expenses in the
D.E.D.

Submitted to Government in continuation of my letters R. Cl. No. 9/19, dated 18th and 26th February 1919, with the remark that the undersigned is not prepared to recommend the applicant for the post of Professor of Physics in the Presidency College, Madras.

[Signature]
for Director of Public Instruction.

To

The Director of Public Instruction,
Madras.

Sir,

I understand that the post of
Professor of Physics in the Madras Presi-
-dency College will soon fall vacant,
and beg to inform you that I am
desirous of standing as a candidate
for the same. I am at present Assistant
Professor of Physics in the Calcutta
University and I have carried out
five original investigations in Optics,
four of which have already been
published in foreign scientific journals
of the highest standing, such as the
Proceedings of the Royal Society of London,
the Philosophical Magazine, Physical

IX
Review and Nature, I came out
successful also at the last
competitive examination of the Indian
Finance Department and have
now received orders of appointment
as a probationer in that Department.
As my personal inclinations are,
however, still towards teaching and
research work in my own subject
(Physics), I should prefer a post
in the Educational Department,
provided I do not thereby suffer
seriously from the financial
standpoint. If the Government of
Madras deem it fit to offer me the
post of Professor of Physics at the
Madras Presidency College, with a
permanent place in the Indian
Educational Service, I shall be
glad to accept the same. I might

mention here that I have already
 (C) been recommended by the Bengal
 618 Government for a place in the
 135 Indian Educational Service, and
 I have been informed by the Govt.
 of India that my name has been
 registered and circulated to the
 local Governments, so that it only
 remains for a local Govt. to choose
 my name from the list. I request
 a very early consideration of this
 application and an early intima-
 -tion of the Government's orders on
 the same. A detailed list of my
 Qualifications is appended herewith.

I have the honour to be,

Sir,

your most obedient
 Servant

210, Bow Bazar J. K. Chinmayananda
 Calcutta }
 St. 2

List of Qualifications.

1. Passed the B.A. (Hons.) examination of the Madras University in 1916, taking a **First Class** and the **First place** in that class, and securing 72% of the maximum no. of marks.
2. Underwent training at the Teachers' College, Saidapet, and passed the L.T. exam. with a **first class**.
3. Carried out research work since Aug. 1917, and communicated five papers to foreign journals. The references for the same are as follows:
 - a. Resonance Radiation and the Quantum Theory Nature Dec 13/17
 - b. Diffraction of Light by an Obliquely held Cylinder Physical Review Oct. 1918.
 - c. Haidinger's Rings in mica. Proceedings of the Royal Society of London vol. 95.A.
 - d. Flow of Energy in the Electro-magnetic Field &c. Philosophical Magazine Jan'y. 1919.
 - e. Specular Reflection from rough Surfaces. Accepted for publication by the Physical Review.
4. Successful in Finance Dept. Competitive exam. and appointed Probationer in the Indian Finance Department.

Informing -- that other arrangements have ^{been} made
to fill the vacancy in the Professorship of Physics in the Presidency
College, Madras.
