(Designation) President, District Board, Madura.

To The Secretary to the Government of Madras,

HOME (Education) Department.
THROUGH The Director of Public Instruction, Madras.

Sir,

I have the honour to submit herewith a statement showing the amount of grant applied for by the President, Taluk Board, Madura, and to state as follows:-

2. The President, Taluk Board, Madura, states that the amount of Rs. 15,000/- sanctioned for the construction of seven school buildings at Sakkudi, Tirupparankunram (Girls) Madakkulam, Valayankulam, Avaniapuram, Keelmangalam and Kunnathur (vide G.O. Nos. 179/F1. dated 13th March 1918 and 332/Ed1., dated 12th March 1918) is not sufficient to meet the cost of the buildings and hence he requests that Government may be moved to sanction the additional grant

grant of Rs. 8,000/- required for the completion of the said school buildings. A copy of his letter is enclosed.

3. He also sends another application for a grant of Rs. 12,000/- for the construction of four school houses at Chittampatti, Chintamani, Chattrapatti and Viradanur as the necessity for buildings is very keenly felt in the said villages.

4. I therefore request that Government may be pleased to sanction the grant of Rs. 20,000/- asked for by the President, Taluk Board, Madura, and if in view of what had been said in G.O. No. 1106 Home (Education) dated 30th August 1918 it is not practicable to make the grant, the application may be considered while distributing building grants next time.

I have the honour to be,

Sir,

Your most obedient servant,

For President.

In regard to the grant of Rs. 15,000 from Provincial funds towards the construction of 7 school buildings in this Taluk, I have the honour to bring to your notice for favour of moving the Government for the additional amount required for completion of the school buildings.

2. At the time the application for funds was made for the 7 schools in response to your kind call therefor, the amount required was calculated at Rs. 2,000 for an ordinary boys school and Rs. 3,000 for the Board Girls' school at Tirupprankunram. The figures thus adopted in the estimates were in excess of the cost of similar buildings in previous years these figures were based on the then prevailing high cost of materials and labour. Since then there is a further rise in the cost of construction - materials and labour. There is besides the high value of lands to be paid in some cases, where Government lands are not available and acquisition has been necessitated. Additional cost has therefore to be incurred in the completion of the 7 buildings.

3. A revised statement showing the amount of grant already made by Government and the amount still required for completion of the buildings including the cost of acquisition is sent herewith. According to it, a further sum of Rs. 8,000 is required. In the above circumstances the Government may be moved for a further grant of this sum and in the meantime, I request the favour of your kindly arranging for allotting this sum out of the savings of District Board Funds or as an advance to be set off against future grants that may be received from Government.

2. Chotttrapatti.
3. Chintamani. have to be constructed at the earliest opportunity possible.
4. Viradanur.

The cost of the four buildings will roughly amount to -
Rs. 12,000 at Rs. 3,000 each, according to the average cost for
the buildings under construction in the current year and in-
cluding the cost of acquisition of sites wherever necessary.
I therefore request that this application may be kept in view
and included in your recommendations to Government at the
next opportunity.

Submitted.

2. The application for a subsidy of Rs. 12,000 for new buildings may be considered in distributing the provision of Rs. 3,85,000 in the next year's budget for grants to local bodies for the construction of elementary school buildings. The additional allotment of Rs. 8,000 required for the completion of certain buildings may, however, be sanctioned now, the charge being met from the anticipated savings in the current year's provision for subsidies to local bodies.

Subsidy to the Madura District
Board towards the construction
of elementary buildings.

The P.D.B., Madura, applies for
a subsidy of
Rs 8000 towards the completion
of buildings for certain
elementary schools,
Rs 12000 towards the construction
of buildings for four
additional schools.

The D.P.I recommends the pay-
ment of Rs 8000 immediately,
leaving the application
for the balance of Rs 12000
to be considered next year.
Recently, the sum of Rs 22000
reserved for schools for
fisherchildren has been
made available for expendi-
ture on other objects; the
D.P.I has been requested
to submit proposals for the
utilization

utilization of this amount. There are already applications to the extent of Rs. 62,000, which the D.P.I. has been asked to consider ~~in~~ in connection with the utilization of that saving. None of it will therefore be available for meeting the sum of Rs. 12,000 needed by the Madras District Board for new buildings; and it may, as suggested by the D.P.I., stand over till next year. A draft order sanctioning the grant of Rs. 8,000 for incomplete works is submitted below for approval. If approved, it may be sent to Finl for acceptance. After issue, it may be sent to D.M. Deptⁿ for perusal.

Financial Department.

In the distribution of subsidies in 1917-18 to local bodies for the construction of Elementary School buildings, the Madura District Board was given a total subsidy of Rs. 84,290 as shown below for the construction of buildings for 38 Schools. This allotment represented the amount applied for by the Dt Board.

	Amount. Rs.
G.O. 709 Educational Dated 29-5-1917.	6,920.
G.O. 352 Educational Dated 12-3-1918	10,355
G.O. 179 Financial Dated 13-3-18	67,015
Total	84,290.

2. The Madura District Board now states that, in the case of 7 out of the 38 Schools, the actual cost will exceed the grants already given by Government by Rs. 8,000. The D.P.I. recommends the grant of this subsidy.

3. It is submitted that if the grant is sanctioned it will lead to similar claims in regard to the remaining School buildings under the Madura District Board. Similar applications will also be received from other local bodies. Before sanctioning the grant of Rs. 8,000, Home Education may, it is submitted, be requested to consult the D.P.I. whether it will not be desirable to ask the Madura District Board to complete the 38 buildings out of the total Provincial grant of Rs. 84,290 already sanctioned meeting the excess, if any, from the District Board's funds.

We are having the full cost of elementary schools and have funds we cannot distribute upon close of the year. I think we should risk the present and sanction any expenditure that we are satisfied is going to be really useful - that is in this case the full Rs 20,000

as suggested by Int. The additional expenditure may be met from the savings in the provision for secondary school buildings in the current year's budget. The alterations in the draft below are for approval. It may be sent to Int. for acceptance.

It has been decided that grants should not be sanctioned in advance of sanction to plans + estimates. There will be large savings in this provision (at 87 lakhs).
