1919.	3,758

Total ... 28,921

There is thus a balance of Rs. 3,56,079 out of the original allotment in the budget. The Director of Public Instruction now submits proposals for the utilization of Rs. 2,91,376 out of this balance.

2. The Director of Public Instruction proposes to distribute subsidies only to such of the local bodies as are willing to bear at least one-third of the total cost. Paragraph 3 of Memorandum No. 206/A-1, dated 13th February 1919, on which the Director's proposal is based was drafted with reference to paragraph 2 of Sir Alexander Cardew's note on page 5 of notes to G.O. No. 1227, dated 14th September 1918. At that time it was not quite clear whether the Honourable Member's orders applied also to grants for *elementary* school buildings. Since then, however, it has been decided that full grants might be given for such purposes without insisting on contributions from local bodies—vide paragraph 1 on page 1 of notes to G.O. No. 1677, dated 27th December 1918; Sir Alexander Cardew's note, dated 1st March 1919, on page 1 of notes to G.O. No. 1013, dated 19th August 1919, and notes with G.O. No. 292, dated 7th March 1919. Even in the case of grants for secondary school buildings, it has been recognized that though the subsidy should ordinarily be limited to one-half of the total cost, cases requiring special treatment should be considered on their merits (page 7 of notes to G.O. No. 1013, dated 19th August 1919).

3. It is submitted that the distribution proposed by the Director of Public Instruction may be approved with the concurrence of Local and Municipal and Financial Departments. The Director of Public Instruction may also be informed that the instructions in paragraph 3 of Memorandum No. 206/A-1, dated 13th February

1919, are not intended to apply to grants to local bodies for elementary school buildings and that there is no objection to his submitting recommendations for full grants in deserving cases.

N.K.—21-11-19.

Please see statement which gives the grants paid in 1918-19 and those now proposed. While it is desirable that the spirit of self help should be encouraged among local bodies, we have to take notice of the fact that according to this system

* Gōdāvari gets Rs. 47,773.

the * richer local bodies will get all that they want, the poor and impecunious ones, like those in the Ceded districts, etc., which really need help, will go without any grants. It is obvious that the Director has not in this connexion considered the case of local areas which badly need buildings. Though we may now accept the present proposals, we may ask the Director of Public Instruction to consider, in connexion with the distribution of the balance of allotment in the budget, the cases of those that need buildings badly irrespective of the capacity of the local body concerned to contribute towards the building schemes. This is practically the first occasion when the question of contribution by local body is insisted on in connexion with the general distribution of allotments of grants for the construction of elementary school buildings in local areas.

C. RAMANUJA ACHARIYAR—21-11-19.

I am for accepting the Director of Public Instruction's proposals.

R. RAMACHANDRA RAO—22-11-19.

LOCAL AND MUNICIPAL DEPARTMENT.

It is proposed to distribute subsidies only to such of the local bodies as have agreed to bear at least one-third of the total cost. It is submitted that the Director of Public Instruction's proposals for the distribution of subsidies to local bodies for the construction of elementary school buildings may be accepted on the present occasion. As regards the future it seems necessary to inform the Director of Public Instruction as proposed in paragraph 3 of the Educational Department's note above.

R.A.—26-11-19.

C.V.—26-11-19.

T.K.A.—26-11-19.

K. V. VISWANATHA AYYAR—27-11-19.

F. B. EVANS—27-11-19.

FINANCIAL DEPARTMENT.

It is proposed to sanction a total subsidy of Rs. 2,91,376 to local bodies for elementary school buildings out of the provision of 3.85 lakhs entered in the current year's budget for the purpose. A sum of .29 lakh has already been disbursed from time to time, so that there will still be a balance of (3.85 — .29 — 2.91 =) .65 lakh available.

2. The sum of 2.91 lakhs now proposed to be distributed is to be given only to those local bodies who have agreed to meet at least one-third of the cost from

J.M.H.—6-12-19.

their own funds. The proposal may be accepted.

