TO,
THE CHIEF ENGINEER,
P. W. D.
MADRAS.

Through :- The Proper channel .

The most humble representation of R. Hanumanta Rao, clerk on Rs 20/- Head quarters Sub Division, Kistna Central Division

MOST HONOURED SIR,

I most humbly beg to bring the following few lines for your honour's kind consideration and favourable orders :-

1. I passed the late Middle School Examination in the 1st class in the year 1889 by which I was qualified under the Educational rules then in force to hold any appointment in the superior Government service.
2. I therefore entered the P.W.D in March 1892 as an acting clerk on Rs 20. Since then I had been in different capacities continuously till confirmed in a permanent appointment on Rs 20 on 9--9--1897. I have therefore put in a ---- service of nearly 27 years in the Department including acting temporary and Sub-protem.
3. On the 1st of July 1894 there was a great change in the Educational rules to the effect that the passing of Middle school in 1st class was not sufficient for confirmation in superior Government service ; So that there were a lot of men who passed Middle school 1st class, but who were thus made ineligible for confirmation in superior service.
4. Subsequently, however, the Government in their Notification No. 73 dated 3rd July 1906 , were pleased to say that the Middle school 1st class men who were on 1st July 1894 acting in superior Government service were eligible for confirmation , if the appointments in which they were -----

Even before 1906 this rule was in force - vide notification on p. 1 of the P.S. No. 174/1904

3

officiating, fell permanently vacant before the termination of their acting incumbency.

5. So that out of the men made ineligible referred to in para 3 above, the Government were pleased to make a certain number of men eligible for confirmation by the notification referred to in para 4.

6. There were still a number of men, who were not officiating in appointments, which subsequently fell permanently vacant. Some of these men had therefore to be specially exempted and on the strong recommendation of Col. W.M. Ellis, the then Executive Engineer, Kistna Northern Division (now retired Chief Engineer for Irrigation) I was exempted in G.O., No. 648-W., dated 4-3-1898 and made --- permanent clerk on Rs 20 from 9-9-1897.

7. The Government in their Educational G.O. No. 301 dated 18-5-1907 have been pleased to give one more concession to the men referred to in paras 4 and 5 above i.e. to make them eligible not only for confirmation but also for promotion to higher grades: There was no ---- difference in the Educational qualifications between men as per paras 4 and 5 above and those as per para 6. Both of them passed the Middle school 1st class. Both of them were in acting or --- temporary superior service on 1-7-1894. But one had the chance of getting confirmed in the appointment in which he was officiating, but the other had to be specially exempted, as he was not acting in similar appointment. It was thus only a chance that made one -- class of men eligible for confirmation and the other ineligible. It was no superiority of Educational qualifications in the one --- or inferiority of Educational qualifications in the other. Although I passed the Middle school Examination in 1st class in the year 1889 i.e. 5 years previous to the change in the Educational rules on the 1st of July 1894 and although I was holding the post of a clerk -- since March 1892 i.e. more than 2 years prior to the above change and was then under the rules then in force eligible to hold higher appointments in the superior service, I was not confirmed for want of vacancy, and I could not therefore derive the benefit of passing the examination long before the change of the Educational rules.

8. Since 1901 I have been drawing Rs 20 and I have several times acted as a Sub Division clerk for a period of nearly 5 years, as a Section I had been maintaining the accounts of the most important works such as the Bezwada water works, Reconstruction of Head works &c., The copies of testimonials enclosed, the opinions of the several Executive Engineers expressed in the Half yearly qualifications reports from time to time, and the special recommendations made by Executive Engineers for promotion to higher grades all go to speak -- well of my hard work and good conduct that I had been maintaining throughout my service.

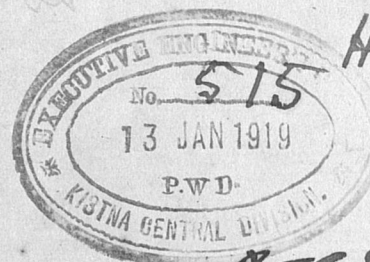

9. Recently the Government was pleased to grant exemptions to some of the clerks in the circle who are my juniors and who are not even equally qualified by Education to hold --- clerical appointments on Rs 30 in the P.W.D.

10. Considering my long service in the Department, higher Educational qualifications over others who have been recently exempted, and the hard and satisfactory work that I have been rendering during the past 27 years of my service, I most -- humbly pray that your gracious honour will be kind enough to extend the same concession to my case also, and exempt me for holding appointment up to Rs 30 in the P.W.D.

I beg to remain,

Most Honoured sir,

Your Most Obedient and Humble servant,

Forwarded to the Superintending Engineer for favour of disposal.
On general principles, I do not see any reason why when clerks referred to in para 4 are allowed to be promoted to higher grades, clerks coming under the class referred to in para 6: should not similarly be allowed to be promoted to higher grades. I would therefore recommend the grant of the exemption prayed for in para 10.

It is of course to be understood that, though the prayer for exemption is granted, promotions will be given effect to only on satisfactory service.

Letter No. 486 dated 18--9--1903 from the Officer -- in charge Muneeru Sub Division, to the Executive Engineer, Northern Division.

I beg to submit for favourable the case of clerk R. -- Hanumanta Rao of this Sub Division. He is now drawing Rs 20 as a permanent clerk V class 1st grade. He has passed --- the late Middle school Examination in the 1st class in 1889 which was sufficient to qualify him to permanent appointment above Rs 20 when he entered the Government service in 1892. But prior to his securing to permanent footing, the rules were changed and he is not now eligible for any permanent post carrying a pay more than Rs 20 he now gets.

He is intelligent and hard working and well understands the work of a Sub Division. Considering the long service and good work he has done, his case seems to be some what hard one and I think he deserves to be exempted from the rules -- for posts on pay for Rs 20-2-30.
