Madras,

20-2-1919.

From

Col. W.M. Ellis R.E., C.I.E.,

MADRAS.

To

The Secretary to Government,

Public Works Department (General & Irrigation).

Sir,

I send herewith the type script of the manual on Irrigation for the College of Engineering which I was engaged by the Government of Madras to write.

2. It was arranged that my manuscript should be read and noted on in the Office of the Chief Engineer for Irrigation and owing I understand to press of work this is proceeding so slowly that it will still be weeks before it is complete and I therefore send in completed the work I undertook to do and request that you will notify Government in the Educational Department that the work is complete and that payment for the same may be made forthwith. I would ask that payment be made by the 15th March.

Although owing to the great delay which has taken place in reading and noting on the work, I am now submitting it in part unread, I am willing so long as I am in Madras to go through the notes, correct proofs and do anything I can to assist in the production of the manual.

3. The type script of the work has been read and approved by the Principal of the College of Engineering and that officer has addressed the Director of Public Instruction asking that the book be printed as early as possible, and I suggest that the first 8 chapters, which have been noted on, be sent to the press at once and the remainder as soon as the noting in your office is complete. The Principal thinks 1000 copies should be printed as a first edition of the work.

A note on the form in which the work should be printed and of the papers, diagrams &c., comprising it is attached to this

letter.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) W. M. Ellis, Col. R.E.,