2. In regard to the balance, the Director of Public Instruction will submit his proposals later on. In addition to the amount to be disbursed now the demand from local bodies for elementary school buildings is stated to be (1.75 + 14.00 =) 15.75 lakhs of which 1.75 lakhs is in respect of buildings for which local bodies are willing to contribute less than one-third of the cost, and the balance for buildings for which full grants are asked for. The Local and Municipal Department consider

that there is no objection to the Director of Public Instruction being asked to submit recommendations for full grants in deserving cases. Financial need not

J.M.H.—6-12-19.

perhaps object to this, but it would seem that the case of each local body should be considered in Local and Municipal, with regard to their financial condition and the expenditure that they are already incurring on Education.

3. In the linked file, the Home (Education) Department have suggested that the Director of Public Instruction may be asked to submit proposals for utilizing the anticipated lapse of 4 lakhs in the budget grant for 22. EDUCATION on grants to local bodies for the construction of elementary school buildings. If the demands are scrutinized closely by the Director of Public Instruction and the Local and Municipal Department as suggested in paragraph 2 above, this department need not, it is submitted, object to the proposal.

T.A.S.—5-12-19.

J. M. HOOPER—6-12-19.

These grants frequently result in the accumulation of unspent balances to the credit of local bodies, followed in many cases by requests for permission to draw on these balances for objects which should be served by the general revenues of those bodies. When local bodies are asked to make demands on provincial revenues there is a tendency for them to make such demands wildly, without much regard for real necessities or for the practicability of the works named. I would like to be sure that the money is spent without delay on the object for which it is granted and that full value is obtained.

R. A. GRAHAM—8-12-19.

HOME (EDUCATION) DEPARTMENT.

A draft order is submitted for approval. Necessary instructions with reference to paragraphs 2 and 3 of the Financial Department note above are embodied in the draft in the linked file.

G.O. No. 1576, 16th December 1919

Subsidy

Sanctioning the distribution of a—of Rs. 2,91,376 among certain district boards and municipal councils towards the construction of elementary school buildings.

READ—the following paper:—

Letter—from the Hon'ble Mr. R. LITTLEHAILES, M.A., Director of Public Instruction.

To—the Secretary to Government Home (Education) Department.

Dated—Madras, the 6th November 1919.

No.—Ref. on C. 2665.

I have the honour to submit proposals towards the utilization of Rs. 3,63,837

G.O. 158 R., Financial, 13th June 1919.

G.O. 862, Home (Education), 10th July 1919.

G.O. 930, Home (Education), 29th July 1919.

G.O. 1233, Home (Education), 8th October 1919.

G.O. 1304, Home (Education), 27th October 1919.

(vide Government Orders noted in the margin) out of the provision of Rs. 3.85 lakhs in the current year's budget for contributions to local bodies for the construction of elementary school buildings.

2. District Boards and municipalities were requested as early as March last to forward to this office their proposals in this regard but it was only after considerable

delay and after repeated reminders that several of them were received. Final replies are still due from the District Board, Nellore, and the Municipal Councils, Walajapet and Peddapuram.

3. In conformity with paragraph 3 of Home (Education) Memorandum No. 206A-1, dated 13th February 1919, the proposals have been classified into three groups, viz, (A) showing those proposals in regard to which local bodies are prepared to contribute from their own funds one-third or more of the estimated cost (vide annexure), (B) including proposals for which the contribution from local or municipal revenues is less than one-third of the total cost, such contributions in some instances being only nominal and (C) containing proposals towards the cost of which local bodies have expressed their inability to allot anything from their own resources. The total of subsidies applied for from Provincial funds under (A) comes to Rs. 2,91,376, the total under (B) to Rs. 1,75,346 while that under (C) amounts to Rs. 13,99,893, aggregating in all to Rs. 18,66,615. Proposals included under (B) and (C) do not form enclosures to this letter. In view of the limited nature of the funds available, and of the desirability of emphasizing the necessity for local effort, I recommend that the payment of subsidies may be confined now to those cases included under group (A). According to this recommendation, it will be observed (vide annexure) that 166 school buildings (including extensions and improvements) are proposed to be constructed, 125 in taluk areas and 41 in municipalities, and that, out of a total of 25 district boards and 72 municipalities (the Corporation of Madras and the municipalities that were quite recently constituted being excluded), only 11 district boards and 16 municipalities will share in the allotment. Against the latter feature, the principle of self-help may be urged. It is to be hoped that this method of distribution will induce other local bodies to come forward with their quota.

