Station Madras, Dated the 21 January 1919.

From (Name) The Hon'ble Mr. H.S. Duncan, M.A.

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

HOME (EDUCATION) Department.

Sir,

In connection with the proposals called for regarding the utilization of the Imperial recurring grant of 5.5 lakhs the President, District Board, Nellore, proposed to open an elementary (mixed) school for Dommara boys and girls at Kalichedu in Rapur Taluk on the ground that the Government Elementary school at that place had been abolished as a result of G.O. No. 1044, Home (Education), dated 4th May 1918 and asked for provision for a headmaster on Rs. 25/-, two assistants on Rs. 15/- each and a peon on Rs. 8/-. It was also claimed that the scale of salaries recommended was lower than that obtaining in the late Government School. The population of the village,

The scale for this was Special -

however, was found to be 1104 only and the number of pupils on rolls in the late Government School 79. I have therefore in my letter R.C. No. 4568/18, dated 29th November 1918 (Statement A) proposed the following scale of expenditure on behalf of this school, putting it on the footing of a girls' school :-

b. 14 of
80. 74
27/1/19

2 teachers (16) and (13)	Rs. 29/- per mensem
Contingencies	Rs. 9/- "
	Rs. 38/- "
Capitation allowance	or Rs. 456/- per annum
	Rs. 100/-
Total	Rs. 556/- per annum

2. The President now informs me that the school is being worked as a board school and that the headmaster on Rs. 25/- joined his appointment on 9th December 1918. In the case of Dommaras it would probably have meant the closure of the school altogether if something had not been done to continue it without a long break and ⁱⁿ this lies the justification of the Board in having anticipated the sanction of Government. The unhealthiness and backwardness of Kalichedu are the reasons assigned by the President for the high rates of pay proposed by him. Making due allowance for these circumstances I consider that it would suffice for the present to staff the school with two teachers on Rs. 20/- and Rs. 15/- and to give them a personal allowance if really essential. Attention in this connection is invited to my letter R.C. No. 6245/18, dated 9th December 1918 submitting proposals for opening schools for the children of criminal tribes in certain districts and it will be seen that for 16 out of the 17 schools mentioned therein a single teacher only on Rs. 15/- has been proposed while two teachers on Rs. 20/- and Rs. 15/- have been recommended for the school at Lakkavaram.

has been decided to reduce these to Rs. 16 & 13.

3. The scale of expenditure proposed on behalf of the Kalichedu school in my letter R.C. No. 4568/18, dated 29th November 1918 quoted above may accordingly be altered as follows:-

3

2 teachers (20) and (15)	Rs. 35/- per mensem
Contingencies	Rs. 9/- "
	Rs. 44/- "
Capitation allowance	or Rs. 528/- per annum
	Rs. 100/-
Total	Rs. 556/- per annum

628

The amount required at this rate from 9th December 1918 to 1st March 1919 will be Rs. 218/- in round number (including cost of equipment) and I have the honour to request that if Government approve my proposal the Accountant-General may be authorized to place this sum in lieu of Rs. 176/- already recommended at the disposal of the District Board, Nellore, for the current year. If the Board run the school extravagantly and start it without sanction (though this was probably necessary) they will naturally have to pay the excess over any reasonable subsidy.

I have the honour to be,

S i r,

Your most obedient servant,

Raam.

In connection with the

for the opening of new elementary

of Primal tribes. The establish-
ment sanctioned for the school

Calculated on this basis, the annual cost works out to Rs ⁶²⁸~~628~~ and the amount required for the current year (including a sum of Rs 100 ^{about} for equipment) is Rs 218. The Director recommends that the latter sum may now be paid to the Board.

3 With reference to this, it is submitted that in connection with proposals ^(for the opening of primary schools) which are separately under consideration, it has been decided to fix the pay of teachers ~~in schools for primary children~~ at Rs 13, where only one teacher is employed and at Rs 16 + 13 where two teachers are allowed. ~~By these rates~~ The latter ~~rate~~ ^{scale} has already been adopted for the school at Kalichedon. ~~But~~

The D.P.S states that "the unhealthiness and backwardness of Kalichedu are the reasons assigned by the President for the higher rates of pay proposed by him". With reference to this, it is submitted that it does not appear that Kalichedu has been recognised as particularly unhealthy. In 1913, proposals were made to govt for the payment of local allowance to the employees in the Kalichedu settlement on the grounds that it was situated in an out of the way place and that all the necessities of life had to be brought from Kellose or Gudur. The govt. did not consider that a case was made out for the grant of local allowances. Subsequently, however, ~~local~~ allowance of Rs 10 and Rs 2 per mensem were sanctioned to the Sub-Asst Surgeon & the Compounders.

respectively, in the settlement. One
of the reasons for the grant of
these allowances was the
expensiveness of living at Koli
chedu. In ~~these~~ view of these
facts, it is for orders whether
the teachers in question
should be allowed ~~for~~ salaries
higher than those sanctioned
for similar schools elsewhere.
As recommended by the D.P.I.
the headmaster's pay may
~~(perhaps)~~ be fixed at Rs. 20; the assistant
may be allowed Rs. 13, the
~~same~~ rate already sanctioned.
If these rates (Rs. 20 + Rs. 13) are
adopted, the subsidy required
for a whole year is Rs. 604
and the amount for the
current year (2 months +
23 day) Rs. 215 (including
Rs. 100 for equipment). This
may now be sanctioned
in lieu of the subsidy of Rs. 136
already sanctioned.

file no. to the D.P.I for perusal of the above & for his opinion as to whether, in the circumstances, it is desirable to fix a higher rate of salary at Kalichedu. The question of the present case being quoted as precedent for adoption elsewhere has to be considered also.

I think the Board should

endeavour to maintain the school on the scale already sanctioned i.e. Rs. 2748.20.19. I have no evidence that teachers cannot be obtained for Rs. 16.13 per month for this place. Even that is the case - if even it is the case - the local body may apply for an increased pay or better still for an allowance for the teachers who are to teach in this place.
