26th June

1918.

The Director of Public Instruction,

M A D R A S.

Sir,

I have the honour to forward herewith a letter from the Rev. Dr Meyer, Convener of the Board of Management of the Basel Mission Schools explaining the inability of the Mission to continue to maintain 14 schools hitherto maintained by them. We greatly regret the necessity for closing the schools. It is partly due to the fact however that Rs.26,000 of the profits of the Basel Industrials had to be paid as super tax last year. This has interfered with the budget of the mission and hence it is compelled to close these schools. I trust that it will be possible for the Local Boards concerned to make some arrangements to take over these schools.

I have the honour to be,

Sir,

Your most obedient servant,

D. G. M. Perth

Sir,

Owing to extraordinary financial difficulties I am
sorry to say that our Mission is not in a position to maintain
all the schools which hitherto have been under its management.
The Board therefore receiving the proposals of the Mission has pre-
pared enclosed list of the schools that are to be discontinued as Mission
schools (I, II, III), and Y, in the name of the Board, have the honour to
offer them to your disposal suggesting that they may be taken over
by the respective Taluk Boards or by Government. The 3 schools in P. Comara
(List III) having proved unsatisfactory as to both their strength & efficiency
have been actually closed by the Mission; the schools in Malabar how-
ever (List I and II) will be continued until your decision in the matter is
received. The particulars contained in the list are chiefly taken from the yearly
accounts for 1917/18 as prepared in the B. M. Secy. Gen. Treasurer's office, Calicut.

* One of the schools on the Nilgiris is added
on a Supplementary sheet (List).

M A D R A S.

Sir,

In reply to Government Memorandum No.1396 B -2 dated the 19th. August 1918, I have the honour to state as follows:-

2. There is at present a District Board School at ~~It~~alar at a distance of about two miles from Nanjanadu and it is maintained by the Board with the aid of a subsidy from Provincial funds. This institution, which has four standards, has at present only 16 pupils on its rolls and the Sub Assistant Inspector of Schools, Nilgiri Range, has already suggested its transfer to Nanjanadu in case the strength does not improve.

p. 12 c. p.

3. The Mission School at Nanjanadu has also the first four standards with 38 boys on its rolls. If it is taken over by the District Board, there would be no need for the Board to maintain a second school at the adjoining village of Ittalar.

Sir,

In reply to Government Memorandum No. 1396 B-2 dated the 19th August 1918, I have the honour to state as follows:-

2. There is at present a District Board School at Ittalar at a distance of about two miles from Nanjanadu and it is maintained by the Board with the aid of a subsidy from Provincial funds. This institution, which has four standards, has at present only 16 pupils on its rolls and the Sub Assistant Inspector of Schools, Nilgiri Range, has already suggested its transfer to Nanjanadu in case the strength does not improve.

3. The Mission School at Nanjanadu has also the first four standards with 38 boys on its rolls. If it is taken over by the District Board, there would be no need for the Board to maintain a second school at the adjoining village of Itthalar.

4. The District Board will have no objection to take over the management of the Mission School at Nanjanadu and run it as a Board School, abolishing the existing Board School at Ithalar, but the Board will not be able to run the Nanjanadu School without the aid of a subsidy from Government.

[No. 1396B]. From the S.P.D., Re No. 26/16 dt. the 4-7-18.

- (I) Please see Gov. No. 1461 Edt, dt. the 24-12-15 in which the Govt. decided to compel the transfer of the hostile mission schools either to their own management or to the management of local Boards. Before these orders could be given effect to, the Missionary Edt Council of South India offered to place the schools (including the Basel German Mission schools) under the management of separate committees for each mission. The Govt. accepted the offer in Gov. No. 253 Edt, dt. 8-3-16 and sanctioned the continuance of the arrangement from time to time. The last sanction accorded in Gov. 336 Home (Edt) dt. 14-3-18 holds good till the 31st March 1919.

2. The Committee of management for the Basel Mission schools now represent that they are financially incapable of continuing the management of a few elementary schools - one in the Nilgiri dt, ten in the Malabar dt and three in the South Kanara dt. The S.P.D. recommends that the schools in the Nilgiri and Malabar districts may be transferred to the Municipality or the District Boards concerned and that the three schools in South Kanara may be closed. South Kanara and consist of a college at Calicut, 13 secondary schools, one training school, and 131 elementary schools. The Committee is apparently able to conduct all these schools except the 14 elementary schools mentioned by them. The date from which they are proposed to be transferred to the local bodies concerned is not stated. It is assumed that the transfer is to take effect from the 1st April 1919 after the expiry of the existing

(F) agreement of the Committee - Cf. G.O. No. 336 D, 14.3.18

3. Attention is in this connection solicited to Sir Harold Stuart's note dt 21-1-16 on page 6 of G.O. No. 253 D, 8.3.16 in which he suggested for consideration three alternative courses on a contingency of the kind now under ^(Lappening) reference. They were -

(1) to allow the schools to continue as teacher-manager schools, or

(2) to supply the education given in the schools to be closed by moderate expansion of other existing institutions, or

(3) to encourage and aid in the opening of new institutions by private persons or committees or by local bodies or by Govt.

