R.C. No. 3842/18

Station, Dated the 26 November 1918.

From (Name) The Hon'ble Mr. H. S. Duncan, M.A.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

In continuation of my letter R.C.No.3842 of 1918 dated 1st November 1918, I have the honour to submit herewith a third copy of the plan relating to the construction of a building for the St. Mary's Panchama School, Trichinopoly.

I have the honour to be,

S i r

Your most obedient servant,

naresh

For Director of Public Instruction.

2488 W. 83/18-1 E. N. O. T. E.
8-17-19

The Director of Public Instruction submits 2 Drawings bearing D.P.I. Nos. 231-A and 231-B and an estimate amounting to Rs. 7,070/- for a grant-in-aid towards the cost of constructing a building for St. Mary's Panchama School at Trichinopoly.

II. The drawings and the estimate have been scrutinized in the Chief Engineer's office and the following alterations have been carried out :-

- (a) Altering where necessary the sizes of roof timbers and ^{the} spacing of the rafters.
- (b) Increasing the number of windows from 9 to 13 as shown in plan.
- (c) Correcting an error in the *abstract* in multiplication.

By these above alterations the amount of the estimate has been increased from Rs. 7,070/- to Rs. 7,730/-.

III. The Chief Engineer believes the following suggestions will greatly improve the design.

- (1) The thickness of walls may be reduced from 1'-6" to 1'-1 $\frac{1}{2}$ " except under the trusses where pilasters 4 $\frac{1}{2}$ " may be formed ^{on the inner} ~~outside~~ side.
- (2) The bulls eye ventilators ^{may be} provided ~~with~~ wire netting if they cannot be replaced by ordinary ventilators 4'-0" x 1'-6" with panel shutters moving on side pivots as there is sufficient space above verandah roof.

(3) The provision of eave boards is generally omitted.

(4) Wood oiling 2 coats for roof timbers may be used instead of painting as it is cheaper.

IV. As the sub soil below 3 feet from ground level is stated to be gravel, the School authorities may consider if the depth of 5 feet given to the foundations may not be reduced.

V. With these remarks, the drawings and the estimate as altered in the Chief Engineer's office, the latter amounting to Rs.7,730/- are recommended for approval.
