Subsidy

Sanctioning the distribution of a further — of Rs. 2,99,838 among certain district boards and municipal councils towards the construction of elementary school buildings.

READ—the following paper :—

Letter—from the Hon'ble Mr. H. S. DUNCAN, M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 31st January 1919.

No.—R.C. 2712.

Out of the imperial recurring grant of 5.5 lakhs for the development of elementary education, expenditure amounting to Rs. 1,00,642 has been sanctioned up to date—vide G.Os. No. 1149, Home (Education), dated 5th September 1918, and No. 1677, Home (Education), dated 27th December 1918, and the provision that will be required for the current official year in connexion with the proposals for the opening of new schools, etc., submitted in my letter to Government R.C. No. 4518, dated 29th November 1918, is estimated at about Rs. 1,60,174. There will therefore be a balance of Rs. 2,67,184 (excluding Rs. 22,000 reserved for schools for fishermen children) available for utilization. To this latter amount may be added sums noted below being the anticipated savings out of the budget provision for opening new board high and middle schools, night schools and payment of discretionary grants to secondary schools under local bodies :—

Object.	Budget provision.	Expenditure already sanctioned.	Amount proposed for utilization.	Balance.
	Rs.	Rs.	Rs.	Rs.
1. Opening of new board high and middle schools.	2,09,000	1,82,348 G.O. No. 757, Home (Education), dated 11th June 1918. G.O. No. 943, Home (Education), dated 16th July 1918. G.O. No. 1326, Home (Education), dated 9th October 1918. G.O. No. 1622, Home (Education), dated 17th December 1918.	58,165 (Director's letter R.C. No. 7968/17, dated 3rd January 1919.)	23,487
2. Opening of night schools.	11,000	4,969 G.O. No. 1254, Home (Education), dated 20th September 1918. G.O. No. 1570, Home (Education), dated 9th December 1918. G.O. No. 1072, Home (Education), dated 27th December 1918. G.O. No. 1682, Home (Education), dated 24th December 1918.	4,920 (Director's letter R.C. No. 6245, dated 9th December 1918.)	1,111
3. Payment of discretionary grant to secondary schools under local bodies.	11,000	1,200 G.O. No. 731, Home (Education), dated 7th June 1918.	2,130 (Director's letter R.C. No. 278, dated 10th April 1918.) (Director's letter R.C. No. 8844, dated 11th December 1918.) (Director's un-official reply No. 146, dated 24th August 1918.)	7,670
			Total ..	32,268
		Add anticipated savings out of the imperial grant of 5.5 lakhs ..		2,67,184
			Total ..	2,99,452

I foresee therefore savings in all to the extent of Rs. 2,99,452 and I have the honour to request that these savings may be distributed among local bodies for the construction of elementary school buildings as shown in the accompanying list. It

will be noticed therefrom that 105 buildings are proposed to be constructed, 73 in rural areas and 32 in municipalities at an aggregate cost of Rs. 2,99,833. The selection of buildings has, as far as possible, been made on the same lines as those indicated in my letter R.C. No. 2712, dated 15th November 1918, disposed of in G.O. No. 1677, Home (Education), dated 27th December 1918. I beg to request that the proposals may be sanctioned at an early date and that the Accountant-General may be authorized to place at the disposal of the local bodies concerned the amount appearing in column 7 of the statement.

The extra expenditure of Rs. 386 (Rs. 2,99,833 minus Rs. 2,99,452) may be met out of the current year's provision of Rs. 22,79,869 under "22-E. Government Schools—General, (iii) Payment in support of Board and Municipal Schools."

Order—No. 203, Home (Education), dated 15th February 1919.

The Government sanction the distribution among the district boards and municipal councils specified in the annexure to these proceedings of a subsidy of Rs. 2,99,833 towards the construction of elementary school buildings. The Accountant-General is requested to place the amounts specified in the annexure at the disposal of the local bodies at a very early date.

2. The expenditure of Rs. 2,99,838 will be met as shown below :—

(i) Rs. 2,67,184 from the lump provision of Rs. 5,50,000 for the development of primary education.

(ii) Rs. 23,487 from savings in the provision of Rs. 2,09,000 for the opening of new board high and middle schools.

