E. W. NOTE ³N^o 2726-c
24.6.17

The Director of Public Instruction submits two plans bearing D.P.I. Nos. 204 (A) and 204 (B) and detailed estimates amounting to Rs. 28,000 for a grant-in-aid towards the cost of constructing a Hostel in connection with the Sabhanayaka Mudaliar's Hindu High School at Shiyali, Tanjore District.

II. The plans and estimates have been examined in the Chief Engineer's office and it is observed that they contain a number of defects a few of which are pointed out in the following remarks:-

(1) The ^{layout and positions of} buildings ^{should be shown in the site plan} and the buildings are shown very near to the boundaries of the site.

bound wall. The kitchen is proposed to be constructed ^{only} 5 feet away from the main building. The distance between the two should be at least 30 feet. The latrine should be located at a distance of 40 feet from the Kitchen.

(2) The proposal to accommodate 2 students in each of the rooms measuring 14'-0" x 18'-0" is, according to the Educational rules, objectionable. Four students can conveniently be accommodated in each of these rooms; and the size of the building should accordingly be reduced.

3

- (3) The sizes of floor and roof timbers are not marked and the plans and section are not fully dimensioned.
- (4) The position and the arrangement of stairs are not shown. The front and side elevations of the building are not furnished.
- (5) For economy the verandahs on one side of the rooms may be omitted.
- (6) Wooden posts with railings would be preferable to masonry ^{piers} and brick parapets in the verandahs of first floor.
- (7) Proper king post trusses and purlins should be provided for supporting the roof.
- (8) The design for the Kitchen is not satisfactory. The fire place and chimney are not shown. The Dining Hall has no protection from sun and rain and the floor space is unnecessarily large. The room provided for invalids should be detached and constructed in a separate place. The trusses which are badly designed are unnecessary. Gollars tying the feet of ~~the~~ rafters should be provided.
- (9) Detailed Drawings for the latrine have not been submitted.
- III. With these remarks, the plans and estimates are returned for revision in accordance with the instructions contained in Circular Memorandum No. 116-C ^{no complete} dated 4-1-1913.

[Memo 1524/B-2, dt 3.5.17]

In the memo

read close, the plans and estimates for the construction of a hotel for the Saharanyakur Mudra's High School, Shingali, were returned to the J.P.D. for ~~reconsideration~~ after revision. Since then, 17 reminders have been issued to the J.P.D. and the latest reply from the J.P.D. is the one dated 2.4.18 (p. 7, c.f.). After that date no response has been received to the reminders of this office and the item has been pending in the call book for more nearly over 21 months. It is primarily the lack of the school management to get out their plans & estimates after the prescribed standard: if, in spite of repeated reminders, they cannot be induced to give any definite promise as to when they would send up the revised plans, there is obviously no use in ~~that~~ watching the item and issuing ^{further} reminders.

The last reminder was
