I have the honour to state that a sum of Rs. 4500/- was given to the Council from Provincial Funds as a grant for the extension of the High School building as particularised below, Rs. 2200/- in G.O.No. 49 Educational Mis. dated 12th January 1916 and Rs. 2300/- in G.O.No. 779 dated 17th June 18. An estimate was prepared for Rs. 4500/- and called for tenders. No tenders were received as the estimate rates were too low when compared with the rates of the Local Fund and D.P.W and the prices of the several materials have been risen on account of the War crises. Then the estimate had to be revised adopting

adopting the market rates in consultation with the Sub-Divisional Officer, D.P.W., who is also a member on the Council. The amount of the revised estimate came up to Rs. 5500/- and it was approved by the aforesaid officer and sanctioned by the Council in resolution No.171 dated 5th December 1918 and resolved to address the Government for -- additional allotments. f.3 nfgm

Out of grant of Rs. 4500/- a sum of Rs. 200/- has -- already been spent towards putting up a temporary shed for the High -- School for want of accommodation. Then the balance on hand was only Rs. 4300/-. With this amount the work of extension was started in the middle of Janaury last and the value of work done up to date amounts to more than Rs. 4300/- and a sum of Rs. 3746/- has also been actually --- spent.

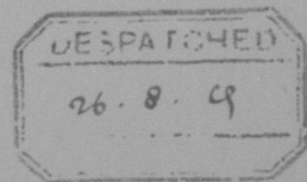

To complete the work as per revised estimate a further grant of Rs. 1200/- is required. The work is in rapid progress and it will be completed within a month. After completion the contractor's -- account has to be finally settled and for which an additional sum of Rs. 1200/- is necessarily wanted.

In these circumstances the Council has to approach the Government with a request to sanction the required amount of Rs. 1200/- from Provincila Funds as an additional grant.

A copy of the resolution of the Council is submitted herewith. f.3 nfgm

E. The Chairman was asked to state whether the proposed extensions could not be deferred pending orders of Government on the proposal to construct a new High School. In reply, he states that the proposed extension work is nearing completion, and that it cannot be deferred till a new High School is built. The council's request for an additional grant, may, therefore, receive favourable consideration.

for an additional grant may receive
favourable consideration. The D.P.O.
p. 5 of. however, recommends a half grant
of Rs 600. The financial position of
the m.l. Council is far from sound, ~~the~~
and there ~~is expected to be a deficit~~

Attention is invited to the portion marked 'A' on p. 7 of the notes to Geo. No 1013 Home (Edw) of 17.12.19 from which it would appear that though the amount of subsidy granted to a local body for the construction of a secondary school building is ordinarily limited to one-half of the total cost of the building, the grant may, in special cases, be graduated according to the means of the local body. In the present case the Grants have till now sanctioned grants equal to the entire estimated cost of the extensions to the school building. The additional subsidy applied for is intended to meet the enhanced cost of materials and in view of the impecunious condition of the Council, it is subd that the Grant may sanction a full grant.