(iii) Rs. 7,670 from the provision of Rs. 11,000 for payment of discretionary grant to secondary schools under local bodies.

(iv) Rs. 1,111 from the provision of Rs. 11,000 for the opening of night schools, and

(v) Rs. 386 from savings in the provision of Rs. 27,00,800 for payments in support of local board and municipal schools.

NOTES CONNECTED WITH G.O. No. 203, HOME (EDUCATION),
DATED 15TH FEBRUARY 1919

[SUBJECT.—*Subsidies to local bodies for the construction of elementary school buildings.*]

HOME (EDUCATION) DEPARTMENT.

In his un-official note No. 385, dated the 27th December 1918, the Director of Public Instruction proposed the following distribution of the Imperial grant of Rs. 5-50 lakhs in the revised estimate for 1918-19 :—

	RS.
(1) Subsidy to the Gudiyattam municipality	642
(2) Opening of new elementary schools	2,00,000
(3) Construction of buildings for elementary schools under the management of local bodies	1,00,000
(4) Raising the teaching grants to teachers in aided elementary schools	1,00,000
(5) Raising the minimum pay of trained teachers in the boys' schools and of women teachers in girls' schools to Rs. 12 and Rs. 13 respectively	1,27,093
(6) Initial non-recurring expenditure relating to schools for the boys of fishermen under the Fisheries Department	22,265
Total	5,50,000

Proposals in respect of items (1) and (3) have already been approved. As regards item (4), it has been decided that the increased rates should come into force only from 1st April 1918 (G.O. No. 1678, dated 28th December 1918). Proposals in respect of item (5) have not yet been received from the Director, but it has been decided that any increase that may be sanctioned in the rates of pay of teachers should have effect only from 1st April next. The amount provided for these two objects, viz., Rs. 2,27,093, is therefore available for expenditure on other objects in the current year.

2. As regards the amount of Rs. 2 lakhs reserved for the opening of new schools, it has just been decided that these may be opened in the current year but the enhanced scales of pay proposed for the teachers will come into force only with effect from 1st April 1919. The amount required for equipment and for salaries, etc., for one month in the current year is only Rs. 1,59,915. There is therefore a balance of Rs. 40,085 under this head. This amount is also available for expenditure on other objects. There is thus a total sum of Rs. 2,27,093 + Rs. 40,085 or Rs. 2,67,178 out of the Imperial grant, which may be spent in the current year on the construction of elementary school buildings. The Director of Public Instruction recently stated that the aggregate demands from local bodies for subsidies for elementary school buildings amounted to Rs. 20,81,217 (paragraph 3, page 1 of G.O. No. 1877, dated 27th December 1918). He may, it is submitted, be informed un-officially that proposals may be submitted *at once* for the distribution of the sum of Rs. 2,67,178 referred to above among local bodies for elementary school buildings.

Proposals will shortly be submitted in a separate communication.

H. S. DUNCAN—23-1-19.

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, R.O. No. 2712, dated 31st January 1919.

The Director of Public Instruction submits proposals for the distribution of a further sum of Rs. 2,99,838 among local bodies for the construction of elementary school buildings. He has explained fully how he proposes to find the above sum from the current year's budget provision.

2. From the list forwarded by the Director of Public Instruction, it is observed that he proposes to grant further subsidies in almost all cases to the local bodies to whom subsidies were recently sanctioned in G.O. No. 1677, dated 27th December 1918. This is due to the fact that the Director has called for and received applications only from certain local bodies, viz., those which did not participate to a large extent in the distribution made in the previous year 1917-18. To invite further applications at present would cause delay. The proposed distribution, although it may not give entire satisfaction, may be generally approved. There is a provision of Rs. 3.85 lakhs in the next year's budget for grants to local bodies for elementary school buildings and such of those district boards and municipal councils as are now left out may hope to receive grants next year from this provision.

