From
 Shankatesh Bhimarao Alur, B.A., LL.B.,
 President, Karnatak Historical Association,
 Dharwar.

The Government of Madras,
 Madras Presidency,
 Madras.

Sir,

Our association called "The Karnatak Itihasa Mandal, Dharwar" (Karnatak Historical Association) has been formed in 1914 for the study of Indian History in general and of Karnatak in special. It has now more than 100 members on its list. The Society has progressed a good deal in research work, having now in its possession about ten manuscripts & eight Tadavalis & four copper plates etc. The society -- has published two books in Kanarese on Karnatak History. Rao Bahadur R. Narsinhacharya, Director of -- Archaeology, Mysore, who presided over the General meeting of the association in May 1918, was much -- pleased with the work of the Mandal, and has kindly consented to assist and is now actually assisting the Mandal.

The society, being a new society, is much in want of funds. For, there are always few workers in the field of research and hence also few subscribers. I, therefore, humbly request that you will kindly supply to us, free of charge, the Annual reports of the Southern Circle of the Archaeological Department and also the Epigraphists' reports.

In the same way, I shall deem it a great favour if you kindly send us all the previous reports free

of charge.

I may here particularly bring to your notice the fact that our society has been supplied with all the previous reports of the Archaeological Department,-- Mysore, free of charge, and the Government of Bombay, too, has been pleased to supply to us the previous & annual reports of the Western Circle free of charge -- besides sanctioning the supply of the annual reports every year.

Hoping, therefore, that you will kindly grant our request,

D h a r w a r,)

V. B. Alun
Yours faithfully,

Subject: — Free supply of Archaeological
 And Epigraphical Reports

It is usual to supply
 free of charge the annual reports of
 the Supt. Archaeological Survey and
 the Assistant Archaeological Superintend-
 ent for Epigraphy to well-recognized
 institutions and individuals. Nothing
 is known about the status of the Associa-
 tion from which the present applica-
 tion has been received. The President
 of the Association states that the Bombay
 Grant have supplied it free of charge
 with the Archaeological and Epigraphi-
 cal reports of the Western Circle.
 Unless this statement is to be relied
 on, it seems necessary to ascertain
 from the Bombay Grant the status of
 the Association and the measure of
 support it receives from that Grant.
 Before ^{deciding} the question of ^{placing} supplying
 it in the free distribution list of