2

No. 1576, HOME (EDUCATION) 16TH DECEMBER 1919

4. The above distribution will still leave a balance of Rs. 72,461 out of the available budget provision and proposals for the utilization of this amount will be submitted supplementally later in the year on receipt of replies from the District Board Nellore, from the Municipal Councils, Walajpet and Peddapuram, and from certain other local bodies whose applications for subsidy require further examination.

5. Should Government approve of my recommendations, I request that the Accountant-General may be authorized to place at the disposal of the local bodies concerned the amounts appearing in column 7 of the annexure.

Order—No. 1576, Home (Education), dated 16th December 1919.

The Government sanction the distribution among the district boards and municipal councils specified in the annexure to these proceedings of a subsidy of Rs. 2,91,576 towards the construction of elementary school buildings.

2. The Accountant-General is requested to place the amounts specified in the annexure at the disposal of the local bodies at an early date and report the fact to Government after the disbursements have been made.

3. The expenditure will be met from the provision of Rs. 3,85,000 for contributions to local bodies for the construction of elementary school buildings under the head '22-E. Education—Government schools—General' in the current year's budget estimate.

4. The Government desire that local bodies should take early steps to utilize the subsidies sanctioned herein on the construction of the buildings for which they are intended.

NOTES CONNECTED WITH G.O. No. 1576, HOME (EDUCATION),
DATED 16TH DECEMBER 1919

[SUBJECT.—Distribution of subsidies to local bodies for the construction of elementary school buildings.]

From the Director of Public Instruction, R.O.C. No. 2665, dated 6th November 1919.

HOME (EDUCATION) DEPARTMENT.

In the current year's budget estimate, a sum of Rs. 3,85,000 is provided for distribution to local bodies towards the cost of constructing buildings for elementary schools under their management. Out of this, a sum of Rs. 28,921 has till now been spent as shown below :—

	RS.
(1) Acquisition of land for the Girl's school, Kollur—G.O. No. 158, dated 13th June 1919.	5,343
(2) Building for a girls' school, Vaniyambadi—G.O. No. 862, dated 10th July 1919.	5,200
(3) Building for an elementary school in Nellore—G.O. No. 930, dated 29th July 1919.	5,000
(4) Site for the Municipal school, Velapadi, Vellore—G.O. No. 1233, dated 8th October 1919.	2,620
(5) Building for a school in Vizianagram—G.O. No. 1304, dated 27th October 1919.	3,000
(6) Building for a school in Erode—G.O. No. 1353, dated 3rd November 1919.	4,000
(7) Completion of a building for a school in Tellicherry—G.O. No. 1405, dated 18th November 1919.	3,758
Total ...	28,921

There is thus a balance of Rs. 3,56,079 out of the original allotment in the budget. The Director of Public Instruction now submits proposals for the utilization of Rs. 2,91,376 out of this balance.

2. The Director of Public Instruction proposes to distribute subsidies only to such of the local bodies as are willing to bear at least one-third of the total cost. Paragraph 3 of Memorandum No. 206/A-1, dated 13th February 1919, on which the Director's proposal is based was drafted with reference to paragraph 2 of Sir Alexander Cardew's note on page 5 of notes to G.O. No. 1227, dated 14th September 1918. At that time it was not quite clear whether the Honourable Member's orders applied also to grants for elementary school buildings. Since then, however, it has been decided that full grants might be given for such purposes without insisting on contributions from local bodies—vide paragraph 1 on page 1 of notes to G.O. No. 1677, dated 27th December 1918; Sir Alexander Cardew's note, dated 1st March 1919, on page 1 of notes to G.O. No. 1013, dated 19th August 1919, and notes with G.O. No. 292, dated 7th March 1919. Even in the case of grants for secondary school buildings, it has been recognized that though the subsidy should

ordinarily be limited to one-half of the total cost, cases requiring special treatment should be considered on their merits (page 7 of notes to G.O. No. 1013, dated 19th August 1919).

3. It is submitted that the distribution proposed by the Director of Public Instruction may be approved with the concurrence of Local and Municipal and Financial Departments. The Director of Public Instruction may also be informed that the instructions in paragraph 3 of Memorandum No. 206/A-1, dated 13th February 1919, are not intended to apply to grants to local bodies for elementary school buildings and that there is no objection to his submitting recommendations for full grants in deserving cases.

N.K.—21-11-19.

