Letter—from G. F. PADDISON, Esq., I.C.S., President of the Madura District Board.
To—the Secretary to Government, Home (Education) Department.
Dated—the 20th January 1919.
No.—R.O.C. 2083.

With reference to G.O. No. 1106, Home (Education), dated 30th August 1918, intimating that Government are unable to sanction the additional subsidy applied for towards the construction of school buildings, but that the application will be considered towards the close of the official year if funds then become available, I have the honour to submit that the Taluk Board, Dindigul, is still in need of the funds asked for in this office R.O.C. No. 1150, dated 25th July 1918, and to request that Government may be pleased to allot the necessary amount with reference to the Government Order quoted above.

Letter—from the Hon'ble Mr. R. LITTLEHAILES, Acting Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 11th February 1919.
No.—R.C. 941.

With reference to Endorsement No. 189 A-1, Home (Education), dated 29th January 1919, referring to the Director for remarks a copy of letter R.O.C. No. 2083 of 1918, dated 20th January 1919, from the President, District Board, Madura, I have the honour to invite attention to Sir Henry Stone's observations in his endorsement No. N.R.C. 6556, dated 8th August 1918, read in G.O. No. 1106, Home (Education), dated 30th August 1918. In view of the circumstances therein mentioned no subsidy has been proposed for the Madura District Board for the current year for the construction of elementary school buildings. I notice however that the amount required by the Taluk Board, Dindigul, is Rs. 2,000 only, and if savings are found to be available before 31st March 1919 this amount will be recommended. If they are not available, the request may be considered in 1919-20.

IV

Official Memorandum No. 196 A-3, Home (Education), dated 4th March 1919.

The Director of Public Instruction is informed that the sum of Rs. 22,000 reserved in the current year out of the Imperial grant of Rs. 5,50,000 for expenditure on equipment of schools for the children of fishermen is not required by the Fisheries department. The Director is requested to submit, at a very early date, proposals for the utilization of this amount. His attention is in this connexion invited to the applications from certain local bodies for subsidies for the construction of buildings for elementary schools disposed of by the Government Orders quoted below :—

V

Letter—from the Hon'ble Mr. R. LITTLEHAILES, Acting Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—the 6th March 1919.

No.—R.C. 2712/18.

With reference to Government Memorandum No. 196 A-3, dated 4th March 1919, I have the honour to state that in addition to Rs. 22,000 reserved for schools for the children of fishermen out of the Imperial grant of 5.5 lakhs, savings to the extent of Rs. 30,000 under "22-G. Education—Grants-in-aid—Non-European schools—Teaching grants to Elementary schools" and Rs. 11,941 under "Subsidies to Local Bodies—22-E. Education" are anticipated.

I now propose to distribute the above unspent balance amounting to Rs. 63,941 among certain local bodies for the construction of elementary school buildings and for the completion of such buildings as are reported to have been delayed for want of funds.

2. A summary of my proposals is herewith appended and it will be seen therefrom that the present distribution has been confined only to those district boards and municipal councils which have not shared in the subsidies sanctioned in G.Os. No. 1677, Home (Education), dated 27th December 1918, and No. 203, Home (Education), dated 15th February 1919. Further I have taken into account the claims not only of the local bodies mentioned in the Government memorandum, but also of others which have been noted in my office for consideration, should funds become available. The only exception to this procedure is the application of the Kumbakonam municipality referred to in Government Memorandum No. 3086 A-1, dated 16th January 1919, with reference to which further information is awaited. As regards the principles underlying the distribution, they are the same as those that guided the Director in connexion with the subsidies for buildings already sanctioned and where local bodies have applied for more than one building only a single building has been allowed, the cost of such building being taken as the average of the aggregate estimate in the absence of details for each school. I may add that, in some cases, it has not been found possible to give the name of the school for which the subsidy has been proposed, as the presidents and chairmen in several instances have only specified the number of buildings and the aggregate approximate cost.

3. I request that Government may be pleased to approve my proposals at a very early date and authorize the Accountant-General to place the amount entered in the last column of the statement at the disposal of the local bodies concerned.

4. A reappropriation statement for the transfer of funds from the provision under 22-G. to 22-E. is enclosed and I beg to state that this has been submitted direct to save time.

Order—No. 304, Home (Education), dated 12th March 1919.

The Government sanction the distribution among the district boards and municipal councils specified in the annexure to these Proceedings of a subsidy of Rs. 63,941 towards the construction of elementary school buildings.

2. The Accountant-General is requested to place the amounts specified in the annexure at the disposal of the local bodies at a very early date.

3. The expenditure of Rs. 63,941 will be met as shown below :—

(i) Rupees 22,000 from the lump provision of Rs. 5,50,000 for the development of primary education ;

(ii) Rupees 30,000 from the provision under the head '22-G. Grants-in-Aid—Non-European schools—Teaching grants to Elementary schools' ; and

(iii) Rupees 11,941 from savings in the provision of Rs. 27,00,800 under '22-E. Education—Government schools, General—Payments in support of local board and municipal schools.'

HOME (EDUCATION) DEPARTMENT.

A sum of Rs. 22 lakh has been set apart in the current official year out of the Imperial grant of Rs. 5.50 lakhs for non-recurring expenditure in connexion with the opening of schools for the children of fishermen under the Fisheries Department. It appears to be desirable to obtain definite information as to whether the whole of the above provision will be utilized in the current year. If not, any portion of it that will not be required for fisher schools may be utilized on other educational objects instead of being allowed to lapse. REVENUE (SPECIAL) DEPARTMENT.

The proposed training school for fisher-children is to be opened from 1st July 1919, and the four day and the four night schools are to be opened as soon as possible. The capital outlay involved in the scheme is Rs. 11,000 for the training school and Rs. 1,600 for the day and night schools. Though the training school is to be opened on the 1st July Sir Frederick Nicholson wanted to make provision in the current

year's budget for the payment of stipends to men whom he proposed to select at once to be placed under general fishery and socio-economic work at Tanur under Mr. Govindan and others. It does not seem probable that any large expenditure on any of these accounts would be incurred in March and what little may be spent could be met if necessary by reappropriation in the Fisheries budget. If this view is accepted the Home (Education) and Financial Departments may be informed that no sum will be required for the purpose out of the Imperial grant of 5.5 lakhs in the Education budget.

Though the training school is to be opened on the 1st July Sir Frederick Nicholson wanted to make provision in the current year's budget for the payment of stipends to men whom he proposed to select at once to be placed under general fishery and socio-economic work at Tanur under Mr. Govindan and others. It does not seem probable that any large expenditure on any of these accounts would be incurred in March and what little may be spent could be met if necessary by reappropriation in the fisheries budget. If this view is accepted the Home (Education) and Financial Departments may be informed that no sum will be required for the purpose out of the Imperial grant of 5.5 lakhs in the education budget.
