To,

The Secretary to the Government,
Home (Education) Department,
Madras.

Se,

I beg to approach you with this petition
for favour of your sympathetic Considera-
tion and generous disposal.

I am the Editor of a Malayalam
Monthly Cooperative Journal 'Ramajayam'.
It is now a year old and has at pres-
ent a circulation of about 700 copies.
'Ramajayam' is patronised by the Govern-
ment of Madras in the Home (Education),
Revenue (Cooperative and Agriculture)
departments - vide G.O. No 674 dated 27th May
1918, G.O. No 2431 dated 26th June
1918 and G.O. No 3579 dated 1st November
1918 respectively - by the Govts of Cochin
and Travancore, besides Public bodies like
the Malabar District Board and the

Calicut Taluk Board. I venture to state the journal is doing very useful work in the Cause of Cooperation and deserves every encouragement that can be given to it. The annual subscription is Rs 2-8-0 and the journal is the only one of its sort in the west Coast.

Lecturing at the Lalgudi Educational Exhibition Pandal on 19th September 1916, the Hon'ble Dewan Bahadur C.D. Swamikannu Pillai and, M.A. B.D. D.D.B. the then Registrar of Cooperative Societies, Madras, spoke about Cooperation and School-masters as follows:

"Cooperation was not a subject which could be taught by Government to the people. It should be taught to the people by the people. The teachers should teach Cooperation to others; if they are to teach Cooperation, they must be instructed of it."

My Cooperative journal aims at imparting useful instruction and disseminating valuable information in Cooperative matters to the public and I make bold to say that the vigorous propagandist work it carries on is calculated particularly to benefit school-masters and through them the school-going population.

I beg to lay emphasis on this aspect of the work of 'Ramajayam' with a view

to invite your kind and generous attention to the immense possibility and intense scope of carrying on an active and energetic at the same time educative propaganda in Cooperation in the Elementary schools in Malabar District where Malayalam is the medium of Instruction. The Elementary Schools in Malabar, both for boys and girls, whether managed by Public bodies or Private agencies, are all aided by the Government, and hence they can be easily advised and directed to make themselves familiar with and well up in Cooperative ideals and ideas by reading a Malayalam Cooperative journal like 'Ramajayam', besides joining Cooperative Societies and learning work in them.

I respectfully beg to point out that, if all the teachers of the Elementary schools in the District are directed to educate themselves in Cooperation in the way I have suggested, the day is not far distant when a right solution for the manifold sufferings of the poor and the needy of Malabar can be had by working at Cooperation. Such being the case, I humbly request you may be graciously pleased to extend your generous patronage to my Cooperative journal by issuing the necessary orders to the Education

and officers in Malabar in charge of both Elementary Schools for Boys, as well as those for Girls, directing them to advise all the elementary schools to subscribe for a copy of 'Ramajayam' each. And in so doing, I may be permitted to add, you will not only have paved the way for the easiest dissemination of Cooperative ideas in the district, but at the same time have placed this infant journal on a sound financial position.

Praying for favourable orders,

I beg to remain,

Sir,

Your most obedient servant,

M. V. Chinnayya

To The Secretary to the Government of Madras,
Home/Judicial/ Department.

Sir,

pro ante

With reference to the Memorandum of Government
No. 105 B-1, Judicial, dated 23rd January 1919, I have the
honour to state that it is not customary for the Director to
prescribe a book-especially a periodical like the one under
reference- for elementary schools. He issues annually a list
of books that are considered suitable for use in schools and
on rare occasions, he has advised the purchase of a particular
book or educational appliance; and in the present case, it is
doubtful whether teachers would read this periodical even if it
were supplied to them gratis. It is even now being supplied
to the Training schools for Masters in Malabar/ vide G.O.No.674
Home/Education/ dated 27th May 1918 and the knowledge they

(T)

acquire will, in a few years, filter down to the pupils in the schools. In these circumstances I doubt whether anything more can be usefully done in this matter just at present. It is open to the managements of schools to subscribe for the periodical, if they so desire, and I should hesitate to order the subordinate officers to advise teachers to subscribe for it since they frequently translate a piece of advice into a command and some of the latter can ill afford to spend money on this periodical.

2. I beg to return herewith the letter under reply.

I have the honour to be,

Sir,

Your most obedient servant,

G. W. Hughes

of 27.5.18, the Govt. have, on the recommendation of the X.P.D., subscribed for four copies of the Malayalam journal "Ramajayam" to be supplied to certain educational institutions in the Malabar district. The Editor of the journal now solicits further patronage. It is submitted that the X.P.D. may ~~perhaps~~ be consulted as to whether any more copies will be needed for the use of the educational institutions in the West coast districts. The Director considers that it is doubtful whether teachers would read this periodical even if it were supplied to them gratis.

He does not recommend further
patronage. It seems therefore unnecessary
to subscribe for any additional
copies. A draft order is submitted
for approval. 15