3. It may, however, be noted here that the undermentioned district boards and municipal councils applied for grants for the construction of elementary school buildings early in the current official year :—

G.O. No. and Date	Local Body	Amount asked for.
		RS.
G.O. 1106, 30th August 1918.	Madura District Board	2,000
" 1080, 23rd " "	Tirupati Municipal Council	21,000
" 1081, 23rd " "	Chidambaram Municipal Council	25,500
" 1104, 30th " " and " 1148, 5th September 1918.	Tellicherry do.	13,442

In view of the fact that these local bodies had received large subsidies in 1917-18 for elementary school buildings, their applications were not previously entertained, but they were at the same time informed that the matter would be reconsidered in case funds became available towards the close of the current official year. The Madura District Board has recently renewed its application and it has been referred to the Director of Public Instruction for remarks. The Tirupati and Chidambaram Municipal Councils were instructed to renew their applications specifying the urgent portion of their proposals, but they have not yet done so—G.Os. Nos. 1080, dated 23rd August 1918 and 1081, dated 23rd August 1918. In the distribution now proposed, the Director of Public Instruction does not recommend any subsidy to these local bodies. He may be requested unofficially to state whether a portion at least of the demands of these bodies may not be met now.

4. It may be mentioned in this connexion that an application has also been received in Local and Municipal from the Madura Municipal Council for a grant of Rs. 85,218 for the acquisition of sites and construction of buildings for elementary schools maintained by the council; but the request may be considered in connexion with the distribution of the grant in the next year's budget.

FINANCIAL DEPARTMENT.

Subsidies to local bodies for the construction of elementary school buildings.—For the construction of elementary school buildings, subsidies to local bodies aggregating Rs. (3,600+2,95,322) or Rs. 2,98,922 have till now been sanctioned in the current year—vide G.O. No. 1677, Home (Education), dated 27th December 1918 (page 4 of the order and page 1 of notes to the Government Order).

2. It is now proposed to sanction further subsidies aggregating Rs. 2,99,838 for the same purpose, viz., elementary school buildings (the total grants in the current year for elementary school buildings including the subsidies already sanctioned will be 5.99 lakhs). The subsidies proposed represent the entire cost of the buildings—please see paragraph 1 of Home (Education) note on page 1 of notes to G.O. No. 1677, Home (Education), dated 27th December 1918.

The Director of Public Instruction has pointed out the source from which the expenditure can be met.

3. Submitted that the proposals may be accepted. Home (Education) may be requested to communicate the orders on this case to the Accountant-General at a very early date.

G.O. No. 203, 15th February 1919

Subsidy

Sanctioning the distribution of a further — of Rs. 2,99,838 among certain district boards and municipal councils towards the construction of elementary school buildings.

READ—the following paper:—

Letter—from the Hon'ble Mr. H. S. DUNCAN, Esq., M.A., Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 31st January 1919.

No.—R.C. 2712.

Out of the imperial recurring grant of 5½ lakhs for the development of elementary education, expenditure amounting to Rs. 1,00,642 has been sanctioned up to date—vide G.Os. No. 1149, Home (Education), dated 5th September 1918 and No. 1677, Home (Education), dated 27th December 1918 and the provision that will be required for the current official year in connexion with the proposals for the opening of new schools, etc., submitted in my letter to Government R.C. No. 4568, dated 29th November 1918, is estimated at about Rs. 1,60,174. There will therefore be a balance of Rs. 2,67,184 (excluding Rs. 22,000 reserved for schools for fishermen children) available for utilization. To this latter amount may be added sums noted below being the anticipated savings out of the budget provision for opening new board high and middle schools, night schools and payment of discretionary grants to secondary schools under local bodies.

Object.	Budget provision.	Expenditure already sanctioned.	Amount proposed for utilization.	Balance.
	RS.	RS.	RS.	RS.
1. Opening of new board high and middle schools.	2,09,000	1,32,348 (G.O. No. 757, Home (Education), dated 11th June 1918. G.O. No. 943, Home (Education), dated 16th July 1918. G.O. No. 1325, Home (Education), dated 9th October 1918. G.O. No. 1622, Home (Education), dated 17th December 1918.)	83,165 (Director's letter R.C. No. 796/17, dated 3rd January 1919.)	22,487
2. Opening of night schools.	11,000	4,969 (G.O. No. 1254, Home (Education), dated 20th September 1918. G.O. No. 1670, Home (Education), dated 9th December 1918. G.O. No. 1676, Home (Education), dated 27th December 1918. G.O. No. 1682, Home (Education), dated 24th December 1918.)	4,920 (Director's letter R.C. No. 8245, dated 9th December 1918.)	1,111
3. Payment of discretionary grant to secondary schools under local bodies.	11,900	1,200 (G.O. No. 731, Home (Education), dated 7th June 1918.)	2,130 (Director's A. R.C. No. 978, dated 10th April 1918.) (Director's A. R.C. No. 8344, dated 11th December 1918.) (Director's unofficial reply No. 136, dated 24th August 1918.)	7,670
			Total ..	32,268
		Add anticipated savings out of the imperial grant of 5½ lakhs ..		2,67,184
			Total ..	2,99,452