Please see statement which gives the grants paid in 1918-19 and those now proposed. While it is desirable that the spirit of self help should be encouraged among local bodies, we have to take notice of the fact that according to this system

* Gōdāvari gets Rs. 47,773.

the * richer local body will get all that they want, the poor and impecunious ones, like those in the Ceded districts, etc., which really need help, will go without any grants. It is obvious that the Director has not in this connexion considered the case of local areas which badly need buildings. Though we may now accept the present proposals, we may ask the Director of Public Instruction to consider, in connexion with the distribution of the balance of allotment in the budget, the cases of those that need buildings badly irrespective of the capacity of the local body concerned to contribute towards the building schemes. This is practically the first occasion when the question of contribution by local body is insisted on in connexion with the general distribution of allotments of grants for the construction of elementary school buildings in local areas.

C. RAMANUJA ACHARIYAR—21-11-19.

I am for accepting the Director of Public Instruction's proposals.

R. RAMACHANDRA RAO—22-11-19.

LOCAL AND MUNICIPAL DEPARTMENT.

It is proposed to distribute subsidies only to such of the local bodies as have agreed to bear at least one-third of the total cost. It is submitted that the Director of Public Instruction's proposals for the distribution of subsidies to local bodies for the construction of elementary school buildings may be accepted on the present occasion. As regards the future it seems necessary to inform the Director of Public Instruction as proposed in paragraph 3 of the Educational Department's note above.

B.A.—26-11-19.

C.V.—26-11-19.

T.K.A.—26-11-19.

K. V. VISWANATHA AYYAR—27-11-19.

F. B. EVANS—27-11-19.

FINANCIAL DEPARTMENT.

It is proposed to sanction a total subsidy of Rs. 2,91,376 to local bodies for elementary school buildings out of the provision of 3.85 lakhs entered in the current year's budget for the purpose. A sum of .29 lakh has already been disbursed from time to time, so that there will still be a balance of $(3.85 - .29 - 2.91 =)$.65 lakh available.

2. The sum of 2.91 lakhs now proposed to be distributed is to be given only to

J.M.H.—6-12-19.

those local bodies who have agreed to meet at least one-third of the cost from their own funds. The proposal may be accepted.

2. In regard to the balance, the Director of Public Instruction will submit his proposals later on. In addition to the amount to be disbursed now the demand from local bodies for elementary school buildings is stated to be $(1.75 + 14.00 =)$ 15.75 lakhs of which 1.75 lakhs is in respect of buildings for which local bodies are willing to contribute less than one-third of the cost, and the balance for buildings for which full grants are asked for. The Local and Municipal Department consider that there is no objection to the Director of Public Instruction being asked to submit recommendations for full grants in deserving cases. Financial need not

J.M.H.—6-12-19. perhaps object to this, but it would seem that the case of each local body should

be considered in Local and Municipal, with regard to their financial condition and the expenditure that they are already incurring on Education.

3. In the linked file, the Home (Education) Department have suggested that the Director of Public Instruction may be asked to submit proposals for utilizing the anticipated lapse of 4 lakhs in the budget grant for 22. EDUCATION on grants to local bodies for the construction of elementary school buildings. If the demands are scrutinized closely by the Director of Public Instruction and the Local and Municipal Department as suggested in paragraph 2 above, this department need not, it is submitted, object to the proposal.

T.A.S.—5-12-19.

J. M. HOOPER—6-12-19.

These grants frequently result in the accumulation of unspent balances to the credit of local bodies, followed in many cases by requests for permission to draw on these balances for objects which should be served by the general revenues of those bodies. When local bodies are asked to make demands on provincial revenues there is a tendency for them to make such demands wildly, without much regard for real necessities or for the practicability of the works named. I would like to be sure that the money is spent without delay on the object for which it is granted and that full value is obtained.

R. A. GRAHAM—8-12-19.

HOME (EDUCATION) DEPARTMENT.

A draft order is submitted for approval. Necessary instructions with reference to paragraphs 2 and 3 of the Financial Department note above are embodied in the draft in the linked file.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

TO PRESS, MADRAS. OOTY.

A

Please send proof in duplicate. The papers have been carefully edited.

B

Proof returned corrected. Please strike off and send number of copies as indicated.

C

As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval at once.
