Note on the question of appointing Assistant Physical Training Instructors regarding the Hon'ble Mr. T. Ranga Achariar's statement at the meeting of the Finance Committee, January 1919.

I consulted Mr. Noehren on the subject of appointing Assistant Physical Training Instructors to deal with groups of schools in particular localities. Mr. Noehren is of opinion that there is no necessity to have such a class of officer at present, as he is giving courses of instruction in various centres and is assisted in his work by an instructor trained under him. He is convinced that this system meets requirements and has produced good results and should be continued for some time to come. Mr. Noehren visits big centres and gathers together the gymnastic instructors from the neighbouring schools. He hopes next year to visit new centres, and, if he has time, to inspect again the centres already visited so as to form an idea of how far his instructions and advice have been followed.

It seems to me therefore premature to appoint additional assistant instructors as contemplated by the Honourable Additional Member. The time will probably come when they may be necessary.