I foresee therefore savings in all to the extent of Rs. 2,99,452 and I have the honour to request that these savings may be distributed among local bodies for the construction of elementary school buildings as shown in the accompanying list. It will be noticed therefrom that 105 buildings are proposed to be constructed, 73 in rural areas and 32 in municipalities at an aggregate cost of Rs. 2,99,838. The selection of buildings has, as far as possible, been made on the same lines as those indicated in my letter R.C. No. 2712, dated 15th November 1918, disposed of in G.O. No. 1677, Home (Education), dated 27th December 1918. I beg to request that the proposals may be sanctioned at an early date and that the Accountant-General may be authorized to place at the disposal of the local bodies concerned the amount appearing in column 7 of the statement.

The extra expenditure of Rs. 336 (Rs. 2,99,838 minus Rs. 2,99,452) may be met out of the current year's provision of Rs. 22,79,869 under "22-E. Government Schools—General, (iii) Payment in support of Board and Municipal Schools."

at the disposal of the local bodies at an early date.

The expenditure of Rs 2,99,838 will be met as shown below:—

(i) Rs 2,67,184 from the lump provision of Rs 5,50,000 for the development of

primary education. (ii) Rs 23,487 from the provision of Rs 2,09,000 for the opening of new board high & middle schools.

(iii) Rs 7,670 from the provision of Rs 11,000 for opening of night schools. (iv) Rs 11,111 from the provision of Rs 11,000 for the opening of night schools.

(v) Rs 336 from the provision of Rs 27,00,800 for payments in support of local Board & Municipal Schools.

NOTES CONNECTED WITH G.O. No. 203, HOME (EDUCATION),
DATED 15th FEBRUARY 1919

[SUBJECT.—Subsidies to local bodies for the construction of elementary school buildings.]

HOME (EDUCATION) DEPARTMENT.

In his un-official note No. 385, dated the 27th December 1918, the Director of Public Instruction proposed the following distribution of the Imperial grant of Rs. 5·50 lakhs in the revised estimate for 1918-19 :—

	RS.
(1) Subsidy to the Gudiyattam municipality	642
(2) Opening of new elementary schools	2,00,000
(3) Construction of buildings for elementary schools under the management of local bodies	1,00,000
(4) Raising the teaching grants to teachers in aided elementary schools	1,00,000
(5) Raising the minimum pay of trained teachers in the boys' schools and of women teachers in girls' schools to Rs. 12 and Rs. 13 respectively	1,27,093
(6) Initial non-recurring expenditure relating to schools for the boys of fishermen under the Fisheries Department	22,265
Total	5,50,000

Proposals in respect of items (1) and (3) have already been approved. As regards item (4), it has been decided that the increased rates should come into force only from 1st April 1918 (G.O. No. 1678, dated 28th December 1918). Proposals in respect of item (5) have not yet been received from the Director, but it has been decided that any increase that may be sanctioned in the rates of pay of teachers should have effect only from 1st April next. The amount provided for these two objects, viz., Rs. 2,27,093, is therefore available for expenditure on other objects in the current year.

2. As regards the amount Rs. 2 lakhs reserved for the opening of new schools, it has just been decided that these may be opened in the current year but the enhanced scales of pay proposed for the teachers will come into force only with effect from 1st April 1919. The amount required for equipment and for salaries, etc., for one month in the current year is only Rs. 1,59,968. There is therefore a balance of Rs. 40,031 under this head. This amount is also available for expenditure on other objects. There is thus a total sum of Rs. 2,27,093 + Rs. 40,031 or Rs. 2,67,124 out of the Imperial grant, which may be spent in the current year on the construction of elementary school buildings. The Director of Public Instruction recently stated that the aggregate demands from local bodies for subsidies for elementary school buildings amounted to Rs. 20,81,217 (paragraph 3, page 1 of G.O. No. 1677, dated 27th December 1918). He may, it is submitted, be informed un-officially that proposals may be submitted at once for the distribution of the sum of Rs. 2,67,124 referred to above among local bodies for elementary school buildings.