There is no information whether the D.P.S. has considered these alternatives. Apparently he is satisfied that the first two alternatives are not feasible and that the transfer of two schools

20

schools in the manner suggested is the only means of meeting the educational needs of the localities concerned. It is not stated how he proposes to supply the education now given in the three schools in the S. Kanara dt. which are proposed to be closed once for all.

4. The additional cost involved in the proposal is estimated at Rs 3,278⁺ per annum. This sum should be distributed as subsidies to the local bodies concerned for the maintenance of the schools transferred to them. The Director points out that the amount may be met from the Imperial recurring grant of 5.5 lakhs.

5. It is for consideration whether the D.P.O may be asked for further information with reference to paras 2+3 above or if not, whether the file may be forwarded to the Lt. Gov. and Finl. Dept. for remarks.

The total expenditure for the ten schools in Malabar and one in the Nilgiris as now estimated by the Collectors of those districts amounts to Rs 7,828 as against the existing expenditure of Rs 5,891 incurred by the Basel mission. This ^(increase) is accounted for by the inclusion in the former of a sum of Rs 1,376 on account of capitation allowances and of the increased rates of pay provided for the teachers.

2. Even at that rate the extra expenditure to be incurred by the Govt. is not much as explained below. The subsidy applied for by the local bodies concerned amounts only to Rs 6,498 or say Rs 6,500 in round figures + Rs 100 applied for by the Nilgiri St. Board for furniture for the Nanjanad school. Deducting from this the teaching grant of Rs ~~3,275~~ ^{2,052} now paid to the mission from provincial funds and Rs 562 realized from fees the net extra expenditure to be incurred from provincial funds will come only to Rs ~~2,661~~ ^{3,806} a year against the Rs 3,275 now met from ~~provincial~~ ^{mission} funds. ^x If the saving in the teaching grant is now paid to the

These schools in P. Kanara which have been closed are taken into account the additional outlay to be incurred comes to Rs 3,512.

3. As regards the rate of pay proposed for the teachers, it is observed that the Govt. have so far fixed a minimum of Rs 12 only to women teachers. In the case of men teachers ordinary not more than Rs 11 is allowed as the minimum.

but in the statement on page 17 c.p. a uniform scale of Rs 12 is proposed. In the case of the Nanjanad school where there is only one teacher a salary of Rs 15 is proposed, apparently owing to the special character of the locality. It is for consideration whether the estimates furnished by the Collectors may be accepted.

4. It is also for consideration whether as regards the Nanjanad school the decision of the St. Board of the Nilgiris on the question of the transfer of the Board school at Italer to Nanjanad may be awaited. If the Board eventually decides to transfer the school to Nanjanad the existing mission school at that place may be closed. This will result in a saving of Rs 300 a year.

As regards the scale of pay suggested by the Collector, I may mention that, if the minimum is fixed at Rs 11/- instead of Rs 12/-, the remainder will presumably ask for a subsidy to raise the pay to Rs 12/- should it be decided to raise the minimum pay of teachers by an additional sum of Rs 1/- from the point of Rs 5.5 lakhs. therefor come to the same thing, but the time and

ORDER.

Mis.

No. 366, dated 22.3.1919.

The papers read above relate to the further maintenance of fourteen elementary schools - three in South Kanara, ten in Malabar and one in the Nilgiris - which were formerly under the management of the Basel Mission. These were temporarily placed under the management of the Missionary Educational Council of South India with reference to G.O. No. 253 Edl., dated 8th March 1916 and subsequent orders. The missionary council having expressed its inability to maintain these schools after 31st March 1919, the local bodies in the districts of Malabar and the Nilgiris were asked whether they would take over the management of the institutions in their respective jurisdiction, and they

agreed to do so.

2. In the meanwhile orders were issued in G.O. No.1067 Pub., dated 29th November 1918 authorizing the transfer, subject to certain conditions, of the control of the religious and educational activities of the Basel Mission in this Presidency to the National Missionary Council of India. That body having now intimated its desire to continue the management from 1st April 1919 of the elementary schools under reference situated in the districts of Malabar and the Nilgiris, the Govt. accept the offer on the conditions imposed by G.O. No.1067 Pub. dated 29th November 1918. The original proposal for the transfer of the schools to local bodies will accordingly be dropped.

3. So far as the three schools in the South Kanara district are concerned, it is reported that in view of their languishing condition, the Missionary Educational Council of South India ^{has} ~~have~~ already closed them, and its action is now approved.
