From

F. B. Evans Esq., I. C. S.,

Collector of Malabar.

To

The Secretary to Government,

Home (Education) Department.

Sir,

The Manager of the Old Boys Association, Free Night School, Cannanore has applied that the provisions of the Land Acquisition Act I of 1894 (Indian) may be put in force for the purpose of acquiring a piece of land in Cannanore for a new site for the school. It is a private school for Pulayas--conducted by some old boys of the Cannanore High school and paid for mainly out of public subscriptions and donations. It is well run and has undoubtedly so far done something to encourage thrift and decrease drunkenness amongst its students, many of whom are adults. I have assisted it from my discretionary grant. At present the school is held in a small rented building which is not at all well adapted for the purpose. The Association now wants to put it in a permanent building: but it is very difficult for it to get land. There is no vacant Government land available and practically all jannis would refuse to sell for such a purpose.

2. The site now selected is on the roadside and is conveniently situated: it consists of 20 cents in S. No. 25/ 1 A of Kannotheuchal desam. It is Government jannam land held on patta. The pattiadar will not sell and objects to the acquisition on the ground that the location of the

School report

school will affect the amenities of his paramba: but I consider the objection invalid. The land has been lying waste for a long time: and there is a dirty jutka stand adjoining it.

3. I propose to give a further grant from my discretionary fund for the purchase of the land and the erection of the building and this will I think bring the case under the proviso to sub section (1) of section 6 of the Land Acquisition Act. If the Government approve of the proposal to proceed under the Act, I shall submit the necessary notification.

DESPATCHED.

17/2/19

With reference to the Sany's

query above, it is respectfully subd:
 that registration as a company is not
 an essential preliminary to the acquisition
 under part II of the Land Acquisition
 Act. All that Section 6 of the Act
 says ~~that is that~~ is that
 compensation should be payable either
 by a company or wholly or partly
 out of Public Revenues or some fund
 controlled or managed by a local
 authority. In the present case, the
 Coll. offers to pay the compensation
 from his discretionary grant which
 comes out of 'Public Revenues'. After
 acquisition, the land vests in the Govt
 under Sec. 16. The next question is
 how to make this available for the
 school. This can be done by alienat-
 ing the land as proposed in the draft

If these general orders are to be applied in the present case, as presumably they should be, there appears to be no way of alienating the land unless the management gets itself registered. schools and colleges - except those under the management of Rajahs and large Zamindars - under the Indian Companies' Act of 1913. It is desirable that the rule referred to above ^{if possible} be of general application ^{for educational purposes} in respect of all cases of alienation of ^{potential} land, but it would not be in the best interests of educational progress to insist upon registration under Act XXI of 1860 or incorporation under Act VII of 1913. Rajahs and large Zamindars who manage educational institutions would seldom if ever require the application of the Land Acquisition Act on their behalf, but they ^{would} not desire to register themselves or incorporate themselves under the above Acts, were it the Land Acquisition Act was applied on their behalf. Mission Bodies would not all be prepared to register or incorporate themselves; for instance the all the property connected with the Church Missionary Society is held by the Church Missionary Trust Association, a company registered and incorporated in London under the English Acts, and it is unnecessary to enforce additional registration or incorporation upon these Mission Bodies, which are already incorporated in Great Britain. Property belonging to Roman Catholic institutions is, I believe, vested in the local head of the church - the Bishops - and difficulties of registration or incorporation arise in these ~~cases~~ institutions, owing to the Rules of the ~~various~~ religious ~~and~~ Societies. Finally, the

formal and expense involved in registration or incorporation with the ^{friction} shall manager or body of private persons from endeavoring to carry out some scheme of educational progress that is in itself quite sound and should have the support of Government without undue restrictions. We should avoid doing anything which will tend to retard local effort and enterprise and the acceptance of the ~~to~~ rule that registration or incorporation is necessary in respect of all cases of education for educational purposes will have this retarding effect. It should suffice if the land after acquisition is alienated to the school manager provided that the local officers are satisfied as to ^{his} bona fides.

It is not intended that bodies registered elsewhere should be registered in India.
2. In the case of Nagas & Zemindars they will probably meet all the expenses of acquisition.

3. In law the Bishop is a corporation so his equivalent to a registered body.

4. We are left with the ordinary types of management. The expenses of register are not heavy. Under Act XXI of 1860, the initial fee is only Rs 50; & no further expenses are incurred.

For the purposes of continuity I should certainly think that these should be registered. The articles of register will also provide for some sort of recurring income. See on page 4 alone. Am I right in presuming that in the case of such bodies the D.P.I. is generally in favour of register?

Register under VII of 1913 is costly & need not be insisted on in preference to register under XXI of 60.

The owner of the selected site objects to the acquisition. The site chosen is immediately in front of his tarwad house, and ~~xxxx~~ he objects that a Panchama School will be a nuisance. I think it is possible that there is something in the objection. Or at any rate, it appears to me ~~xxxx~~ probable that an equally good site can be found to which there will be no objection. I should like to inspect myself and request that time may be allowed for me to do so. I propose to go up to Cannanore on March 5th, for the purpose.

17 - 12 - 1920.

With reference to the acquisition of land in Cannanore for a Panchama School for the "Old Boys" association, I have the honour to state that I have gone into the matter on the spot with Mr. Srinivasan. We have selected a piece of Government peramboke which is more suitable for the purpose than the land originally decided on. The military authorities are being addressed as to whether there is any objection to its assignment; if a favourable reply is received, no acquisition proceedings will be necessary.

The Secretary,
Home (Education) Department,

Sir,

Special reminder from Government dated 20- 5- 20.
Land Acquisition --- Chirakkal Taluk --- Old Boy's Association
Free night School --- Cannanore.

The acquisition of the site referred to in G.O.No. 1578 dated 17- 12- 19, is objected to by the owner on the ground that a panchama school immediately in front of his tarawad house will be a nuisance. As there is something in the objection and as the Divisional Officer, reported that ~~as also~~ an equally good unobjectionable site could be found, the proposal to acquire the site was held in abeyance. Mr. Thorne, the then Divisional Officer, Tellicherry, therefore chose a Poromboke site within the Cantonment limits at Cannanore for the above purpose. But the Military authorities do not consent to its being transferred to the Civil Department. The Divisional Officer, Tellicherry is therefore selecting another site. If acquisition proceedings are therefore necessary, I shall submit fresh proposals on receipt of the Divisional Officer's report.