HOME (EDUCATION) DEPARTMENT.

From the Director of Public Instruction, R.C. No. 2712, dated 31st January 1919.

The Director of Public Instruction submits proposals for the distribution of a further sum of Rs. 2,99,838 among local bodies for the construction of elementary school buildings. He has explained fully how he proposes to find the above sum from the current year's budget provision.

2. From the list forwarded by the Director of Public Instruction, it is observed that he proposes to grant further subsidies in almost all cases to the local bodies to whom subsidies were recently sanctioned in G.O. No. 1677, dated 27th December 1918. This is due to the fact that the Director has called for and received applications only from certain local bodies, viz., those which did not participate to a large extent in the distribution made in the previous year 1917-18. To invite further applications at present would cause delay. The proposed distribution, although it may not give entire satisfaction, may be generally approved. There is a provision of Rs. 3.85 lakhs in the next year's budget for grants to local bodies for elementary school buildings and such of those district boards and municipal councils as are now left out may hope to receive grants next year from this provision.

3. It may, however, be noted here that the undermentioned district boards and municipal councils applied for grants for the construction of elementary school buildings early in the current official year :—

		Amount asked for. Rs.
G.O. 1106, 30th August 1918.	Madura District Board	2,000
" 1080, 23rd " "	Tirupati Municipal Council	21,000
" 1081, 23rd " "	Chidambaram Municipal Council	25,500
" 1104, 30th " " and " 1148, 6th September 1918.	Tellicherry do.	13,442

In view of the fact that these local bodies had received large subsidies in 1917-18 for elementary school buildings, their applications were not previously entertained, but they were at the same time informed that the matter would be reconsidered in case funds became available towards the close of the current official year. The Madura District Board has recently renewed its application and it has been referred to the Director of Public Instruction for remarks. The Tirupati and Chidambaram Municipal Councils were instructed to renew their applications specifying the urgent portion of their proposals, but they have not yet done so—G.Os. Nos. 1080, dated 23rd August 1918 and 1081, dated 23rd August 1918. In the distribution now proposed, the Director of Public Instruction does not recommend any subsidy to these local bodies. He may be requested un-officially to

A state whether a portion at least of the demands of these bodies may not be met now.

4. It may be mentioned in this connexion that an application has also been received in Local and Municipal from the Madura Municipal Council for a grant of Rs. 85,218 for the acquisition of sites and construction of buildings for elementary schools maintained by the council; but the request may be considered in connexion with the distribution of the grant in the next year's budget.

Subsidies to local bodies for the construction of elementary school buildings.—For the construction of elementary school buildings, subsidies to local bodies aggregating Rs. (3,600+2,95,322) or Rs. 2,98,922 have till now been sanctioned in the current year—vide G.O. No. 1677, Home (Education), dated 27th December 1918 (page 4 of the order and page 1 of notes to the Government Order).

2. It is now proposed to sanction further subsidies aggregating Rs. 2,99,838 for the same purpose, viz., elementary school buildings (the total grants in the current year for elementary school buildings including the subsidies already sanctioned will be 5.99 lakhs). The subsidies proposed represent the entire cost of the buildings—please see paragraph 1 of Home (Education) note on page 1 of notes to G.O. No. 1677, Home (Education), dated 27th December 1918.

The Director of Public Instruction has pointed out the source from which the expenditure can be met.

3. Submitted that the proposals may be accepted. Home (Education) may be requested to communicate the orders on this case to the Accountant-General at a very early date.

2. It is not satisfactory that these proposals for the expenditure of huge sums of money should be submitted so late in the financial year that they have to be sent round in a very urgent case. Such late submission prevents proper examination in the Secretariat and probably indicates equal haste in the Director's office.

Will Educational kindly call on the Director to submit not later than 31st July his proposals for the expenditure of the budget grants provided in the budget of 1919-20. Perhaps that may result in more timely submission next year.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 815 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencee concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.
